About Us

Based in Kerala (India), Globe X Gloves is prominent name in industry engaged in manufacturing, exporting and supplying of quality Medical Gloves. The registered manufacturing unit of our company is located Valayanchirangara, Kochi (Kerala). Our company is functioning exceptionally well owing to dedicated efforts and consistent support of our mentor Mr. Anil Kurias.

Additional Information

Customized options are available for Latex Surgical Gloves in terms of size ranging from 6, 6.5, 7, 7.5, 8 & 8.5 and extra small, small, medium & large for Latex Examination Gloves. Material composition of Gloves can also be modified as per specifications provided.

Research & Development

Our continuous research initiatives have contributed in extending scope of improvement to introduce sort of products striking exact requirements of buyers. With our years of valuable experience in research design and development, we have given cost-efficient solutions to variegated customer needs for Medical Gloves. Our research analysts are engaged in conducting market researches to keep a tab on emerging technologies in industry.

Compliance With regulatory Considerations

Strictly in adherence with dictated ISO and ASTM norms, our quality control system and manufacturing processes are organized. Only high-grade and verified raw material is approved to incorporate its usage in fabricating of gloves. Under strict supervision of quality controllers, individual Medical Glove is inspected via air blower to eliminate defects like holes before final dispatch of consignments. Further, enlisted below are some of the parameters considered to mark quality of our offered product line :

Tensile strength | Stretch ability | Dependability | Durability | Shrink resistance | Tear resistance
Dimensional precision | Size

Factory Area

The factory is spread across an area of approx 24,000 sq. ft.

The Team

Experienced professionals from various disciplines are efficiently managing different departments of the company. Shortlisted after strict selection procedure, our team members are trained on regular basis to augment their occupational as well as personal skills. Since inception we have been able to meet and exceed customers' expectations owing to stupendous efforts of our workforce comprising :

- Vendor coordinators
- Engineers
- Administrative officers
- Quality controllers
- Packaging engineers
- Logisticians

LATEX EXAMINATION GLOVES

LATEX SURGICAL GLOVES

We are a prominent Manufacturer, Exporter and Supplier of Latex Surgical Gloves from Kerala, India. Our Surgical Gloves are precisely designed in variegated sizes for comfortable wear. Their soft rubber reduces finger fatigue and increases efficiency. They feature micro rough surface for better grip. These gloves are durable for multiple use. Ensuring complete protection to the hands, our Surgical Gloves are available in sterile and non-sterile latex surgical types. Every glove piece is stringently checked by the experts making it the safest protective hand wear for surgeons. Further, Surgical Gloves are reasonably priced.

LATEX EXAMINATION GLOVES

Our company is bracketed with the prime Manufacturers, Exporters and Suppliers of Latex Examination Gloves from Kerala, India. We precisely design Latex Examination Gloves using 100% pure latex and sophisticated technology. Both powdered and powder free Latex Examination Gloves are available in numerous sizes. Examination Gloves are used during diagnosis, handling instruments and medical procedures. These gloves act as a barrier between the wearer's skin and contagious component preventing it from entering into the body. They are clinically tested and proved safe against dermal sensitization and skin irritation. Owing to our high production capacity, we specialize in fulfilling the bulk orders of Latex Examination Gloves. Also, we ensure safe and timely delivery of the same with our ultramodern transit facilities.
