About Us

Pratham Technologies Pvt. Ltd., was founded in 1988 and is the number one supplier of small paper folding machines in India by market share. The key to our success is undoubtedly our world class product quality and efficient after sales service. More than 60% of our clients repeat sale with us every year. We boast an employee force who are energetic, loyal and dedicated and always hungry for innovation.

Our sales have doubled over the last 3 years, and we've expanded worldwide. Innovation is our passion and every year we invest major portion of our earnings in new products and technologies. Outserts folding machines and carton inspection machines are the recent examples of our diversified efforts to innovate. We have about 40+ different technologies developed so far which can be used in various sectors of print finish and packaging.
