About Us

Samruddhi Industries Ltd. is a one-stop Brand serving the widest array of Unbreakable Plastic Products. We are the pioneer's Manufacturer, Exporter, and Supplier of Unbreakable Plastic Products. We are an ISO 9001:2008 certified company, which abides by the standards no matter what. Not only do we provide a huge assortment of quality products made of premium plastic, but we also ensure that their availability is quite adequate even in the market.

A small inspired group decide to create world class products and ignite the feel of the products of Indian origin. The "MADE IN INDIA" product concept was, is & will be always the recognition of Samruddhi.

We prevail our existence all over India from the snow lad mountains of Ladakh to the beautiful sunset in the crystal clear waters touching the heart of Kanyakumari .

From beautiful Coastal land of Pobandar to the scenic beauty of Silchar.

Samruddhi is Inventor of RRLMS system appreciated & recognized by renowned management institution like IIM

We Invented Plastic Ghamela which change Indian mindset from Iron to Plastic

We are coming to the aid of various industries like Dairy & Food, Pharma, Engineering & Automobile, Agriculture, Construction, Corporate Office, etc.

We bring forth Unbreakable Plastic products for them. Ever since we launched our first Plastic Ghamela along with extensive range of plastic products, including Kitchenware, Furniture, Bathcare, Home Care Accessories and more, our primary goal has been to simplify rural lives. We visualize to see dual growth of the company and our people.
