Manufacturer, Exporter & Supplier

About Us

Medlab Pharmaceuticals specialising in Pharmaceutical Third Party manufacturing, Contract Manufacturing, and Private Label Manufacturing services. We provide comprehensive manufacturing solutions for Pharmaceutical, Nutraceutical, Cosmetic, Ayurvedic, and Herbal products, serving clients across India and international markets.

We help healthcare entrepreneurs, pharmaceutical marketers, distributors, exporters, pharmacies, hospitals, and wellness brands establish and expand their product portfolios under their own brand names. Our end-to-end manufacturing solutions enable businesses to launch high-quality products without investing in manufacturing infrastructure.

Our product range includes Tablets, Capsules, Softgel Capsules, Syrups, Sachets, Powders, Protein Supplements, Nutraceutical Formulations, Ayurvedic Products, Herbal Supplements, Skincare Products, Hair Care Products, Personal Care Products, and various specialized healthcare formulations.

At Medlab Pharmaceuticals, we offer complete support from product selection and formulation development to packaging design, labeling, manufacturing, quality control, and final dispatch. Our experienced team works closely with clients to deliver customized solutions that align with their business objectives and market requirements.

We provide dedicated contract manufacturing services for pharmacies, healthcare organizations, and wellness brands seeking exclusive products under their own labels. Our private labeling solutions help clients build strong brands while ensuring superior quality, attractive packaging, and competitive pricing.

Medlab Pharmaceuticals actively supports export businesses by offering customised manufacturing solutions for international markets. We assist clients with export documentation, private-label manufacturing, packaging customisation, and regulatory compliance requirements.

Medlab Pharmaceuticals is committed to transforming your vision into successful market-ready products.
