

ARYA ELECTRICALS

Arya Electricals is an ISO 9001:2008 Company, established in the year 1993 at Raipur, Chhattisgarh. We specialize in the production and supply of various kinds of all Electrical transformers from 16KVA to 15000KVA up to 33KV & also Star rating Transformer. Under the leadership of experienced engineering team our Company has been successfully meeting the different needs of the Transformers. Today, we are well reckoned as one of the prominent Electrical Power, Distribution & Furnace Transformer Manufacturers (both dry type and Oil Cooled). Also, we are registered with NTPC, SAIL, PWD, PHE & other Govt. Dept.

Arya Electricals is an ISO 9001:2008 Company, established in the year 1993 at Raipur, Chhattisgarh. We specialize in the production and supply of various kinds of all Electrical transformers from 16KVA to 15000KVA up to 33KV & also Star rating Transformer. Under the leadership of experienced engineering team our Company has been successfully meeting the different needs of the Transformers. Today, we are well reckoned as one of the prominent Electrical Power, Distribution & Furnace Transformer Manufacturers (both dry type and Oil Cooled). Also, we are registered with NTPC, SAIL, PWD, PHE & other Govt. Dept.

Infrastructure

We have a well-equipped manufacturing plant with sophisticated machines and testing equipments. Our steady infrastructure is the backbone of our company. We also have a spacious warehouse that can store considerable number of transformers, even for emergency consignments. The infrastructure provides a good working environment.

Team

Our diligent team of technical experts, executives, analysts and other professionals are committed to develop the company further. Our team formulates innovative ideas to develop an efficient range of Transformers. Our dedicated team keeps itself abreast with the changes in the market so as to provide Transformers according to the requirements of the markets.

Quality Assurance

We regard quality as the top most priority. We make use of superior quality raw materials in the production of our various Transformers. The raw materials are put through a series of quality check to retain the features of the finished ARC Furnace Transformers, Oil Filled Distribution Transformers and Electrical Power Transformers. The satisfactions of our customers are building blocks of success of our company. Being a customer centric business entity, we strive hard to render high quality Transformers to our clients. We ensure that the use of our Transformers will help the end-users in giving a cost-effective operation to their business. Our Transformers are available at a reasonable price

DISTRIBUTION TRANSFORMERS

Specifications

Certification	:	ISI Certified
Frequency	:	0-50Hz
Tensile Strength	:	10-15Mpa
Feature	:	Easy To Install, Electrical Porcelain, Proper Working, Sturdy Construction
Current Type	:	Double Phase
Warrenty	:	1yr
Automation Grade	:	Semi Automatic
Production Power	:	16 KVA to Upto1500 KVA

Additional Information

Product Code	:	Distribution Transfo
--------------	---	----------------------

FURNACE TRANSFORMERS

Specifications

Application	:	Industrial/commercial
Packaging	:	Packed in good quality boxes
Cooling Type	:	Dry Type/Air Cooled
Input Voltage	:	440 V
MF Power	:	1750 KW
Transformer Capacity	:	2190 KVA

POWER TRANSFORMERS

Specifications

Certification	:	ISI Certified
Speciality	:	Easy To Install
Usage	:	Industrial Use
Working Frequency	:	50hz
Output Type	:	AC Single Phase
Automatic Grade	:	Automatic
Tensile Strength	:	0-25Mpa
Cooling System	:	Air Cooling
Warrenty	:	1year
Production Power	:	15 MVA
Temperature Capacity	:	High Temperature, Low Temperature, Medium Temperature

DRY TYPE TRANSFORMER

Specifications

Type	:	Dry Type Transformers
Condition	:	New
Feature	:	Easy To Install
Cooling System	:	Air Cooling
Current Type	:	Double Phase, Single Phase, Triple Phase
Automation Grade	:	Automatic

MS SOLAR STRUCTURES

Specifications

Surface Finish	:	Painted
Application	:	Solar Panel
Loading Capacity	:	10-20 Kg/sqr Feet
Design Type	:	Modular
Frame Material	:	Mild Steel
Color	:	Grey

STEEL FRAME STRUCTURES

Specifications

Type	:	Steel Structure Frame
Material	:	Stainless Steel
Shape	:	Oval, Rectangular, Square
Thickness	:	10-20mm
Feature	:	Perfect Shape
Appearance	:	Antique
Finishing	:	Polished
