ABOUT US

Mittal Engineering Industries

MEI

Quality & Satisfaction

Established in 1978 by Mr. R.S. Mittal, Mittal Engineering Industries is the leading company of Rolled Non-ferrous Products situated at Jagadhri in Haryana (India). Mittal Engineering Industries manufactures Copper and Copper based alloys in form of Coils, Sheets, Strips, Circles and Ingots/Billets with a Production Capacity of 10,000 MTPA.

Mittal Engineering Industries has an integrated manufacturing facility from melting, casting to produce wide range of Strips and Coils Ranging from 0.08 mm - 12.00 mm in thickness and from 4.00 mm to 406 mm in width with precise tolerances.

Accredited with ISO 9001 and ISO 14001 certifications, Mittal Engineering Industries have rigorous quality control system assuring its customers an internationally acceptable quality product.

Millions of people everyday use material processed by Mittal Engineering Industries in various forms. Our products are used by BHEL and numerous manufacturers of Electronic, Electrical / Power transmission, Switchgear, HT Capable, Auto components, Railway, Indian Defence, Temples, Handicrafts, Radiators, Keys & Locks, Zippers, Sanitary Fittings, torches and many more.

OUR VISION :

To be a world class company in the sphere of Non Ferrous semis and to create value for all its customers with a passion for excellence.

OUR MISSION :

To exceed our customer's expectations in quality, delivery and cost through continuous innovation and technology up-gradation.

Mittal Engineering Industries is an ISO 9001 : 2015 Certified Company

Name of Managing Partners

Mr. Rajiv Mittal & Mr. Rahul Mittal

Year of Establishment

1998

Nature of Business

Manufacturer, Exporter, Importer & Supplier

Number of Employees

200

Market Covered

Worldwide

◆ Brass Circle

SPECIFICATIONS

Type	Brass Circles
Material	Brass
Shape	Circles
Application	Construction
Feature	Corrosion Resistant, Fine Finish, Good Quality
Condition	New

◆ Brass Coil

SPECIFICATIONS

Material	Brass
Shape	Round
Thickness	2 mm to 0.01mm
Standard width	356 mm
Also available in Width	5mm to 356 mm
Usage	Industrial
Finish	Polished

◆ Brass Hot Rolled Sheets

SPECIFICATIONS

Type	Brass Hot Rolled Sheet
Material	Brass
Shape	Rectangular, Flat
Application	Automobile Industry, Construction
Color	Golden
Condition	New
Features	Corrosion Resistant, Good Quality

◆ Brass Cold Rolled Sheets

SPECIFICATIONS

Type	Cold Rolled Steel Sheets
Material	Brass
Shape	Flat
Application	Construction
Color	Golden
Technics	Cold Rolled
Condition	New
Features	Anti Rust, Corrosion Resistant

◆ Copper Circle

SPECIFICATIONS

Type	Copper Circles
Material	Copper
Shape	Round
Application	Industrial use
Color	Copper
Features	Corrosion Resistance, High Quality

◆ Copper Coil

SPECIFICATIONS

Type	Copper Coils
Material	Copper
Application	Industrial use
Color	Copper Color
Features	Corrosion Resistant, Fine Finish, Highly Durable, Optimum Quality

◆ Copper Hot Rolled Sheets

SPECIFICATIONS

Type	Hot Rolled Sheets
Material	Copper
Application	Construction
Color	Bronze

◆ Copper Cold Rolled Sheets

SPECIFICATIONS

Type	Cold Rolled Sheets
Material	Copper
Application	Constructional, Industrial
Color	Bronze
Condition	New
Features	Corrosion Proof, Excellent Quality, Fine Finishing, High Strength, Perfect Shape
