ABOUT Us

Renowned for manufacturing and supplying a wide range of the best quality products, we at Laduba Industries share a good stand in the market. Established in the year 2018, the company deals in PPCP Virgin D Joint, Laptop Tables, Table Top Wash Basin, Foldable Laptop Stand, etc. Approved for their resistance to high temperature, best strength, and durability, we make sure for the high density is sourced from confidential and reliable vendors in the industry. We are based in Surat, Gujarat (India)

Our services are supported by an ultra-modern infrastructure; we have been able to work to attain the utmost customer approval and satisfaction. To make sure that all ongoing processes are performed in the most streamlined way, we have cautiously divided our infrastructure into different units which include manufacturing, quality testing, research, development, warehousing, and packaging unit.

Consistent operation is confirmed with the assistance of regular up-gradation of our infrastructure with advanced equipment and machinery. Additionally, we have hired a team of skilled professionals to expertly manage the units of our infrastructure in the most proficient way. The final delivery of the product is only made after proper checking.

Under the supervision of our founder, Mr. Rahul Patel, we have been able to answer the special demands of our valuable customers. His knowledge and experience have helped us in getting a commendable stand in the market.
