

DAS Electronics

Empowering Technology

Established in 2008, Das Electronics is a well reckoned manufacturer, exporter and supplier of Metal Detecting systems in Mumbai, India. We are ranked among the most distinguished Metal Detector Suppliers & Exporters. Our Industrial Metal Detectors are widely used in various industries like Food & Beverages, Pharmaceuticals, Garments, Plastic Processing, Packaging industries and other industrial organizations. Our range of products include Metal Detection System, Tablet Deduster, Needle detectors, Food X-ray and Check weighing solutions. With 5000+ installations worldwide we are able to provide solutions to companies by helping them deliver quality to consumers"

Based in Thane, Maharashtra, **Das Electronics** is a well reckoned Manufacturer, Exporter and Supplier of Metal Detecting Systems and Food x ray inspection systems. Their sharp business acumen and strong vision act as a catalyst in the company's growth. Incepted in 2008, the company is successfully matching with the needs of the clients in India and abroad.

Infrastructure

Stretched over an area of 1200 square feet, the sophisticated manufacturing unit of the company has facilities to ensure efficient production. The unit is well equipped with all technologically advanced machinery and equipment for smooth and flawless production process. We keep on upgrading our infrastructure as per the latest advancements in the field.

Team

We have a highly proficient team of approximately 50 employees, who act as our major strength. Our team comprises of professionals like quality controllers, procurement manager and logistics managers, who are experts in their respective fields. The team helps us in assuring that we deliver what we promise and when we promise.

Quality Assurance

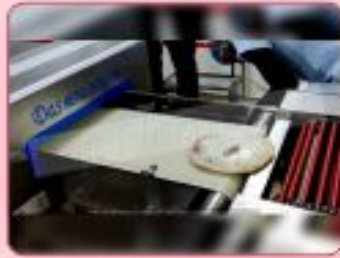

Working with a quality-driven approach, we pay keen attention to the quality of the products. Thus, we ensure high quality standards throughout the production process. Also, we check our products before dispatching the final outcome to the clients.
