The satisfaction level of our clients is clearly evident from by the repeated

orders that we get due to the excellent sales, services, corporate ethics and great customer relationship.

Our Strengths

We are one of the reputed names in manufacturing and supplying of equipment and plants for the animal food processing industry. Following are some of the reasons that have made us the preferable choice for our clients why we are most preferable with our

Clients :

- High performance
- Durable products
- Timely delivery
- Customized solutions (on packaging also)
- Client centric approach
- Ethical business policies
- High quality

OUR PRODUCTS

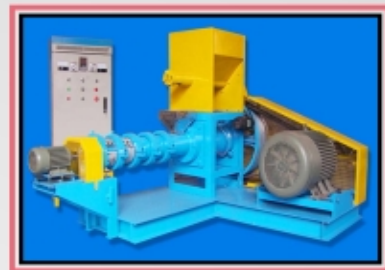

EXTRUDER MACHINE

Extruder Machine finds extensive usage in industries where foods for fishes, prawns, chicken, duck, rabbit, horse etc., are prepared. It is used for the preparation of floating, semi sinking and sinking feed for animals. We are one of the prominent Manufacturers, Exporters and Suppliers of Extruder Machine from Punjab, India. We make available small scale, normal, manual, automatic, fully automatic and various other models of Extruder Machine.

Capacity range :

- 100 KG/H to 10 MT/H]
- Pellet size : 2 mm to 10 mm

MOLASSES PUMP

Molasses Pump finds wide usage in wood pellet, agro waste and animal feed industries. Our company is an eminent name, which is counted among the top Manufacturers, Exporters and Suppliers of Molasses Pump from Punjab, India. Our Molasses Pump is known for its non-corrosive properties and high compressive strength. When it comes to delivery, we make all arrangements for quick shipment of Molasses Pump.

WOOD CHIPPER MACHINE

Wood Chipper Machine is used to crush the agriculture waste and wooden material without leaving behind any moisture. It is the true example of fine conceptualization and engineering. We are named among the renowned Manufacturers, Exporters and Suppliers of Wood Chipper Machine from Punjab, India. We manufacture Wood Chipper Machine using quality approved components and the latest techniques under the strict vigilance of experts.

Capacity :

- 1 MT/H to 6 MT/H

ELECTRICAL CONTROL PANELS

Electrical Control Panels are used to control electrical motors in various industries. Corrosion resistance, sturdy construction and durability are some of the attributes that make our Electrical Control Panels highly popular. We are enlisted among the reputed Manufacturers, Exporters and Suppliers of Electrical Control Panels from Punjab, India. We make available Electrical Control Panels in different specifications. These panels are dust proof and ensure high performance.

Capacity Range :

- 1 K.W.(Kilowatt) to 1000 K.W.(Kilowatt)

PELLET MILL SPARE PARTS

We bring forth Pellet Mill Spare Parts of different types such as eccentric shaft, pellet die, pellet dies & rolls, roller shell as well as press rolls, for use in pellet mills. The best thing about our Pellet Mill Spare Parts is that they are very easy to assemble and disassemble. We are counted among the top Manufacturers, Exporters and Suppliers of Pellet Mill Spare Parts from Punjab, India. Few words that better describe our Pellet Mill Spare Parts are corrosion resistance, robust design and dimensional accuracy.

OUR PRODUCTS

BULK FEED TANKER

We deal in Bulk Feed Tanker of different capacities ranging from 4 MT to 13 MT. We are counted among the top companies, which are engaged in manufacturing, exporting and supplying Bulk Feed Tanker from Punjab, India. With the help of Bulk Feed Tanker, one can save loading, unloading, packing and Ginny bags expenses. We can provide Bulk Feed Tanker in small as well as bulk quantities.

AUTOMATIC BAGGING MACHINE

Automatic Bagging Machine that we offer conforms to the parameters of ISO 9001: 2008 certification. It fills the bags with the help of auto bagging process and slat conveyor. We are an experienced name, which is engaged in manufacturing, exporting and supplying Automatic Bagging Machine from Punjab, India. Our Automatic Bagging Machine is gaining high popularity due to its robust design, corrosion resistance and high compressive strength.

Application Areas :

- Used in wood pellets industry, agro waste industry, animal feed industry

SIEVING MACHINE

We come up with Sieving Machine of different capacities ranging from 1 MT/H to 50 MT/H. It is widely used to separate granules from finish products and raw materials. Sieving Machine finds extensive usage in cattle feed, poultry feed, wood pellet, cement, oil, fertilizer and many other industries. We are reckoned as one of the reputed Manufacturers, Exporters and Suppliers of Sieving Machine from Punjab, India. One can obtain the machine from us the best market price.

CRUMBLER MACHINE

By bringing forth Crumbler Machine in different capacities such as 500 KG/H to 40 MT/H, we have become the first choice for the buyers when it comes to buying it. We are one of the leading Manufacturers, Exporters and Suppliers of Crumbler Machine from Punjab, India. Known for its durability and high performance, our Crumbler Machine is perfect for wood pellet, agro waste, animal feed, flour, rice and many other industries.

PELLET COOLER

The design of our Pellet Cooler facilitates easy operations. It is used in ducting blower, ducting pipeline and cyclones. We are one of the eminent Manufacturers, Exporters and Suppliers of Pellet Cooler from Punjab, India. We have a well-equipped production unit that enables us to produce Pellet Cooler in bulk at a time. We have the capability to deliver retail as well as bulk orders for Pellet Cooler within the stipulated time frame.

Details :

- Capacity Range : 1 MT/H to 50 MT/H
- Horizontal Cooler Capacity Range : 1 MT/H to 10 MT/H
- Application Areas : Used in wood pellets industry, agro waste industry, animal feed industry

OUR PRODUCTS

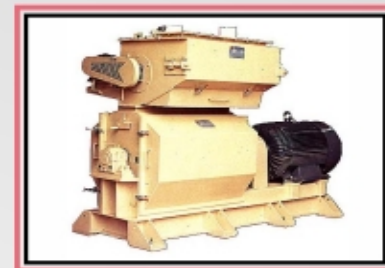

HAMMER MILL

Designed to perfection, our Hammer Mill comprises of two functions such as grinding and grading. The grinding specifications can be adjusted within minutes. We are reckoned among the reputed Manufacturers, Exporters and Suppliers of Hammer Mill from Punjab, India. With the support of our well-equipped production unit, we are able to produce Hammer Mill in bulk at a time. One can place retail as well as bulk orders for Hammer Mill with us.

Highlights :

- Swinging Hammers
- Four Time reversible hardened and shaped for best grinding efficiency
- Simple feeding adjustment

INDUSTRIAL MIXERS

Owing to their salient attributes such as longer service life and high performance, our Industrial Mixers receive high appreciation in the market. These mixers are designed to be used in cattle feed, poultry feed, fish feed and many other industries. We are one of the trusted Manufacturers, Exporters and Suppliers of Industrial Mixers from Punjab, India. The manufacturing and testing of our Industrial Mixers are done under the supervision of experts.

Highlights :

- Designed for trouble-free service
- Unique Tumbling action giving good accurate mixing
- Slow moving "soft mix" action eliminates product damage and degradation
