# ABOUT US

We, Advin Healthcare, are based in a prime location of Ahmedabad, Gujarat (India). Working since 2008, we have made commendable contributions in the medical industry with our products & services. Advin Group

- We, Advin Healthcare, ranked amongst the fastest growing medical companies.
- Advin Health Care is regarded as the one-stop destination for Medical Equipments, Medical Disposables as it caters to the requirements of surgeons and focuses on research & development in the field.

Brilliant Logistics Network With the brilliant logistics network that we are supported by, we are able to deliver even the urgent as well as bulk orders of clients within the stipulated time period. Besides, it facilitates delivery across different countries of the world. Inventory System In order to meet the bulk as well as urgent requirements of clients without any delay, we maintain a sophisticated inventory system. Keeping an up-to-date record of the entire stock of our Urology Products with the assistance of this system simplifies the work.

## Vision :

To provide International quality healthcare products across the globe at affordable price.

## Mission :

- To deliver healthcare products through innovation and constant up gradation.
- To be equipped with technology that matches the best of international standards.
- To serve mankind through products that has a positive impact on people's lives.
- We commit ourselves to total customer care by delivering world-class products and services.

## Work Culture :

- At Advin, our employees are our greatest asset.
- Our success is because of employee efficient and committed working together towards a common goal.
- We have always given importance to helping our team members to learn, innovate, experiment and grow.
- Our workplace encourages knowledge sharing and provides excellent learning & development opportunities.
- Our Core Values are : Excellence, Integrity, Trust, Discipline, Competency, Creativity, Transparency.

**Corporate Goals :** Our goal is to strengthen the health of the country and the entire world by our range of products and services :

- Make health affordable to all.
- Allow access to the best.
- Employ well researched Modern Technology.
- Seamless delivery of Products & Services of International Standards.
- Strive for disease free and healthy millennium.
