About Us

Mahavir Polymers founded in the year 2009, is a leading Plastic Manufacturing Company specializing in the production of PET Box Strapping & PET Agricultural Wire along with providing comprehensive one stop solutions like complete Pneumatic installation for Cotton Ginning Industries. We are also trading Cotton Bale Covers, Pneumatic Strapping Tools etc.

Situated in the prime vicinity of orange city Nagpur (Maharashtra) we are an organization with innovation and conservation at our core. Our team of innovative thinkers and experts leave no stone unturned to develop, design and compile products that suit the requirements of the clients of a wide spectrum of businesses. Mahavir Polymers is the brain child of two young and new age entrepreneurs Mr. Gaurav Zamad and Mr. Sohan Zamad who strive to render path breaking solutions by blending conventional and modern technologies at their disposal. Mahavir Polymers have served numerous companies and business houses by delivering products that are specimens of longevity, trust and efficiency. We have been associated and partnered many projects of national and international repute and contributed towards the development of the industrial , agricultural and allied sectors. Our products have proven their efficiency & have stood the test of time. The company is determined to keep the wheels of innovation and optimum customer service rolling through its futuristic and affordable products.

Our Mission

Our Mission is to make planet earth free from unwanted waste by Recycling 2000 MT of Plastic waste per year by the year 2025 and contribute to the Green Initiatives.

- To make a system for the optimum utilization of natural resources which amplifies the synergic benefits of operations.
- To provide the best possible solutions which are economically viable and highly efficient at the same time.
- To promote sustainable technology through future oriented strategies and practices.

Our Vision

Our Vision is to become a Global Leader Providing Best In Class Products by Continuously adopting Technological Advancements in the Range of Products and Services we offer to Satisfy every Consumer and bring Proud to our country in the World

- To provide cost-effective and affordable box strapping solution
- To follow high standards of business ethics and to promote the synergies of cooperation and coordination
- To keep in mind the societal factors and to render product and services that meet the welfare standards.
- To adopt a holistic approach in project execution ensuring a prolonged association with our clients by providing the optimum value for money.
