

MANUFACTURER,
EXPORTER &
SUPPLIER

About Us

The foundation stone of Mumbai, Maharashtra, India based Das Engineering Works was laid in the year 1988. The company is flourishing under the guidance of Mr. K.V Shivdas (Director). This is because of his sheer dedication and hard work that the company has witnessed great heights over the years. We cater to various industries such as Rapid Transfer Port, Pharma, Marine and Construction industries by bringing forth Industrial Valves, Ninety Degree Bending Fittings, Multi Spring Balanced Seals, Hose Pipes & Accessories, Heat Exchanger, Marine Diesel Engine Spare Parts and many more.

USP Of Our Offered Industrial Products :

- Designed to ensure optimum output
- Compact
- Maintenance free
- Precision engineered
- High in performance
- Durable
- Corrosion resistant
- Low in maintenance

Facilities :

We are sprawling over 2500 Sq. Ft. area and we have segregated our infrastructure as per the functionalities including Procuring Unit, Manufacturing Unit, R&D Unit, Quality Testing Unit, Warehouse, Packaging Unit and Logistics Unit. We have installed ultra modern equipments; maintained by highly experienced staff members presenting only quality-tested Industrial Products as per the international Standards.

Quality Assurance :

Being a quality conscious company, we are committed towards delivering the best Industrial Products. We keep a close check right from the sourcing of raw material to processing until the final delivery. We test the Industrial Products on several parameters such as:

- Durability
- Functionality
- Design
- Capacity
- Construction accuracy
- Leak proof
- Corrosion resistance

Our Team :

Backed by adroit professionals and experts; they utilize most recent machines and pioneering technologies for the fabrication of all our Industrial Products. Our pool of experts is capable of providing customized solutions in terms of the Design, Dimension, Weight, Size and Shape.

Name of Director
Mr. K.V Shivas

Nature of Business
Manufacturer, Exporter & Supplier

Market Covered
Worldwide

Products

Manual Butterfly Valves

Split Butterfly Valves

Long Weld Neck Flanges

Plate Flanges

Automatic Metering Pumps

Products

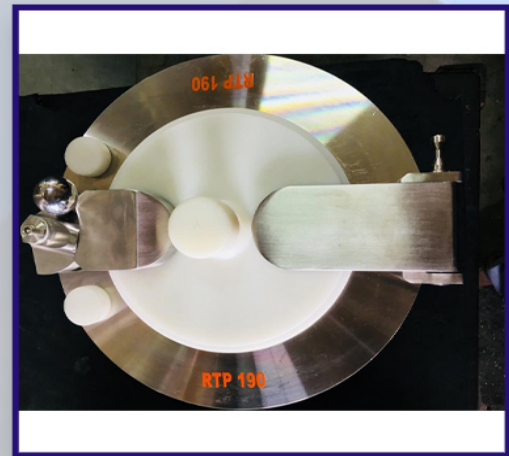

Chemical Resistant Pumps

Dosing Pumps

Horizontal Single Stage Centrifugal Pumps

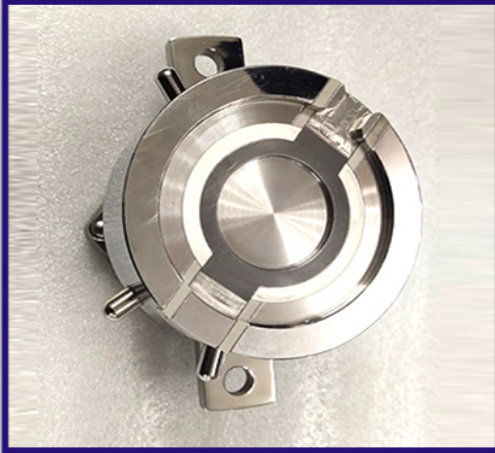

Alpha Port

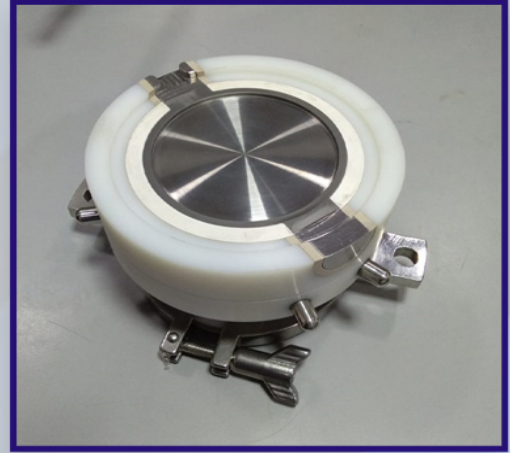

flexible beta

Products

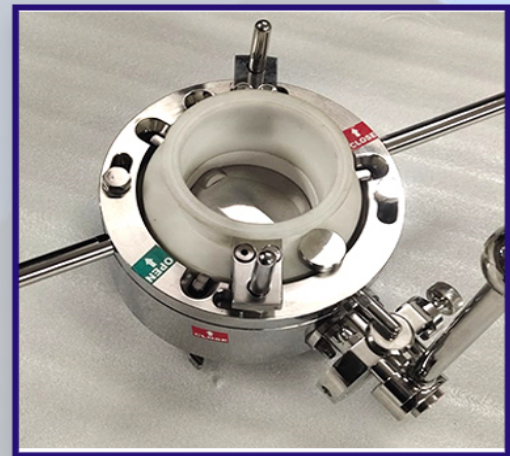

Stainless Steel Passive body

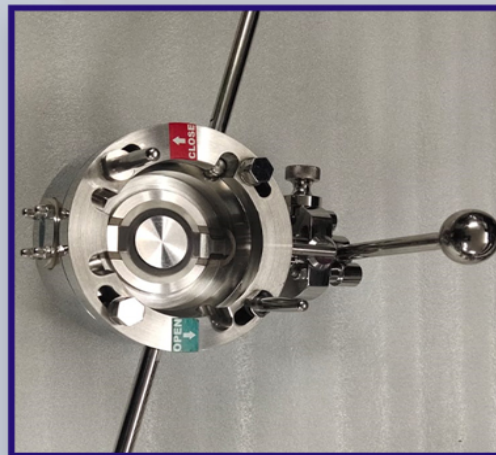

Passive Body Derlin

Rigid Beta Port

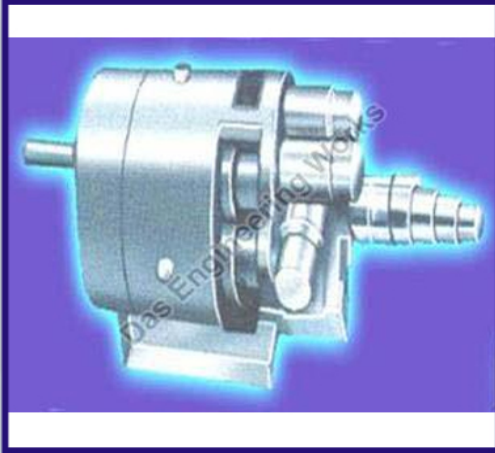

Active Body Derlin

Stainless Steel Active body

Products

Stainless Steel Sanitary Pumps

Exhaust Manifold

Multi Spring Balanced Seals

Hose Pipes & Accessories

Heat Exchanger

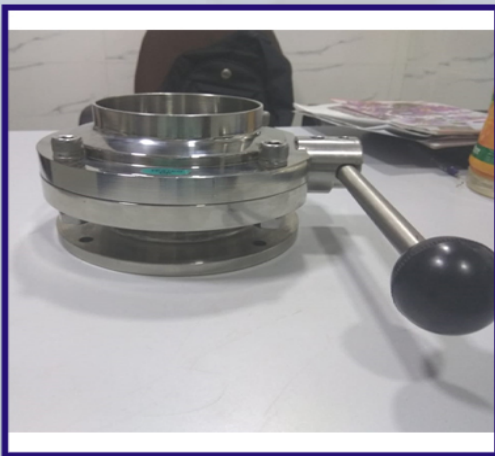

Products

Marine Diesel Engine Spare Parts

Reverse Balanced Mechanical Seals

Stainless Steel Manual Butterfly Valve

Stainless Steel Split Butterfly Valve
