TYPE APPROVED EQUIPMENT FOR INDUSTRIAL X-RAY EQUIPMENT USED IN INDUSTRIAL RADIOGRAPHY

This has reference to your application no. 16-138485 dated 30/05/2016 . In exercise of the powers conferred under Section-16 of the Atomic Energy Act, 1962 read Rule 3 of the Atomic Energy (Radiation Protection) Rules 2004, the Atomic Energy Regulatory Board (AERB) hereby renews Type Approval from radiological safety view point for the Industrial X-ray Equipment Unit Model Dang Dong XXQ 2005 manufactured by Dan Dong Radiative Instrument Co. Ltd., China with technical specifications given in Annexure-I for sale, installation, operation, servicing and maintenance in India.

TERMS AND CONDITIONS

1. This Type Approval becomes invalid if any change is made in Model.
2. The Unit shall be supplied only to the user who has obtained requisite permission from AERB to procure the above equipment.
3. The supply of the said Model after expiry of this Type Approval is conditional upon its revalidation.
4. This Type Approval may be subject to review and modification based on operational experience feedback.
5. The additional terms and conditions as specified in Annexure-II.

ANNEXURE-II

1. The supplier shall ensure prior to the supply of the said unit that the user has valid permission from Radiological Safety Division, AERB, Mumbai to procure the unit and the source.
2. The unit/model shall be installed only at premises authorised by Radiological Safety Division, AERB, Mumbai.
3. The supplier shall be responsible for import, sale, installation, commissioning, servicing and maintenance, supply of spares, source replacement, decommissioning/dismantling of the unit/model and disposal of the radioactive source, as applicable.
4. The supplier shall keep AERB informed about the import, sale, installation, commissioning, servicing and maintenance and performance status of the unit/model.
5. Point 2 of terms and conditions as mentioned in the type approval certificate is applicable to all equipments except cabinet type x-ray inspection systems.
