SALES@OCEANGEOSYNTHETICS.COM

Located in Delhi (India), we, Ocean Non Wovens Pvt. Ltd , were started long back in the year 1999. That we have made a strong foothold in the industry.

Vision

Our vision is :

- ✓ To set unachievable benchmarks in the industry for our competitors
- ✓ To provide qualitative products at the most competitive prices
- ✓ To work relentlessly with a spirit of innovation
- ✓ To provide a rewarding experience to everyone associated with us

Manufacturing Unit

We own a sound manufacturing unit which is situated in a prime location of Delhi. It is equipped with advanced machines, tools and facilities that enable manufacturing of products in tune with the well-defined industry norms & standards. Besides, it has large-scale production capacity.

Quality Assurance

We make sure our clients get the best quality products. For this, our products undergo stringent quality tests at various stages of their production. Further, prior to their final delivery, they are checked on different parameters at our state-of-the-art quality-testing facility.
