

SARTHAK METALS LIMITED an ISO 9001:2000 certified company, established in the year 1995, with the aim of achieving unprecedented success in offering modern Metallurgical Solutions to one of the oldest metal manufacturing industries in the world, i.e., STEEL MANUFACTURING INDUSTRY. The wide range of our products includes Cored Wires, Ferro Alloys, Aluminium Flipping Coils, Wire Feeder Machine, etc.

## SARTHAK METALS LIMITED

Offering Modern Metallurgical Solution for Fine Tuning of Steel

# ABOUT US

SARTHAK METALS LIMITED, a wing of DB Group, was established in 1995 with an aim to provide supreme enterprise solutions in a cost-effective manner. Located geographically in the centre of India's Chattisgarh, we acclaimed excellence and set global benchmarks under the able guidance and interminable endeavor of Mr. Gaurav Agarwal, the CEO of the company. Today, we are renowned for being the best Metallurgical Cored Wire Manufacturer and one of its highly praised Exporters and Suppliers. The wide range of our perpetual products includes Cored Wires, Ferro Alloys, Aluminium Flipping Coils, Wire Feeder Machine, etc.

## Our Mission

At Sarthak, we are passionate about our work. Our team of sharp, creative, experienced and dedicated manpower is driven by a desire to excel. We enjoy our work tremendously; believe strongly in synchronized team work and constantly expand our skill sets.

## Our Vision

The company is committed to cater to the needs of Steel industries. Within short time of existence, it has emerged as a key player in the field of providing Ferro Alloys, Cored Wire, Aluminium Flipping Coils, and Wire Feeder Machines. We offer complete assistance to the industry for secondary

treatment i.e. TEAMING OF STEEL in Steel Melting Shops. "We are dedicated towards delivering optimum service with high quality" is the watchword from every member of the Sarthak family.

We proudly declare that's the users of Sarthak Cored Wire are assured of the highest quality filling element, uniform rate of powder filling, and robust sealing all through the length of wire.

## Infrastructure

Our profound infrastructure is the backbone of our company. We have a well-equipped metallurgical wire manufacturing mill with a manufacturing capacity of 300 metric tonnes per month. This helps us deliver on-time services to our clients.

## Quality

Our prime motto is to deliver our clients optimum quality products. Accredited with ISO 9001: 2000 certification, we are a reliable company. We have a fully equipped laboratory to conduct physical and chemical test to deliver 100 % in-house checking.

Further to ensure the high quality of our products, we are also engaged in performing routine tests. Our routine tests include incoming raw materials. The physical and chemical composition of the chemicals is analyzed. Apart from this, the finished products are also checked, with regard to certain physical parameters.

The checks and tests are carried out by our qualified and experienced workforce with the use of automatic electronic test devices.

### Clientele

We are a well-established company, dealing with varied filling powders for the steel companies. This in turn has enabled us to build a list of eminent clients around the country and across the globe :

- SAIL Bokaro Steels Ltd. (Bokaro)
- Jindal Steel & Power Ltd. (Raigarh)
  - ISMT Ltd. (Pune)
  - ESSAR Steels (Hazira)
- TATA Steel Ltd. (Jamshedpur)
  - Bhushan Ltd. (Chandigarh)
- SAIL-Vishvesariya (Bhadravati)
  - SAIL - BSP (Bhilai)

# OUR PRODUCTS

## Calcium Silicide Cored Wire (CaSi)

Material	:	Alloy
Purity	:	95%
Grade Standard	:	Technical Grade
Si	:	55-60%
S & P	:	0.3%

## Calcium Iron Cored Wire (CaFe)

Calcium Iron Cored Wire (CaFe) that we offer find many applications in the Steel industries, especially as fillers. We are one of the top-notch Manufacturers, Exporters, and Suppliers of Calcium Iron Cored Wire (CaFe) from Chattisgarh, India. We strive for quality and keep all our production processes in line with the international standards.

## Ferro Titanium Cored Wire

Ferro Titanium Cored Wires, we offer, are the ideal kind of Cored Wires available in the market. These high-quality Cored Wires are fabricated in accordance with the quality norms, using premium ingredients. They are reliable and are doled out quality tested and assured, with the best physical and chemical characteristics. We are often called as the premier Manufacturer, Exporter, and Supplier of Ferro Titanium Cored Wires from Chattisgarh, India.

# OUR PRODUCTS

## Ferro Boron Cored Wire (FeB)

Being produced from A-grade virgin metals, our Ferro Boron Cored Wire (FeB) are deemed to be the best available in the market. The Cored Wires are ensured to comply with all the applicable standards of quality. They are packaged in a foolproof way, considering all the factors that can affect their quality. We are enlisted with the topmost Manufacturers, Exporters, and Suppliers of Ferro Boron Cored Wire (FeB) from Chattisgarh, India.

## Carbon Cored Wire (C)

Our Carbon Cored Wire (C) is offered with the desired chemical composition, which constitutes high percentage of Carbon. The Cored Wire features precise specifications. It is ensured to be fabricated under quality-controlled conditions. And, it is offered enclosed in the packages that protect the Cored Wire from moisture and damage. We are associated with the league of #1 Manufacturers, Exporters, and Suppliers of Carbon Cored Wire (C) from Chattisgarh, India.

## Sulphur Cored Wire (S)

We are engaged in making available the best quality Sulphur Cored Wire (S) in the desired characteristics to the length and breadth of the country and abroad. We are one of the renowned Manufacturers, Exporters, and Suppliers of Sulphur Cored Wire (S) from Chattisgarh, India. The Sulphur addition to the Cored Wires improves the machinability of the output. This makes them quite desirable in the Steel industries.

# OUR PRODUCTS

## Calcium Solid Cored Wire (Ca)

Calcium Solid Cored Wire (Ca), we offer, are of superior quality and are passed through stringent quality tests so that it is ascertained that the quality parameter remains uncompromised. The Cored Wires are appreciated for delivering high performance and hassle-free operations. They are reliable and efficient. We are reputed to be among the premier Manufacturers, Exporters, and Suppliers of Calcium Solid Cored Wire (Ca) from Chattisgarh, India.

## Calcium Aluminium Iron Cored Wire (CaFeAl)

We make available high-quality Calcium Aluminium Iron Cored Wire (CaFeAl) to the length and breadth of the country and abroad. We are enlisted with the top-notch Manufacturers, Exporters, and Suppliers of Calcium Aluminium Iron Cored Wire (CaFeAl) from Chattisgarh, India. The Cored Wires are characterized by uniform density and are employed for a variety of applications. They are made of premium materials, in compliance with the norms.

## Ferro Silicon Magnesium Cored Wire (FeSiMg)

Buy the finest Ferro Silicon Magnesium Cored Wire (FeSiMg) at affordable prices from us! We are identified as the reliable Manufacturer, Exporter, and Supplier of Ferro Silicon Magnesium Cored Wire (FeSiMg) from Chattisgarh, India. We fabricate the Cored Wires from high-grade metals, in adherence to the best standards. We offer them in varying Wire sizes to the global market. And, we can make them available in the desired packaging types.

# OUR PRODUCTS

## Lead Cored Wire (Pb)

The Lead Cored Wire (Pb) that we bring forth are reckoned to be defined by the best match of physical and chemical properties. The Cored Wires are ensured to be stored properly, under the best conditions. They are handled with care, and their elongated shelf life preserves their qualities for a long period. We have carved a niche in the market as the well-known Manufacturer, Exporter, and Supplier of Lead Cored Wire (Pb) from Chattisgarh, India.

## Aluminium Flipping Coils

Our Aluminum Flipping Coils are counted among the best Coils available in the global market, brought afore especially for the Steel industries. These Coils conform to all the international standards. They are procured from trusted sources. Their quality and shelf life is ensured to be the maximum. We are one of the Aluminium Flipping Coils Manufacturers, Exporters, and Suppliers from Chattisgarh, India.

## Wire Feeder Machine

With an impressive speed that could be adjusted anywhere between 0 to 300 meters per minute, our Wire Feeder Machines are definitely taking over the market. We are a Manufacturer, Exporter, and Supplier of Wire Feeder Machines from Chattisgarh, India. We offer the Machines that are known for drawing wires of 5 to 15 mm diameter. The Machines succeed in bringing about the output by the forward and reverse movement.

Details :

- 2 Strand & 4 Strand machines
- Provision for inching

# OUR PRODUCTS

## Ferro Aluminium

With an aim for bettering the quality of steel, we plunged into making available premium Ferro Alloys at the disposal of steel-making industries. In the lot, we have specialty Ferro Alloy Ferro Aluminium. We are reckoned among the distinguished Manufacturers, Exporters, and Suppliers of Ferro Aluminium from Chattisgarh, India. The resultant Alloy is a symphony of iron and aluminium. We offer the Alloy in varying forms: piglets, lumps, and chips.

## Ferro Silicon Magnesium

Nodules formation had never been so satisfying before the introduction of quality Ferro Silicon Magnesium. The Alloy, we offer, is renowned for lending the desirable flexibility to the ductile iron. We are counted among the chief Manufacturers, Exporters, and Suppliers of Ferro Silicon Magnesium from Chattisgarh, India. We bring forth precise grade of Ferro Alloy and make it available in varying sizes right across the globe.

## Ferro Titanium

From stabilization to deoxidation, grain-size control, and carbon & nitrogen control, our Ferro Titanium is reckoned to be highly useful in the steelmaking industries. The Alloy that we offer is made up of premium metals, including iron and titanium. It is offered in varying sizes, ranging from 10 mm to 80 mm. We are amongst the credible Manufacturers, Exporters, and Suppliers of Ferro Titanium from Chattisgarh, India.
