ABOUT OUR COMPANY

Since its establishment in the year 1990, C. M. Engineering Works has forged long-lasting contacts with the clients. Located in Rajasthan (India), the company operates successfully all throughout the country.

Manufacturing Unit :

We own a state-of-the-art manufacturing unit which is spread over a wide area of land. The unit is upgraded with all the latest machines and technologies at regular intervals of time to ensure smooth as well as bulk production.

Our Team :

The credit for the company's success goes to our team of highly experienced professionals. Our experts employ all their knowledge and vast industry experience to ensure maximum production of high-quality products. Besides, the team checks the products on international standards before approving them for delivery.

Why Prefer Us?

The company enjoys a huge clientele owing to the factors mentioned below :

- Qualitative range of products
- Competent workforce
- Quality controllers
- Timely deliveries
- Nominal prices
- Ethical business practices
- Excellent track record
- Wide client base

Crusher Hopper

Being an ISO 9001:2008 certified company, we are engaged in manufacturing and exporting high quality Crusher Hopper in the global market. These machines are precisely engineered by using finest grade of raw materials and latest technology in tandem with international quality standards. Owing to its efficiency and durability, these machines are widely used in various construction sites. We offer this Crusher Hopper in varied sizes and other specifications at market leading price.

Features :

- Application
- Specific designs
- Less maintenance
- Sturdiness

Grizzly Feeder

We are professionally managed organization indulged in manufacturing and supplying wide gamut of Grizzly Feeders, which are manufactured using quality tested raw materials and advanced technology. Used for regulating the feeding of jaw or cone crusher, these feeders also regulate the feed rate to the crusher by eliminating waste materials. The offered range of Grizzly Feederism available in different designs, shapes and sizes to cater to the diverse requirements of esteemed customers.

Features :

- High speed
- Performance Superior
- Efficiency
- Durable quality

Single Toggle Jaw Crusher

Being the pioneer in this domain, we are actively committed towards manufacturing and exporting high quality Single Toggle Jaw Crusher. This machine is precisely manufactured by our professionals using optimum quality raw materials in conformity with international quality standards. Our offered machines are extensively used in construction industries for material crushing. To ensure quality and flawlessness, the entire range of Single Toggle Jaw Crusher is well tested against various quality parameters.

Features :

- Consumes less power
- Low operating cost
- Easy to maintain

Double Toggle Jaw Crusher

Being the pioneer in this domain, we are actively committed towards manufacturing and exporting high quality Single Toggle Jaw Crusher. This machine is precisely manufactured by our professionals using optimum quality raw materials in conformity with international quality standards. Our offered machines are extensively used in construction industries for material crushing. To ensure quality and flawlessness, the entire range of Single Toggle Jaw Crusher is well tested against various quality parameters.

Features :

- Consumes less power
- Low operating cost
- Easy to maintain

Cone Crusher

Based in Rajasthan, we are one of the acclaimed names in the industry for manufacturing and exporting quality assured Cone Crusher, which is used for crushing ores and rocks. Our offered crushers are engineered using utmost quality raw materials in synchronization with international standards. In order to ensure quality, the entire range is rigorously tested on various parameters by our quality controllers. Keeping in mind the diverse requirements of our clients, we provide this Cone Crusher in various sizes and technical specifications.

Features :

- Highly effective
- Low operational cost
- High productivity

Vibrating Screen

We are enlisted amidst the well reputed manufacturers and suppliers of Vibrating Screen in the competitive market. Using high grade components and ultramodern machines, these screens are manufactured at our premises in line with the set industry guidelines. To ensure the flawlessness of the screens, we stringently test these on varied parameters. Suitably used for sieving heavy ores, this Vibrating Screen can be availed from us at market leading price.

Features :

- Rigid and vibrating
- Resistance screen body
- Durable & sturdy
- Resistance to adverse conditions

Roll Crusher

We take immense pleasure in introducing ourselves as one of the prominent manufacturers and suppliers of Roll Crusher. The offered crushers are commonly used in mining industries for fine crushing. These crushers are manufactured using genuine quality raw materials that are obtained from the trusted vendor base and by employing advanced technology. Designed for handling medium as well as hard feed materials, this Roll Crusher is available in variety of sizes and other specifications.

Features :

- Utmost efficiency
- Reliable performance
- Easy to operate

PRODUCTS
WE DEALS IN

Water Tanker

We offer a wide range of excellent quality products that are designed and developed under the vigil eyes of quality examiners. Manufactured using the best grade raw material and advanced technology, our Water Tanker can carry 3500 to 14000 Ltrs. The organization has laid its foundation stone in Rajasthan(India) and covers a wide area for catering to the customers.

PRODUCTS
WE DEALS IN

Laser Land Leveller

We make sure that the products we offer to our clients will remain free from any kind of damage. Thus, we store the entire lot under secured environment in our capacious warehouse. We offer simple and completely secured payment system that will allow you to make use of PINless debit cards, credit cards, credit card, debit card and smart card. Our professionals and experts timely supervise the transactions to ensure complete safety.

PRODUCTS
WE DEALS IN

Agriculture Cultivator

We share a forefront with the famed organizations, supplying superior quality Agriculture Cultivator at affordable rates. We have developed our own payment procedure that have options like credit cards, purchase cards, PINless debit cards, bank account transfers and more to suit varied requirements of the clients.

PRODUCTS
WE DEALS IN

Backhoe Loader

In order to keep up the high-standards, we ensure from the very beginning that the raw materials used are as per the international standards. By this, we are capable of delivering the finest array of products. Owing to our sound quality system, we are capable of carrying out strict quality analysis of the product basket.

PRODUCTS
WE DEALS IN

Chaff Cutter

Whether it is a bulk or retail order, we can deliver it on time. We have transportation resources on standby all year round to ensure hassle free distribution of our product. We have hired experienced personnel to handle and supervise the task of packaging in a systematic order. Thus, there are minimal chances of damage from our end as our experts check the entire lot before dispatch.

Disc Harrow

Our storage unit is inclusive of all required amenities essential for a safe storage of the products. The unit is supervised by efficient personnel ensuring zero damage to the stored items. We have advanced packaging systems available to make sure that the products are packed using the experts approved packaging stuff. We source the material from the leading vendors in the industry.

PRODUCTS
WE DEALS IN

Paddy Thresher

Our payment terms are clear and the methods we use are practical. New customers can connect with us any time for further payment related queries and learn about our policies. For our buyers in Jaipur(India) and other markets, we provide a vast array of the product at competitive prices.

PRODUCTS
WE DEALS IN

Seed Drill

Only quality packing material has been used for the packing of the products. Customers can stay rest assured for the safe delivery of the orders as our experts keep a vigil eye on the entire procedure. Along with a spacious warehouse, our efficient Warehouse Management System helps us in keeping a track of all the products. We stringently maintain inventory by recording warehouse transactions and delivery of goods.

PRODUCTS
WE DEALS IN

Tractor Rotavator

We are involved in providing excellent grade range of products from our facility in Jaipur(India). Due to our streamlined packaging system, we are capable of meeting both standard and customized packing needs of the clients. Moreover, we make use of quality packaging material.
