

LOKENATH PATTERNS & CASTINGS PRIVATE LIMITED

Lokenath Patterns & Castings Private Limited is recognized as a prime Manufacturer, Exporter and Wholesaler of a broad array of ALUMINIUM SAND CASTINGS, ALUMINIUM GRAVITY DIE CASTINGS, BRONZE CASTINGS, ALUMINIUM MOULDS & PATTERNS that is required by diverse industrial segments.

COMPANY PROFILE

LOKENATH PATTERNS & CASTINGS PRIVATE LIMITED

was established in 2001 and since then it has been driven towards catering to the varied needs for Die Casting and Moldings across industries. Due to the leadership and enterprising skills of Mr. Lakhan D. Menaria, the company continues to bring forth the power of technology combined with human expertise to deliver the best to the clients.

INFRASTRUCTURE

Our sound infrastructure consists of a manufacturing unit that is equipped with state-of-the-art machinery to churn out products of the highest standard in the shortest time. The machinery at our unit comprises the following :

- Lathe machines
- Welding machines
- Cutting machines
- Special purpose machines
- Drilling machines

TEAM

We are backed by the expertise of a team comprising experienced design engineers, technicians and quality control executives that works in close proximity to ensure consistent production to fulfill the demands of the clients. They even exceed their efforts towards understanding what works specifically for a particular client and help by guiding them in the purchasing process.

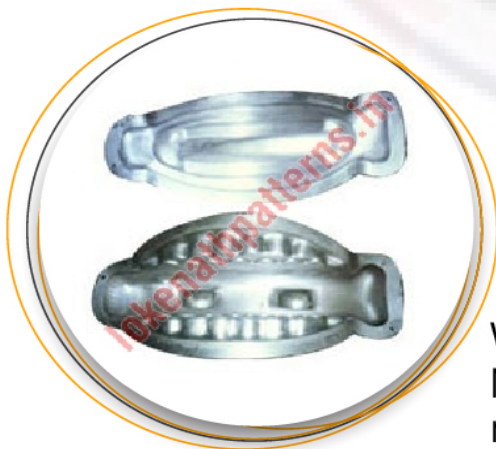

Name of Owner	Mr. Lakhan D. Menaria
Establishment Year	2001
Nature of Business	Manufacturer, Exporter & Wholesaler
Market Covered	Worldwide

ALUMINIUM MOULD

Backed by the power of modern technology along with the experience of a proficient team, our Aluminium Moulds are fabricated to serve a host of applications. Offered in an array of designs, sizes, finish and other specifications, our Aluminium Moulds suit the specific needs of a diverse clientele. Consequently, we have emerged as a major Aluminium Mould Manufacturer, Exporter and Supplier from India.

CAST ALUMINIUM MOULD

Designed to offer low machining cost, the matchless quality of our Cast Aluminium Mould is highly appreciated by various industries. We undertake rigorous checking of the raw materials and finished Cast Aluminium Mould to offer the best to the clients.

INDUSTRIAL ALUMINUM MOULD

We manufacture and export moulds for ROTO MOULDING that is suitable for the process of plastic rotational moulding due to its excellent properties of heat resistance. Manufactured in compliance with set industrial standards, our Industrial Aluminum Mould continues to be demanded all over the world.

INDUSTRIAL METAL CASTINGS

We are a leading Industrial Metal Castings Manufacturer, Exporter and Wholesaler from India, dealing in a varied range. Designed to function for a long time, our Industrial Metal Castings continue to be held in the highest esteem by clients due to their quality. We ensure that our Industrial Metal Castings are manufactured to provide flawless output, which helps to speed up the production at the clients end.

Range :

- ▶ Aluminium Gravity Die Castings
- ▶ Aluminium Sand Castings
- ▶ Bronze Castings

FOR MORE DETAILS PLEASE CLICK ON THE LINKS GIVEN BELOW

INDUSTRIAL METAL CASTINGS

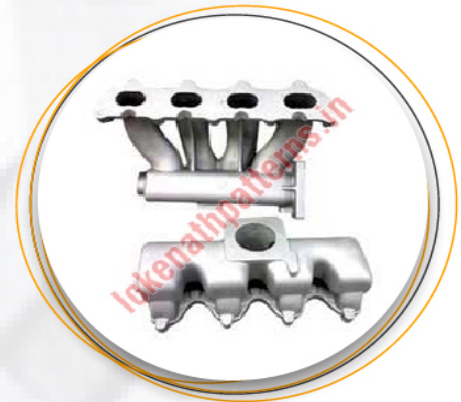

ALUMINIUM GRAVITY DIE CASTINGS

We bring forth a comprehensive array of Aluminium Gravity Die Castings, which is highly appreciated by the clients due to its high quality. Manufactured using top-grade materials, the Aluminium Gravity Die Castings are manufactured with utmost care, so that they perform well in field.

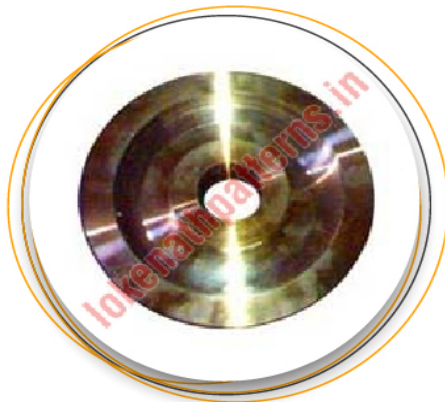

ALUMINIUM SAND CASTINGS

Aluminium Sand Castings is manufactured from the formation of sand mixture mold and making a cavity in which the liquid metal is poured in the molten state. Leveraging on the power of advanced technology, we are able to provide Aluminium Sand Castings in a multitude of shapes, designs and sizes to suit every requirement.

BRONZE CASTINGS

We are counted amidst the preeminent Bronze Castings Manufacturers, Exporters and Wholesalers from India. We bring forth a diverse range of Bronze Castings in assorted sizes, designs and make to suit different applications. Tested for quality on stringent parameters, our Bronze Castings are provided in flawless condition to the clients.

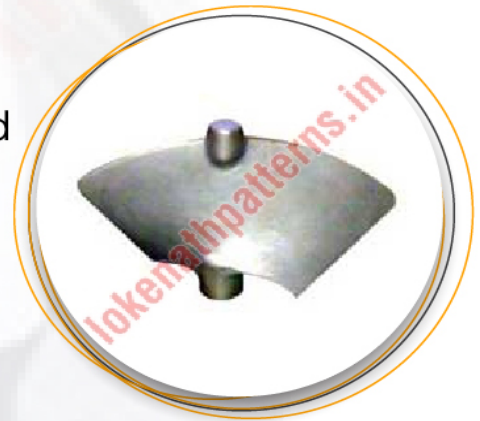

INDUSTRIAL METALLIC PATTERN

We are recognized amidst the topmost Industrial Metallic Pattern Manufacturers and Exporters, bringing forth a qualitative range. Designed to offer superior performance and accurate molding, our Industrial Metallic Patterns are highly demanded by various industries. Available in various sizes, dimensions and designs, these are made in accordance with set industrial standards.

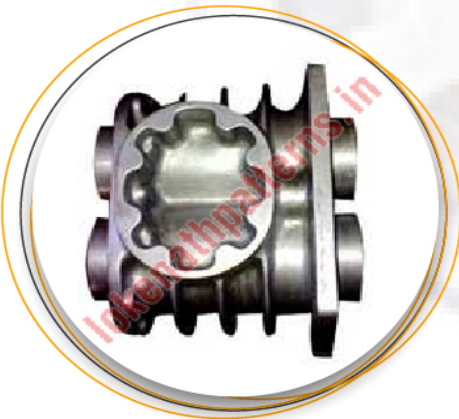

METALLIC PATTERN

We bring forth Metallic Pattern, which is manufactured using top grade metals under strict supervision. Metallic pattern serves the purpose of efficiently moulding the sand mixture & giving superior casting surface finishes.

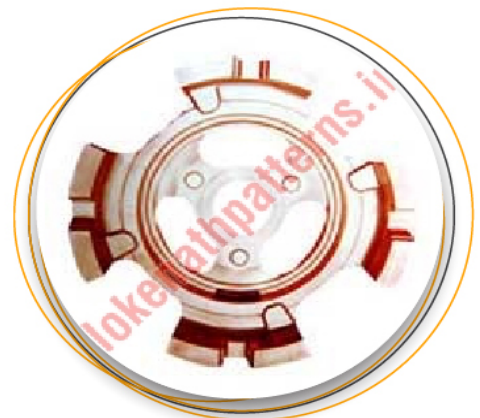

INDUSTRIAL METALLIC PATTERN

With accurate dimensions and perfect finishing, the performance of the Industrial Metallic Pattern is enhanced resulting in a qualitative performance. The Industrial Metallic Pattern is made available by us in various designs to suit diverse industrial needs as per the 2D drawings or solid model data of the customer.

CLUTCH COVER

We manufacture and export Clutch Cover patterns that are designed to be suitable for manual and machine molding purposes. Use of premium raw materials like gun metals imparts strength and durability to the Clutch Cover patterns, resulting in its remarkable performance.

INDUSTRIAL WOODEN PATTERN

WE OFFER :

- ▶ Follow Board Mounted Wooden Patterns
- ▶ Parting line Wooden Patterns

SPECIALTY :

- ▶ Dimensional precision
- ▶ Molder friendly design
- ▶ Minimum maintenance
- ▶ Resistance to stress
- ▶ Resistant to termites and other insects
- ▶ Long service life

FINDS APPLICATION IN :

- ▶ Hydroelectric plants
- ▶ Locomotive industry
- ▶ Power Generation Industry
- ▶ Cryogenic Applications
- ▶ Machine tools industry
- ▶ Petroleum industry
