

*Brass Gas Parts manufacturing company*

Paras Industries

[www.parasindustries.com](http://www.parasindustries.com)

PARAS INDUSTRIES was incorporated in the year of 1983, with a vision to cater to the needs of Brass Gas Parts, Brass CNG Parts in the market. With our sheer drive, we have reached the paramount of success, now we are known as the prestigious dealer in the international market. We have laid the foundation of our company in Jamnagar Gujarat, also a huge trade hub, which enables us to cater our clients easily located in the various countries. We have started our venture under the successful headship of Mr. Ajay M. Shah, the CEO, whose capability and guidance has made us the prominent corporate house in this field.

### **INFRASTRUCTURE**

We are backed by the robust infrastructure, which comprises state-of-the-art manufacturing unit, offices and warehouses. Our manufacturing unit is integrated with sophisticated machines, which are capable of producing bulk of products in short span. Our well-established warehouses store the products safely. Moreover, our huge and secured warehouses facilitate us to fulfill the demand of the clients in short notice.

### **QUALITY CONTROL**

We have sophisticated equipment ensure the quality and durability of the component. From the beginning of the procurement till the production of end product, we stringently vigil the each procedure to ensure the finest quality is reaching to the customers. Our highly professional quality-check team thoroughly checks the quality of the raw material and the finished product. It uses various kind of equipment to ensure the quality at various stages of the production is specified below :

- "Mitutoyo" Vernier for dimension control
- "Mitutoyo" micro meter for dimension control
- "H I P" Plug Gauges to control internal threads
- "H I P" Ring Gauges to control external threads
- Plane Gauges to measure internal diameter & outer diameter

### **NETWORK**

Our business network is huge and well-knitted. We are in coordination with a large number of agents and dealers, who are reliable and spread across the world. Our trust-worthy agents help us to reach our clients located in distinct places, and with their help we able to cater the client in stipulated time. Adding to this, we have a very efficient marketing team, which remain in touch with clients even after the delivery of the consignment.

## Brass Pen Parts

Brass Pen Parts are made as per the Customers Drawing, specifications and dimensions. Top Button, Nozzel, Pen Body, Middle Ring. We can supply these parts with excellent finishing and buffing. Gold Plating and Nickel Plating is also available.

### Material

- IS 319 Brass Free Cutting
- High Grade Free Cutting
- As per Customers Compositions

### Length/Size

- As per Company's Drawing & Requirement

## Brass Gas Parts

We are the prominent Manufacturer and Exporter of Brass Gas Parts in India, which are known for their durability and strength. Our Brass Gas Parts are precisely engineered by the efficient team of engineers. We utilize the finest quality raw material for manufacturing them, which is procured from the reputed vendor. You can avail this exceptionally well-fabricated Brass Gas Parts from us at very competitive prices.

### Salient Features :

- Maximum durability
- Tensile strength
- Dimensionally accurate
- Precision engineered
- Good quality of raw material
- Cost effective

**Apt For : Gas Meter : G-1.6, G-6, G-10, G-25 etc**

### Available In :

- Various dimensions and sizes
- Customized as per the clients' drawings & requirements

## Brass CNG Parts

Avail from us the optimum quality Brass CNG Parts, which is made of the best raw material. Known for its strength and high functional life, our Brass CNG Parts are known world wide for their maximum sturdiness. Our Brass CNG Parts has carved a niche in the market due to its quality and cost effective prices.

**Silent Feature :** Sturdy construction, Highly durable, Qualitative raw material, Corrosion resistant, Cost effective

**Available in :** Elbow Square, Round Body, Hex Lock Nut, Bull Bort, Adaptor Round, Bull Bort Adaptor Hex, Piston, Brass Hose Nipple, Brass Refilling Body, Distributor Body, Headed Screw, Brass Tee, Brass Distribution Body, Brass Control Valve, Cable Connector, Brass Plunger, Brass Output Body, Brass Shut Off Pin, Brass Fixing Hex

**Length/Size :** Various dimensions and sizes, As per the specifications of the client

## Brass Automobile Parts

We are a prestigious company engaged in manufacturing of the optimal grade of Brass Automobile Parts, which is highly demanded in the market due to its quality and durability. Our Brass Automobile Parts is manufactured using the finest quality raw material.

**Important Features :**

- Sturdy
- Corrosion resistance
- Longevity
- Cost effective
- Less prone to damage

**Material Used :**

- High Grade Free Cutting
- IS 319 Brass Free Cutting
- As per Customers Configurations

**Available In :**

- Sizes : 3mm to 36mm
- Length : 2inch to 3 inc
- Platings : Nickel Plating, Chrome Plating, Brass Plating etc.

## Brass Electronic Parts

We provide the finest grade Brass Electronic Parts, which are known in the international market for their functionality and technology. Highly precision engineered Electronic Parts, our efficient team of professional use the cutting-edged technology to manufacture this exceptional quality of Brass Electronic Parts.

**Prominent Features :** Maximum durability, Long operational life, Affordable cost, Less prone to wear and tear, Corrosion proof

**Applications :** PCB Terminal, Electronic Pin, Electronic Sockets

**Raw Material Used :** Free Cutting Brass as per IS 319 Type (I), Free Cutting Brass BS 249 Type (I), High quality Free Cutting Brass, Customized Special Brass Material Composition as per the specifications of the client

**Threads :** BA Threads, BSW Threads (inches), UNC & UNF Threads, ISO Metric (MM Threads), Any threads as per the tailor-made design,

**Finish and Coating :** Natural, Nickel Plated, Tin Plated, Any type of coating as per the clients' requirements

## Brass Electrical Parts

We manufacture and export the superior grade Brass Electrical Parts, which are widely demanded in the international market due to their durability and quality. We have manufactured our Brass Electrical Parts using the finest quality of raw material, which makes them durable and provides long functional life.

**Main Features :** Highly durable, Long functional life, Cost effectiveness, Less prone to damage, Corrosion proof

**Applications :** Panel Board Accessories,

Changeover Switchgear, Miniature Circuit, Breaker, Distribution Boards, L. T. Switchgears, Molded Connector - Molded Switches, Energy Meters - Three and poly Phase

**Raw Material Used :** Free Cutting Brass as per IS 319 Type (I), Free Cutting Brass BS 249 Type (I), High quality Free Cutting Brass, Customized Special Brass Material Composition as per the specifications of the client

**Threads :** BA Threads, BSW Threads (inches), UNC & UNF Threads, ISO Metric (MM Threads), Any threads as per the tailor-made design.

**Finish and Coating :** Natural, Nickel Plated, Tin Plated, Any type of coating as per the clients' requirements

### Brass Hardware Parts

As one of the acknowledged company for manufacturing Hardware Parts, we bring forth the finest quality Brass Hardware Parts, which are popular in the world wide market due to their robustness and long operational life. We use the right kind of raw material, which makes them durable and cost effective. We also customize the part as per the specifications of the clients.

**Important Features :** Sturdy, Highly durable, Corrosion proof, Competitive prices, Non-damageable, Qualitative raw material, Casting

**Type of Brass Hardware :** All type of Knobs, Finel Kali, Flat and pointed Mirror Holder Cap, All kinds of Precision Items as per the requirement of the client

### Brass Meter Parts

We are a prominent manufacturer and exporter of the optimal grade Brass Meter Parts, which are extensively used in various industries and households. We customized various types of Brass Meter Parts for single and three phase energy meters. Our Brass Meter Parts are great in functionality and cost effective.

**Salient Features :** Durable, Long operational life  
Less prone to damage, Corrosion proof, Electricity resistant, Provide safety

**Brass Meter Parts :** Brass Sealing Screws, Brass, Screw, Brass Terminals, Links

**Material :** Brass as per IS 319 (Type 1) BS 249 (Type 1)

**Coating :** Natural, Nickel plated

### Brass Meter Parts

We bring forth the optimum grade of Brass Sanitation Parts. We use different type of threads like BSP & BSPT. We manufacture Brass Sanitation Parts in Cross knurling & straight knurling, Hex, flower & round head, Brass and nickel & chrome coatings and as per the drawings of the clients.

**Salient Features :** Robust construction, Highly durable, Qualitative raw material, Corrosion resistant, Cost effective, Less prone to damage

**Available In :** Light, Medium, Heavy Duty, As per the clients' requirements

### Brass Transformer Parts

We offer optimal quality Brass Transformer Parts, which are manufactured as per the international standard. We use the finest grade of raw material to manufacture the Brass Transformer Parts, which provides durability and strength. You can avail our exceptionally good Brass Transformer Parts at very affordable prices. We have manufactured the assortment of Transformer Brass Parts like Silica gel Breathers Lugs, Bimetallic Connector, HT, LT, Arching horns, Aluminium member, using the finest grade of brass rods and copper to get the ideal current output.

**Salient Features :** High durability, Tensile strength, Resistivity to corrosion, Outstanding performance Cost effective

**Available In :** Varied Length and Size, As per the requirements and drawings of the clients

### Brass Valve Parts

We offer excellent quality Brass Valve Parts, which is fabricated using the finest quality raw material, which provides it durability and outstanding strength. Our Brass Valve Parts are widely demanded in the national and international markets due to their effectiveness and longevity. You can avail the Brass Valve Parts that is unsurpassable in the terms of prices in the market.

**Prominent Features :** Maximum durability, Tensile strength, Resistivity to corrosion, Resistant to adverse conditions, Exceptional performance, Affordable prices

**Material Used :** IS 319 Brass Free Cutting, High Grade Free Cutting, As per the requirement of the customers

**Available In :** Varied lengths and sizes, As per the clients' requirements and drawings

### Brass Gas Regulator Parts

When it comes to Brass Gas Regulator Parts, our products are preferred worldwide for their high quality and long life. We mainly deal in Brass Sleeve, Lock-UP Jet, Two Way Unit, PRU-Valve, Brass Orifice, SSU-Diaphragm Lever, Sliding Disc, SSU Spring Holder, SSU – Valve, Leak Arrester, etc. We are dependable Manufacturer and Exporter of Brass Gas Regulator Parts from Jamnagar (Gujarat). Our Brass Gas Regulator Parts exhibit fine finishing and conform with industrial standards completely. The customers can avail these products in different specifications.

## Click on Valve

Click on valve with safety relief are made as per the Customers Drawing, specification and dimensions.

- Standard = As per EN 15202
- Inlet Connection = 3/4" M. NGT
- Outlet Connection =  $\phi$  22 mm.
- Pressure = 26 bar

## SC Valve

SC Valve, LPG Cylinder Valve are made as per the Customers Drawing specifications and dimensions.

- Standard = As per IS8737
- Inlet Connection = 3/4" M. NGT
- Outlet Connection =  $\phi$  22 mm.,  $\phi$  25.6 mm.

## Camping Valve

Camping Valve, LPG Cylinder Valve are made as per the Customers Drawing, specifications and dimensions.

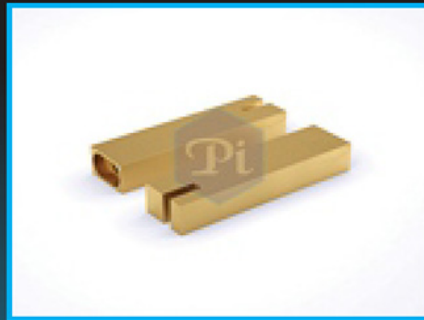

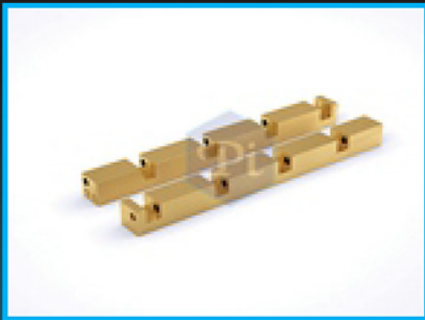

- Standard = As per EN 15202
- Inlet Connection = M22x1.25-6g
- Outlet Connection = M16x1.5 RH,
