PRODUCTS

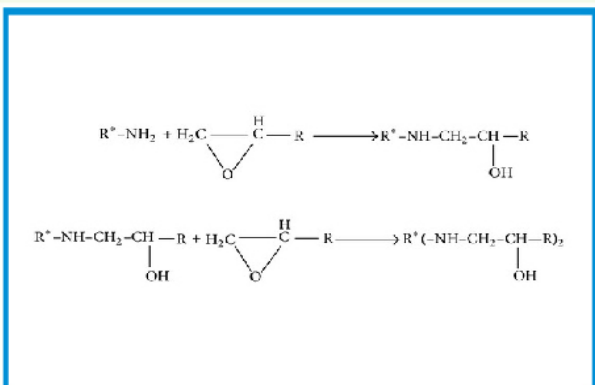

Accelerator for
Epoxy Resin

Available in various grades, the Accelerator for Epoxy Resin, which we offer, is appreciated for having accurate compositions. The Accelerator for Epoxy Resin, which we provide, is packed using the best quality packing material. We provide the Accelerator for Epoxy Resin at the market leading rates to the clients.

Inorganic Pigment
Powder

S. R. Marketing is counted amongst the pioneering Manufacturers & Suppliers of Inorganic Pigment Powder. We formulate Inorganic Pigment Powder using different high quality ingredients to provide effective results in related application. Our Inorganic Pigment Powder is widely praised for its matchless performance. We are committed to provide Inorganic Pigment Powder at very reasonable price.

Epoxy Amines

We are one of the specialized Manufacturers and Suppliers of Epoxy Amines from direct imports or bulk buying. Epoxy Amines are formulated by us as per specific applications.

- Aliphatic Amine
- Modified Aliphatic Amine
- High Viscosity Ultra Clear Epoxy Hardner

PRODUCTS

RESIN PIGMENTS

Epoxy Resin Pigment

Available in various colors, the Epoxy Resin Pigment, which we offer, is best suited for carrying out diverse applications such as FRP, SMC, DMC and Resin casting application. We offer the Epoxy Resin Pigment at the market leading rates to the customers.

Polyester Resin Pigment

The Polyester Resin Pigment, which we offer, is available in various colors to cater to the varied needs of the customers. This Polyester Resin Pigment is suitable for carrying out applications such as FRP, SMC, DMC and Resin Casting Application. The Polyester Resin Pigment, which we provide, is packed using quality packing material.

Epoxy Pigment Paste

S. R. Marketing is one of the leading Manufacturers & Suppliers of Epoxy Pigment Paste. We manufacture Epoxy Pigment Paste in both Epoxy and Polyesters resin. This matchless products is served to marble and granite industries. We specialize in manufacturing special Epoxy Pigment Paste as per marble and stone color for amazing filling effects.

PRODUCTS

White Fumed Silica

Super white fume silica from china is used for processing the White Fumed Silica, which we offer. Available in various grades, this White Substitute Fumed Silica is processed under the guidance of Experts. We offer the White Substitute Fumed Silica at the market leading rates to the customers.

Polyester Car Putty

Appreciated for fast drying, high viscosity and high reactivity, the Polyester Car Putty, which we offer, is packed using the best quality packaging material. This Polyester Car Putty is processed using the best quality materials that ensure it to have good finishing properties. We offer this Polyester Car Putty at the market leading rates to the clients.

Epoxy Resins

Known for having accurate compositions, these Epoxy Resins are manufactured as per the strict industrial standards. Moreover, we offer Epoxy Resins in bulk drums. These Epoxy Resins are processed using the best quality materials, ensuring their long lasting effect. These Epoxy Resins are used in transformers, insulators, switchgears, among others.

PRODUCTS

Epoxy Curing Agents

Appreciated for accurate composition and excellent solvent and chemical resistance, Epoxy Curing Agents from direct imports or bulk buying. These Epoxy Curing Agents are processed using the best quality material. We provide Epoxy Curing Resin in bulk drums. Ensuring the best curing during humid conditions, these Epoxy Curing Agents are produced under the guidance of experienced Quality Experts.

Crack Filling Epoxy Adhesive

Having low viscose, these Crack Filling Epoxy Adhesive are demanded by Stone Processing Contractors. Our range of Crack Filling Adhesive is appreciated for high adhesiveness and long lasting effects. We offer these Crack Filling Epoxy Adhesive at the market leading rates to the customers. The Crack Filling Adhesive, which we offer, is processed using quality materials.

Titanium Dioxide Pigment Powder

S. R. Marketing is counted amongst the thriving Manufacturers & Suppliers of Titanium Dioxide Pigment Powder. We formulate Inorganic Titanium Dioxide Pigment Powder using different high quality ingredients to provide effective results in related application. We are committed to provide Titanium Dioxide Pigment Powder at competitive market prices.

PRODUCTS

ADHESIVES

Cyanoacrylate
Adhesive

Exceptional adhesiveness is guaranteed from the Cyanoacrylate Adhesive, which we offer. Our assortment of Cyanoacrylate Adhesive comprises Cyanoacrylate in Cans and Cyanoacrylate in Bond. These Cyanoacrylate Adhesives are packed using excellent packaging material. These Cyanoacrylate Adhesives are made using quality material.

Epoxy Adhesives

Excellent Bonding Strength and High Viscosity are the highlights of the Epoxy Adhesives, which we offer. Our assortment of Epoxy Adhesives consists of Easy Fix Epoxy Adhesives and Hard Tite Epoxy Adhesives. We make sure to pack these Epoxy Adhesives, using the best packaging material.
