Welcome to the exuberant world of BRITEX ENTERPRISES. Based in Delhi (India), BRITEX ENTERPRISES is a pioneer in the field of mineral processing and supply. BRITEX ENTERPRISES has established its remarkable presence in Indian markets as a credible Manufacturer, Importer, Exporter and Supplier of Mineral Products. Incepted in 1975, we work with a prime objective to serve the quality conscience manufactures in various fields like: Abrasive, automotive Linings, Ceramics, Cosmetics, Detergent, Glass, Paints, Paper-Coating, Pesticides, Rubber Parts, Inks etc. We at BRITEX ENTERPRISES believe in long term business association with our esteemed customers and consider us a part of customers organization as we pay attention to all minute details of our customers requirements.

All our products are made under a stringent quality control process fulfilling the specifications committed to the customer. We have entrenched our position in the market as one of the leading Manufacturer, Importer, Exporter and Supplier of Mineral Powders which are used as extenders and fillers in various industries. Most of our quality products are from 8 mesh to 2um particle size. We have done value addition to our products to give maximum value for money to our customers by replacing some of the other costlier chemicals.

With its production facilities based in the mineral rich state of India - Rajasthan- Udaipur, Alwar, Chennai and H.O. Based in Capital City-New Delhi, BRITEX ENTERPRISES is a pioneer in the field of Micronised Minerals processing and supply.

Step by step procedure followed for the processing of highest Quality Mineral Powders:

- Identification of right quality Mines
- Separation & classification OF Mineral
- Cleaning and Purification of raw Mineral
- Grinding under strict control and monitoring
- Regular maintenance of Quality.

Chemicals are all regularly imported from the most reputed selected same manufacturer only. having expertise in its field and quality matching global standards.
