

KSU Krishna Steel Udyog

The Ultimate In Kitchen Cookwares

We, Krishna Steel Udyog, stand for bestowing an elegant look to your kitchen. Providing a flawless gamut of aluminium kitchen wares, we stand out among others in the market. Sleek and slender bodies and durable structure are the features that mark each and every product of ours.

Incepted in the year 1992, **KRISHNA STEEL UDYOG**, has gained an impeccable knowledge of the dynamic nature of the pertinent industry. With changing times, there has been a dramatic change in the needs of the people in kitchenware. The ultra-modern apartments with modular kitchens require revolutionized kitchenware that would suit the interior decor to the maximum possible level. The diligent efforts of our esteemed CEO Mr. Nitin Goyal has helped us a great deal in achieving the same level. Some of our unmatched features that give us an edge over our competitors are:

QUALITY

Driven by the motive of maximum customer satisfaction, we ensure that they get only the optimum quality products. We ensure that the entire product range is tested several times before the final finesse on the parameters of performance, heat and strength. It is also commendable that the utensils don't form any harmful reaction with the food materials.

R&D & INFRASTRUCTURE

Latest high-tech machineries and in-house facilities for design form the integral structure of our robust infrastructure. It is because of these facilities along with the expert guidance of our engineers that we make the products in various shapes and designs suiting the particular needs of the clients. Our aluminum cooking utensils are frequently lubricated to prevent any depreciation. Moreover, our team is engaged in the market research and analysis to manufacture products meeting the changing demands.

TIMELY DELIVERY

Our spacious and safe warehouse has enabled us to deliver the products to our clients placed in Nepal, Bhutan and Tibet within the stipulated time frame and in perfect condition. Loading and unloading is further eased by the safe packing of the bulk orders. We perform customized packaging as per clients specifications.

For all these and more, we are reckoned to be one of the major nonstick frying pans and milk cans manufacturers and suppliers.
