## Our Commitment

We are Indian manufacturer, supplier & exporter of a wider range of leather fashion jewelry, leather belts, leather eye glass holders, leather bags, leather key chain, leather cords, leather photo frames, flowers, leather buttons, leather toggles, leather tassels, beaded eye glass holders, bead kits and beads made of glass, bone, horn, wood and metal. We supply our products in over 40 countries across the globe. We have become the largest exporter of leather and leather products and received the EPCES Export award by Shri Kamal Nath, Hon'ble Union Minister of Commerce and Industry for 2005-06 for best Export orient unit (SSI) in leather and leather products. With over 28 years of serving the industries, you can always depend on us to provide you with a best possible quality at the lowest possible prices. We guarantee 100% satisfaction on all our products and fast, friendly services to our valued customers.

## Manufacturing

Our factory is located amidst a sprawling area of 160,000 square feet and is perfectly positioned to produce quality products. Our leather cords and accessories production unit has spiral cutting machines, skiving machines, rounding machines, coloring machines, braiding machines, laser machines, electroplating plant and E-coating plant, most of which are imported from Europe and U.S.A. Our bead production unit has sand cleaning machines, drum polishing machines, fire polishing machines and luster/rainbow finish machine. We use most of the chemicals made by the multinational companies and many of them are imported from Europe

## Environment Friendly

We are a 14001: 2004 certified company. Our products are produced in environmentally friendly conditions. Our leather products are eco friendly, bio degradable, non toxic, lead under 600 ppm, low formaldehyde, P.C.P free, azo free and it meets the German good ordinance effective from April 1, 1996, August 2001 and 2002 / 95 / EC .Our beads are nickel free and lead under 600 ppm.

## Customization

We invite you to explore our new product which has wide range of products. If you don't see the specific product you require, we can tailor-make it for you. Customers can specify their customized requirements and we can accordingly produce the required type of leather, beads, bead kits and other products.

## Quality

We are an ISO 9001 : 2008 certified company. To ensure high quality, we have a multiple-pronged; three stage quality checking system for our products Receiving stage, In process stage and Final stage. Products are checked to ensure the desired dimensions, design, softness, color fastness and packaging requirement.

## Infrastructure

As a 100% export oriented unit, we believe that incorporating cutting edge technologies in production is the keys to achieve and maintain the leadership position in the industry. Hence, we continue investing heavily in maintaining state-of-the-art infrastructural set-up. This assists us in providing unmatched services to our clients.

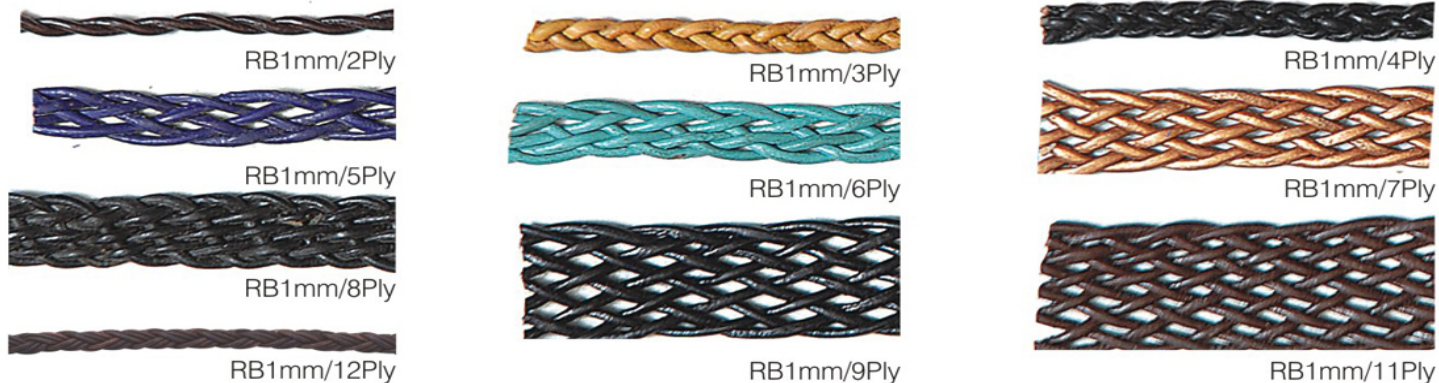

Our production unit is located in a sprawling area of 160,000 square feet, perfectly equipped to produce high quality leather products. Our leather cords and accessories production unit is equipped with machines like spiral cutting machines, skiving machines, rounding machines, colouring machines, braiding machines, laser machines, electroplating plant and E-coating plants. Most of these machines are imported from Europe and USA. In addition, we have a separate bead production unit that is equipped with sand cleaning machines, drum polishing machines, fire polishing machines and luster/rainbow finish machines.

The entire production facilities are constantly upgraded as per the latest technologies followed by globally renowned leather product manufacturing companies. This ensures superior quality products, cost-effectiveness and least lead times. With significantly high installed capacity, we also undertake bulk orders from our global customers.
