

125 ~ 140 KG / HOUR  
3.5 TONS IN 24 HOURS

**UNIQUE FEATURES**

- 1. Chamber cage opens on hinges simply by tilting of chamber halves.
- 2. No weight lifting.
- 3. Thickness of all cake can be changed while running of expeller.

## Our Products

- Tinytech Oil Extraction Machine
- Oil Filter Press
- Edible Oil Extraction Machinery
- Mini Oil Expeller
- Sunflower Oil Mill Plant
- Automatic Mustard Oil Mill Plant
- mustard oil expeller
- Mini Oil Mill Plant
- Oil Expeller With Cooking Kettle

*Manufacturer,  
Exporter & Supplier*

## About Us

YEARS OF EXPERIENCE - 40 +  
INSTALLATIONS GLOBALLY - 5500 +  
COUNTRIES OF EXPORT - 120+

'TINYTECH PLANTS' is a company for promoting tiny enterprises in various industrial fields through human technology for achieving rural development, local self reliance, poverty eradication and employment & income generation by creating alternative of giant company centered economy and promoting family centered ec all world. We work to develop decentralized economy to create happy without disparity, poverty unemployment.

'TINYTECH PLANTS', established in the year 1983, is the pioneer in oil mill machinery, palm oil mill machinery, refinery plants not only in India but we have large customer base all over the world in 119 countries.

'TINYTECH PLANTS' began by manufacturing Mini oil mills to produce oil from any kind of oil seeds. Over the years we have expanded our field of activities to include Oil Refinery Plants, Sugarcane Juice Machine, Mango Pulp Machine, Industrial Sugarcane Crushers, Jaggery Plants, Ghani, Peanut Butter Machine, Maize mill, Sesame Cleaning Machines, Solar Cookers and Solar Concentrators, Steam engines, Water Tube Boilers, Fire Tube Boilers, Cross tube boilers and Steam Power Plants, Solar water Pumping systems.

'Since our inception, we are always committed to deliver high standard quality machines to our customers. These machines are designed and manufactured by highly skilled and experienced professionals. Our in-depth knowledge of our machinery blended with efforts of skilled labors enable us in offering international quality machineries at most competitive prices. For us, quality is a point to achieve through regular upgradation of technology. For this we take into consideration the suggestions from our valued customers and make changes in the machines / designs to satisfy our future customers.

## About Us

quality machineries at most competitive prices. For us, quality is a point to achieve through regular upgradation of technology. For this we take into consideration the suggestions from our valued customers and make changes in the machines / designs to satisfy our future customers.
