Running under the guidance of a true visionary, Lakshmi Chemical Industries has gained a reputed market position. We are progressing really well under the able guidance of our mentor and his sharp business acumen, transparent business dealings and well worked out business strategies have enabled us to serve our clients, spread across Indian Subcontinent in an efficient manner. The company is based in Ankleshwar, Gujarat and since its inception in the year 1993; the company has spread its business across overseas market.

Quality Policy We take pride in mentioning that our range is processed using superior quality ingredients, which are procured from the authentic vendors of the market. Known for eco-friendliness, accurate composition, high pH value and long shelf life, our range is highly demanded in chemical industry.

Our Operations Our range is processed as per the industry standards and is provided to our clients within the stipulated time-frame. Owing to our sound processing unit, we are able to formulate the range in bulk, keeping in mind the international quality standards. Furthermore, to ensure safe and secure transit of our chemicals, these are packed in quality material as per the requirements of our esteemed clients.

Client Satisfaction Customer satisfaction has always been our ultimate objective. We make sure that our range of products is formulated in accordance with prevailing industry standards & norms. Our professionals make sure that these chemicals are stored properly and are dispatched at the clients end within the commuted time-frame. Our easy modes of payment, legal business proceedings, transparent dealings and client-centric approach have enabled us to win accolades from our honored clients. We also positively accept the feedback & suggestions of our clients and make apt changes in our range accordingly. Besides, our range of chemicals shares immense market credibility in Indian Subcontinent. To overcome the hassles of monetary transactions, we offer following simple payment options to our clients :

SODIUM THIOSULPHATE PENTAHYDRATE SUGAR CRYSTAL 96% MINIMUM

Sodium Thiosulphate
Pentahydrate Sugar
Crystal 96% Minimum

Business Type

Manufacturer, Exporter, Supplier

Brand Name

Lakshmi

Appearance

Fine Sugar Crystals

pH of 10%

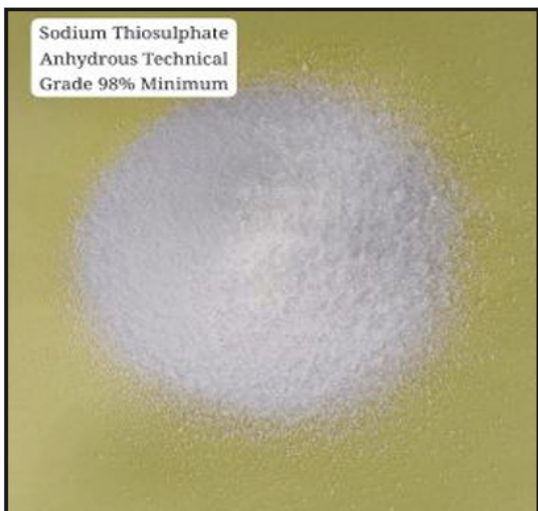

Solution 6.5 to 8

Assay/Purity

96% minimum

SODIUM THIOSULPHATE ANHYDROUS TECHNICAL GRADE 98%

Sodium Thiosulphate
Anhydrous Technical
Grade 98% Minimum

Business Type

Manufacturer, Exporter, Supplier

Brand Name

Lakshmi

Features

Quality Range, Superior quality,
Affordable prices

Formula

$\text{Na}_2\text{S}_2\text{O}_3$

SODIUM THIOSULPHATE PENTAHYDRATE CRYSTALS 98%

**Business Type**

Manufacturer, Exporter, Supplier

Brand Name

Lakshmi

Appearance

Fine Sugar Crystals

CAS No.

10102-17-7

pH of 10% Solution

6.5 to 8

SODIUM THIOSULPHATE PENTAHYDRATE LARGE GRANULAR PELLETS 99%

**Business Type**

Manufacturer, Exporter, Supplier

Brand Name

Lakshmi

Appearance

Fine Large Granular

pH of 10% Solution

6.5 to 8

Assay

99% minimum

SODIUM THIOSULPHATE PENTAHYDRATE PELLETS

Business Type

Manufacturer, Exporter, Supplier

Application

Industrial

Appearance

Fine Large Granular, White Crystals

Brand Name

Lakshmi

Features

Low cost, Quality approved, Timely delivery

Chemical Formula

$\text{Na}_2\text{S}_2\text{O}_3 \cdot 5\text{H}_2\text{O}$

CALCIUM CHLORIDE PRILLS

Business Type

Manufacturer, Exporter, Supplier

Application

Chemical Industry

Brand Name

Lakshmi

Density

2.15 g/cm³

Melting Point

772 °C

Formula

CaCl₂

SODIUM THIOSULPHATE ANHYDROUS PURE GRADE 99%

Business Type

Manufacturer, Exporter, Supplier

Formula

$(\text{Na}_2)\text{S}_2\text{O}_3$

Sulfur Content

39 % Minimum

Assay as $(\text{Na}_2)\text{S}_2\text{O}_3$

98 % Min.

10% solution in water

Clear

Description

White powder.
