**MANUFACTURER  
& SUPPLIER**

Our company, Premier Controls, came into being in the year 2002, with the strong vision of serving its clients with advanced technology based industrial and scientific equipment. Mr. R. P. Vijay, the owner of the company, has worked hard and motivated his personnel to give their best to the clients. Due to his efforts, we have been consistently meeting the specified requirements of our clients.

## ● Resources

We are backed with robust infrastructural set up and technically advanced manufacturing unit with all the latest machinery required for efficient production. We have also developed reliable vendors network from which we source excellent quality reliable equipment.

## ● Quality Assurance

Quality has always been the foremost concern of our organization and for maintaining the same; we have designed effective quality control mechanism. All the products whether manufactured or sourced are checked on various parameters at our unit for consistency and performance. We make sure that the equipment offered by us reach clients in flawless condition.

## ● Warehouse

Spacious warehouse facility plays a key role in meeting urgent and bulk orders within stipulated time frame. Our warehouse is fully equipped with all the safety and temperature control measures for safe storage of equipment. The division of warehouse in various sub sections as per the product range helps in avoiding chaos at the time of delivery.
