The range of products that we offer entails Fresh Coconut Products, Dried Coconuts, Desiccated Coconut Products, Coconut Oil, Coconut Water, Coconut Shell Products, Coconut Shell Charcoal Products, Incense Products, Coir Products, Coir Pith Blocks, Coir Pith Manure,

About Us

Kasturi Coconut Processing is based in Bangalore, Karnataka and the company was incepted in the year 2011. We are strategically located in Channapatna, which is a well-known Coconut Belt in Karnataka thus ensuring a perennial flow of high quality raw material. The major markets of our company include India, Nepal, UAE, Iran, and Egypt etc.

Our Infrastructure :

The manufacturing set up, located in sprawling location of over Four acres encompasses state-of-the-art high capacity equipment for processing the finished Coconut products. We are involved in manufacturing of Desiccated Coconut Powder, Coconut Flakes, Virgin Coconut Oil, Nata De Coco (Coconut Jelly), Coconut Vinegar, Copra, Coconut Oil, Coconut Soap Oil, Coconut Shell Charcoal Lumps/Granules, Coconut Shell Charcoal Powder, Raw/Scented Agarbathis.

Quality Policy :

We procure fresh mature semi husked coconuts in bulk directly from the farmers and we segregate them according to Quality and Quantity wise and Supply them to Various States of India and Other Countries like UAE, North African and Gulf Countries as per their requirements. The philosophy of our company is to keep it simple, yet comprehensive. The quality control involves robust check systems from ingredients and packing material to in-process controls and the final finished goods. Product tracking is extended up to the market place and quality control that we adopt is foolproof with continuous checks during raw material, processing and end product stages.

Our Team :

We take great pride in mentioning that we are assisted by a team of experts who understand and cater to the most specific needs of the clients. They are properly trained to offer high quality products that too with a customization option for the clients.
