

***GBT*<sup>®</sup> G. B. Tech (India)**

G. B. Tech (india) is a professionally manages organization that has established itself among the eminent Manufacturers, Exporters & Suppliers of Binding Machines and other industrial machinery.

# About Us

Established in the year 1990, G. B. Tech (india) manages all its operations from its head office based in New Delhi with its branches in different parts of the country. Mr. Narain Dutt Jaimini, the CEO of the company has contributed a lot in the tremendous growth of the company with his profound knowledge and vast experience. Under his headship, the company is acknowledged among the well-established Manufacturers, Exporters & Suppliers of Binding Machines and other machines.

## INFRASTRUCTURE

The company's well equipped infrastructure is one of its indispensable strengths. The infrastructure of the company has made us capable of delivering even the bulkiest orders within the prescribed time period. Besides, the company's manufacturing unit is loaded with the following machines that make all the tasks easier and swifter than ever before :

- Special purpose machines
- Slotting machines
- Cutting machines
- Drill machines
- Milling machines
- Lathe machines
- Power presses
- Testing machines

Besides, the company has a spacious warehouse that is used for easy storing and retrieval of raw material as well as finished products.

## ON TIME DELIVERY

We work with a motto of providing supreme quality products to the customers within the committed time frame. All the tasks from manufacturing to the packaging of the products are performed efficiently keeping a track of time. It further results in the on time delivery, satisfaction and convenience of the clients. Besides, the wide spread network of the company enables us to distribute these products in different parts of the globe without any delay.
