# ABOUT US

With the help of professional, high-quality management and development staff our company has been able to create its niche in the market. We are devoted to improve and ensure the best product quality, product style and design are offered to you. We make sure that all our deliveries are on time.

We have a array of products whether you're looking for auditorium seating or custom seats that can hold writing tablets or seats with a desk, we at KF Systems can help you find the solution which is cost effective and just right for you.

Our goal is to provide you with high quality seating solutions, whether you're an Architect, Theater consultant, or Building owner. Our products fit your budget, timeline, and space. In a nutshell, we design, manufacture and install customized high quality fixed seating. We specialize in developing and producing auditorium chair, theater chair, terraced classroom desk and chair, airport chair and cinema chairs which are of high quality and provide comfort. We have our workshop with all kinds of advanced equipment.

Our Auditorium or Theater chairs are dedicated to providing a comfortable sitting feel for movie viewers, usually with a cup holder on the armrest. We ensure to bring something innovative and unbeatable products in the market by utilizing the modern technologies and unique creativity.

We have successfully managed projects from the initial design phase, to custom production, and on-time delivery and installation. We'll help design a layout that's perfect for your space, your project, and your audience. We'll also help you clarify your specifications and expectations for the project, to ensure that you come away with a finished project you love. Our indepth knowledge and attentive to the detail approach ensure that you are provided an excellent finished project.

All said Customer satisfaction is our main priority so we we'll be available to answer questions at Every step of the project, guide you and provide updates. Our Team is excellent with aftersales services and ensure maximum satisfaction to all our customers.

Our auditorium seating and chairs are beautifully designed, high quality, and have been designed as per the International standards giving maximum comfort, our chairs use maximum Lumbar support for healthy seating. This furniture is fabricated by our professional craftsmen using premium polyfill cushioning at the back for extra comfort & designs keeping in mind latest fashion trends.
