

RAYMER

Engineering Corporation

It is a small scale machine fabrication unit. This is a family run business started in 1973 by Mr. Noshir K. Engineer. Mr.N.K.Engineer is a Mechanical as well as an Electrical engineer. Mr. N.K.Engineer started this business in Mumbai and then went on to expanding his business in Dombivili which is a township just 60 Km from Mumbai. The business is mostly affiliated to the Paints, Pigments, Inks Pharma, Food and Chemical industries. Though our specialty lies in the designing and fabrication of machines for the Paints, Pigments and Ink industries. We are designers, manufacturers, fabricators and exporters of machines for the above mentioned industries.

RAYMER ENGINEERING CORPORATION

It is a small scale machine fabrication unit. This is a family run business started in 1973 by Mr. Noshir K. Engineer. Mr.N.K.Engineer is a Mechanical as well as an Electrical engineer.

Mr. N.K.Engineer started this business in Mumbai and then went on to expanding his business in Dombivili which is a township just 60 Km from Mumbai.

The business is mostly affiliated to the Paints, Pigments, Inks Pharma, Food and Chemical industries. Though our specialty lies in the designing and fabrication of machines for the Paints, Pigments and Ink industries.

We are designers, manufacturers, fabricators and exporters of machines for the above mentioned industries

Since 1990 Mr.N.K.Engineer has been ably assisted by his son Mr.Rayomund N.Engineer who is also a Mechanical engineer.

The design of the machines are done by both Mr. N.K.Engineer and Mr.R.N.Engineer and all the machine are well accepted in the Indian domestic as well as the International market.

THE COMPANY HAS NOW BECOME AN ISO:9001:2018 CERTIFIED AS WELL

We are in a constant mode of improvement and that is done through our regular "BE IN TOUCH WITH YOUR CLIENT" attitude. We get regular and positive feed backs and try to satisfy the client as and when his need arises for betterment in our product. We take criticism as the stepping stone to improvement.

Due to this attitude we are able to proudly assert ourselves as one of the leaders in this industry in India. We like to take up new challenges when ever the opportunity begs. In 1978 as per the wishes of Asian Paints, we accepted the challenge and successfully commissioned the SP-16. The output of the slurry was in the range of 8-10Ltrs per minute a phenomenal rate as per the standards prevailing then. Now the SP-16 is more a less a standard for Asian Paints, and other companies like Berger, Kansai etc.

Once again in the year 1996 we were thrown a challenge of making a still bigger version of the sand mill. We were successful then too in designing and commissioning the SP-30 sand mill which give a slurry output in the range of 15LTR - 18Ltrs per minute.

Once again in the year 2020 we were thrown a challenge of making a still bigger version of the sand mill. We were successful then too in designing and commissioning the SP-60 sand mill which give a slurry output in the range of 25LTR - 30Ltrs per minute.

We were also the first to design, fabricate and install the 4000Kg and the 6000kg pug mixers in India way back in 1992. Now these are standard machines even for medium scale industries. 8MT-10MT Pug Mixers is now the requirement for most large scale industries.

Like wise we have many first's in India and there fore can proudly say that we are the trend setters and pioneers in many machines.

This is a brief round up of our small but successful story and we aim to carry on this to higher levels with the support from all our business partners.

WE ARE PROUD TO BE ASSOCIATED WITH YOU

Dispersion Mixer

Business Type	:	Manufacturer, Exporter
Brand	:	Raymer
Design Type	:	Customized
Capacity	:	20 to 2000 Ltr.

Double Shaft U Mixture machine

Business Type	:	Manufacturer, Exporter
Material	:	Stainless Steel
Brand	:	Raymer Engineering
Alignment	:	Horizontal

Dual Shaft Mixer

Business Type	:	Manufacturer, Exporter
Voltage	:	440V
Automatic Grade	:	Automatic
Warranty	:	2 Years

High Shear Mixer

Business Type	:	Manufacturer, Exporter
Automatic Grade	:	Automatic
Brand	:	Raymer Engineering
Alignment	:	Horizontal, Vertical

High Speed Dispenser

Business Type	:	Manufacturer, Exporter, Supplier
Country of Origin	:	India
Type	:	High Speed Dispensers
Certification	:	ISO 9001:2008 Certified

Ink Mixing Machine

Business Type	:	Manufacturer, Exporter
Application	:	Ink Mixing
Automatic Grade	:	Semi Automatic
Brand	:	Raymer

Paint Mixing Machine

Business Type	:	Manufacturer, Exporter
Automatic Grade	:	Automatic
Brand Name	:	Raymer Engineering
Model Name/Number:	:	Paint Mixing Machine

Putty Mixer Machine

Business Type	:	Manufacturer, Exporter
Automatic Grade	:	Automatic
Design Type	:	Customized
Capacity	:	500 kg to 10000 kg

Single Shaft Mixer

Business Type	:	Manufacturer, Exporter
Brand Name	:	Raymer Engineering
Application	:	Industrial
Material	:	Stainless Steel

Alkyd Resin Plant

Business Type	:	Manufacturer, Exporter
Brand Name	:	Raymer Engineering
Automatic Grade	:	Automatic
Design Type	:	Customized

Polyester Resin Plant

Business Type	:	Manufacturer, Exporter
Voltage	:	440V
Automatic Grade	:	Automatic
Brand Name	:	Raymer Engineering

Bead Mill

Business Type	:	Manufacturer, Exporter
Country of Origin	:	India
Type	:	Ball Mill
Brand Name	:	Raymer Engineering

Close Type Sand Mill

Business Type	:	Manufacturer, Supplier
Country of Origin	:	India
Type	:	Sand Mill
Reverse Rotation	:	Yes

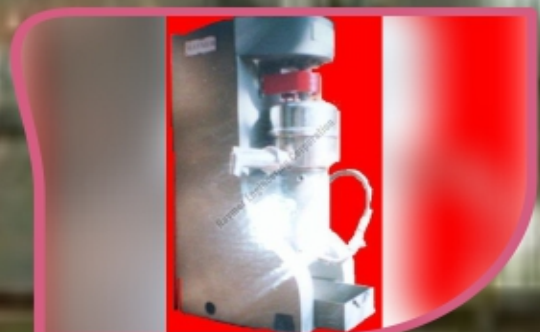

Horizontal Sand Mill

Business Type	:	Manufacturer, Exporter
Type	:	Horizontal Sand Mill
Application	:	Industrial Use
Color	:	Grey

Open Type Sand Mill

Business Type	:	Manufacturer, Exporter
Country of Origin	:	India
Type	:	Open Type Sand Mill
Brand Name	:	Raymer Engineering

Ball Mill

Business Type	:	Manufacturer, Exporter
Country of Origin	:	India
Type	:	Ball Mill Machine
Application	:	For Grinding Materials

Basket Mill

Business Type	:	Manufacturer, Exporter
Type	:	Basket Mill for Wet Pigment Grinding Use
Material	:	Mild Steel / Stainless Steel
Driven Type	:	Electric

Lab Bead Mill

Business Type	:	Manufacturer, Exporter
Country of Origin	:	India
Type	:	Laboratory Mill
Color	:	Blue

Pug Mill Machine

Business Type	:	Manufacturer, Exporter
Material	:	Stainless Steel
Model Name/Number	:	Pug Mill Machine
Brand	:	Raymer Engineering

Limpet Reactor

Business Type	:	Manufacturer, Exporter
Automatic Grade	:	Automatic
Brand Name	:	Raymer Engineering
Max Pressure	:	9-12 kg, >15 kg, 6-9 kg, 12-15 kg, 3-6 kg

Process Reactors

Business Type	:	Manufacturer, Exporter
Brand Name	:	Raymer Engineering
Warranty	:	1 Year
Model Name/Number	:	Process Reactors

Kneading Machine

Business Type	:	Manufacturer, Exporter
Automation Grade	:	Automatic
Application	:	Commercial / Large
Machine Body Material	:	Stainless Steel(SS)

Laboratory Blenders

Business Type	:	Manufacturer, Exporter
Made in	:	India
Work Volume	:	50 kg to 750 kg
Bulk Density	:	0.50 grams/cc

Sigma Kneader

Business Type	:	Manufacturer, Exporter
Application	:	Viscous Fluid
Automatic Type	:	Automatic, Semi Automatic
Capacity	:	500, 1000 and 2000 kg

Horizontal Storage Tank

Business Type	:	Manufacturer, Exporter
Material	:	Mild Steel / Stainless Steel
Shape	:	Horizontal
Application	:	Storage
