Purity, Reactivity,
Composition,
Stability,
Appearance,
Eco-friendliness and
Lifetime; all the
testing is done at
our in-house labs.

Vinipul Inorganics Pvt. Ltd.
(Formerly known as Akash Purochem Pvt. Ltd.)

VINIPUL INORGANIC PVT. LTD. (Formerly known as Akash Purochem Private Limited) was established in the year 1986. Since our inception we have become the manufacturer, supplier and exporter of a wide range of Inorganic and Industrial chemicals. Our products are used extensively across a wide range of industries.

ABOUT US

Since our inception we have become the manufacturer, supplier and exporter of a wide range of Inorganic and Industrial chemicals. Our products are used extensively across a wide range of industries.

We are equipped with a modern production line which has all the necessary equipment to ensure round the clock production. Our staffs are well trained and strictly adhere to the set industrial norms and safety regulations. The effort we put in providing the best quality products and the positive feedback received from our esteemed customers has enabled us in realizing our dream of expanding our business in the European and United States markets.

VINIPUL INORGANIC PVT. LTD. (Formerly known as Akash Purochem Private Limited) was established in the year 1986. Since our inception we have become the manufacturer, supplier and exporter of a wide range of Inorganic and Industrial chemicals. Our products are used extensively across a wide range of industries.

VINIPUI INORGANIC PVT. LTD. List of product we manufacturer and deals in Sodium Acetate, Ammonium Acetate, Potassium Acetate, Zinc Acetate, Calcium Acetate, Potassium, Sodium Phosphate, Ammonium Phosphate, Potassium Sulphate, Manganese Sulphate, Magnesium Sulphate, Ferrous Sulphate, Ammonium Sulphate, Zinc Sulphate, Sodium Thiosulphate, Aluminum Sulphate, Zinc Chloride, Potassium Chloride, Sodium Chloride, Ferric Chloride, Calcium Chloride, Ammonium Carbonate, Ammonium Oxalate, Sodium Bicarbonate, Sodium Carbonate, Sodium Metabisulphite, Phosphoric Acid, Green Acid, Acetic Acid, Optical Brightening Agents, Products by Chemical elements and Products by Chemical compound or Salt In Mumbai-India.

We are equipped with a modern production line which has all the necessary equipment to ensure round the clock production. Our staffs are well trained and strictly adhere to the set industrial norms and safety regulations. The effort we put in providing the best quality products and the positive feedback received from our esteemed customers has enabled us in realizing our dream of expanding our business in the European and United States markets.

Under the guidance of our mentors Mr. Vipul Shah / Mr. Umang Shah, we, Vinipul Inorganics PVT LTD., have been able to set a benchmark and consolidate our position in the chemicals industry. Our mentor's vast experience in this domain has helped us time and again to maintain our position and offer the best quality products at the most competitive prices.

Infrastructure

We are equipped with a state of the art production line, which is of a suitable area to ensure round the clock production of products. Necessary safety regulations and guidelines are duly followed to ensure the safety of our staff and the chemical products.

Quality

We offer superior quality products to our clients. Our company has a team of experts to check the quality of the products against various parameters like purity, reactivity, composition, stability, appearance, eco-friendliness and lifetime; all the testing is done at our in-house labs. We dispatch the products only when all the required quality parameters have been met. Some of our chemicals have also been FAMI-QS certificated.

Ammonium Carbonate Lumps

Ammonium Carbonate Powder

Ammonium Acetate Crystals

Mono Ammonium Phosphate

Diammonium Phosphate

Pure Ammonium Sulphate

Ammonium Formate

Ammonium Oxalate Crystals

Ammonium Oxalate Monohydrate

Calcium Chloride Dihydrate

Calcium Chloride Anhydrous

Calcium Chloride Lumps

Calcium Chloride Powder

Calcium Acetate Anhydrous

Calcium Acetate Monohydrate

Zinc Chloride Anhydrous

Zinc (II) Chloride

Tech Ammonium Chloride

Pure Ammonium Chloride

Ferric Chloride Anhydrous

Monobasic Sodium Phosphate

Sodium Dihydrogen Orthophosphate

Mono Sodium Phosphate Anhydrous

Mono Sodium Phosphate Dihydrate

Sodium Dihydrogen Phosphate Anhydrous

Disodium Phosphate Anhydrous

Dibasic Sodium Phosphate

Disodium Hydrogen Phosphate

Trisodium Phosphate Dodecahydrate

Trisodium Phosphate 12 Hydrate

Trisodium Phosphate Crystals

Trisodium Orthophosphate

Trisodium Phosphate Anhydrous

Penta Sodium Tri Phosphate

Tetrasodium Diphosphate

Trisodium Phosphate Tribasic

Trisodium Hydrogen Phosphate

Mono Sodium Phosphate

Tricalcium Phosphate Anhydrous

Disodium Phosphate

Trisodium Phosphate

Sodium Tripolyphosphate

Sodium Hexametaphosphate

Tetrasodium Pyrophosphate

Sodium Acid Pyrophosphate

Mono Potassium Phosphate

Dipotassium Phosphate

Tripotassium Phosphate

Tetrapotassium Pyrophosphate

Potassium Acetate Anhydrous

Pure Potassium Chloride

Technical Potassium Chloride

Potassium Sulphate

Sodium Acetate Trihydrate

Sodium Acetate Anhydrous

Sodium Acetate Crystals

Sodium Diacetate

Sodium Oxalate

Sodium Chloride

Sodium Hydrogen Carbonate

Sodium Ash Carbonate

Sodium Carbonate Anhydrous

Sodium Carbonate Monohydrate

Sodium Chloride Powder

Pure Sodium Chloride

Sodium Thiosulfate Anhydrous

Sodium Thiosulfate Pentahydrate

Disodium Salt

Sodium Metabisulphite

Disodium Pyrosulfite

Ferrous Sulphate

Magnesium Sulphate Monohydrate

Manganese Sulphate

Dipotassium Sulphate

Pure Zinc Sulphate Monohydrate

Technical Zinc Sulphate Monohydrate

Potash Sulphate

Magnesium Sulphate Heptahydrate

Magnesium Sulphate Crystals

Magnesium Sulphate Powder

Aluminium Sulphate Anhydrous

Sodium Thiosulphate Anhydrous

Sodium Thiosulphate Pentahydrate

Ammonium Sulphate

Zinc Acetate Anhydrous

Zinc Acetate Dihydrate

Zinc Sulphate Monohydrate

Zinc Sulphate Heptahydrate

Phosphoric Acid

Green Acid

Acetic Acid

Thiosulfuric Acid

Paint Optical Brightening Agent

Textile Optical Brightening Agent

Paper Optical Brightening Agent

Plastic Optical Brightening Agent

Detergent Optical Brightening Agent

Fiber Optical Brightening Agent

Fabric Optical Brightening Agent

Fluorescent Optical Brightening Agent
