

MODI POLYFAB PVT LTD

has been providing "innovative plastic packing solutions" since 1985. We are manufacturers of high technology "VCI plastic packing material". We manufacture premium quality of "VCI polythene packing material" such as pouches, 2D bags, 3D bags, covers, liners, films, tubing rolls, cling films and sheets. Our factories are located in Palghar (Maharashtra/India). We are ISO certified: ISO 9001:2015 (QMS) / ISO 14001:2015 (EMS) / ISO 45001:2018 (OHSAS).

YEAR OF ESTABLISHMENT 1985

Modi Poly

Sealrust VCI Plastic Gazette Bag

Modi Polyfab Pvt Ltd has been providing “innovative plastic packing solutions” since 1985.

We are manufacturers of high technology “VCI plastic packing material”.

We manufacture premium quality of “VCI polythene packing material” such as pouches, 2D bags, 3D bags, covers, liners, films, tubing rolls, cling films and sheets.

Our factories are located in Palghar (Maharashtra/India). We are ISO certified: ISO 9001:2015 (QMS) / ISO 14001:2015 (EMS) / ISO 45001:2018 (OHSAS).

The plastic packaging material, that is manufactured by us, is corrosion-resistant, anti-rust, anti-dust, flexible and customised for customer requirements.

Our products are used by exporters for protecting metal items, auto parts etc, against corrosion & rust, during ocean shipment.

Our “VCI Poly Products” are ASTMN-117 & ROHS certified.

Our products are sold under our registered trademark “Sealrust VCI”.

SEALRUST VCI POLYTHENE TUBING ROLL AND WRAPPER

Business Type : Manufacturer, Supplier

Material : VCI Polythene

Color : Golden Yellow, Premium Blue, Natural

Feature : Sealrust VCI: Corrosion-Resistant

Country of Origin : India

Pattern : Plain

Quality : Premium Quality

Thickness : 50-200 Microns

SEALRUST VCI POLY BAG

Business Type : Manufacturer, Supplier

Thickness : 50-200 Microns

Color : Golden Yellow, Premium Blue, Natural

Country of Origin : India

Material : VCI Polythene

Capacity : 12 Kg

Pattern : Plain

Protection Against : Corrosion, Moisture

SEALRUST VCI PLASTIC GAZETTE BAG

Business Type : Manufacturer, Supplier

Color : Golden Yellow, Premium Blue, Natural

Country of Origin : India

Capacity : 12 Kg

Pattern : Plain

Material : VCI Polythene

Protection Against : Corrosion, Moisture

Quality : Premium Quality

SEALRUST VCI BAGS AND POUCH

Business Type : Manufacturer, Supplier

Material : VCI Polythene

Color : Golden Yellow, Premium Blue, Natural

Pattern : Plain

Country of Origin : India

Usage : Corrosion Protection

Quality : Premium Quality

Thickness : 50-200 Microns

SEALRUST VCI 3D BAG

Business Type : Manufacturer, Supplier

Pattern : Plain

Capacity : 25kg

Country of Origin : India

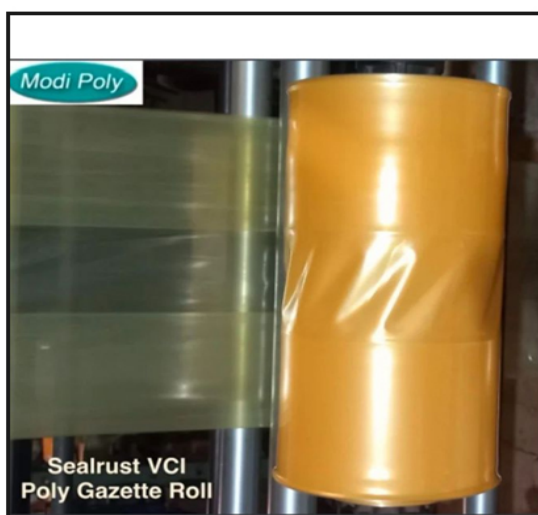

Color : Golden Yellow, Premium Blue, Natural

Material : VCI Polythene

Protection Against : Moisture, Corrosion

Quality : Premium Quality

SEALRUST VCI POLY GAZETTE ROLL

Business Type : Manufacturer, Supplier

Color : Golden Yellow, Premium Blue, Natural

Application : Industrial Use

Country of Origin : India

Pattern : Plain

Material : VCI Polythene

Quality : Premium Quality

SEALRUST VCI POLYTHENE STRETCH CLING FILM HAND WRAPPER

Business Type : Manufacturer, Supplier

Country of Origin : India

Color : Golden Yellow,Premium Blue,Natural

Material : VCI Polythene

Feature : Good Quality

Surface Finish : Glossy

Pattern : Plain

Quality : Premium Quality

STRECH CLING FILM HAND WRAP ROLLS

Business Type : Manufacturer, Supplier

Country of Origin : India

Color : Golden Yellow,Premium Blue,Natural

Material : Plastic film

Feature : Good Quality

Surface Finish : Glossy

Pattern : Plain

Quality : Premium Quality

MODI VPI POUCH

WHAT IS MODI VPI POUCH?

- VPI stands for Vapor Phase Inhibitor
- Modi VPI Pouch is a specialized anti-corrosion packaging solution designed to protect metal components and assemblies from rust and corrosion during storage and transportation.
- Modi VPI Pouch emits protective vapors that form an invisible molecular layer on the surface of metals, preventing corrosion caused by moisture, oxygen, and other environmental factors.

KEY FEATURES OF MODI VPI POUCH

- High Purity: Modi VPI Pouch contains VPI formulation with 99% chromatographic purity, ensuring effective and consistent performance.
- Neutral pH: With a pH of 6.9, Modi VPI Pouch is safe for use on ferrous and non-ferrous metals without causing surface damage.
- Eco-Friendly: Modi VPI Pouch is non-toxic and safe for industrial applications.
- Long-lasting Protection: Modi VPI Pouch provides extended corrosion protection for metals during long-term storage or shipment.
- Broad Compatibility: Modi VPI Pouch is suitable for automotive parts, precision tools, aerospace components, and industrial machinery.
