

Mona Exim Inc.

An ISO 9001:2008 Certified Company

Mona Exim Inc., an ISO 9001:2008 Certified Manufacturer, Exporter and Supplier of Engineering Products and Chemical Products. Ours is a trusted and tested name in the domain of chemical Industry, which opens the gateway to a whole new range of chemicals, our organization was incepted in January' 2007. We have gained an immense experience in the realm of Engineering Products and Chemical Products thereby catering to the diversified demands of the industries with the most appropriate product. We have set benchmark of excellence by rendering quality product and prompt services. The ISO 9001 Certification of the company also reflects the genuineness of our products and our credibility. We uphold crystal clear deals while catering to the demands of a huge customer base all across the globe. We also provide after sales service which gives us an edge over our competitors in the market. The use of the purest form of chemicals avoids any possibility of accidents in the laboratory. So, resort to us for the best chemicals matching international standards and feel the difference!

Aluminium Sulphate

We have carved a niche in international market as a credible Manufacturer, Exporter and Supplier of Aluminium Sulphate. Useful in the process of water purification, the Aluminium Sulphate is used in waste water, drinking water treatment, paper industries, construction industries & paint industries. It also acts as a mordant in dyeing and printing textiles. We hygienically pack Aluminium Sulphate in optimum grade packaging material to preserve its physical and chemical properties for long.

Grade : Ferric and Non Ferric

Calcium Hypochlorite

Our company specializes in manufacturing, exporting and supplying Calcium Hypochlorite. Available in the finest grade, our Calcium Hypochlorite is processed and packed under controlled conditions strictly in compliance with the set industry standards. It is extensively used in waste water treatment, drinking water treatment & swimming pool treatment. Our Calcium Hypochlorite is appreciated for high effectiveness, quality and long shelf life.

Castor Oil

We are offering Castor Oil at very competitive prices. Our Castor Oil is formulated using high grade ingredients in accurate amounts. Possessing exceptional chemical properties, the Castor Oil is used in adhesives, brake fluids, caulks, humectants, dyes, inks, lacquers and many others. It is widely acclaimed for its high efficacy and purity. Our Castor Oil is hygienically packed in premium grade packaging material to ensure long shelf life.

Hydrogenated Castor Oil

We are engaged in offering highly effective Hydrogenated Castor Oil. Also known as Castor Wax, Hydrogenated Castor Oil is a brittle wax that is insoluble in nature. Our Hydrogenated Castor Oil is produced by adding Hydrogen in the presence of Nickel Catalyst. It is used for Coating and Grease mfg where resistance to moisture, oils and other petrochemical products is required. Also, this castor oil finds usage in making adhesives, rubber, sealants, dyes, soaps, break fluid & lubricants & waxes.

Sodium Bentonite

Our company is reckoned as a prime Manufacturer, Exporter and Supplier of Sodium Bentonite from India. Sodium Bentonite is used in drilling mud for oil and gas wells , cat litter , cosmetic , iron ore pallet mfg. and many more. Our Sodium Bentonite is widely acclaimed for its purity, efficacy and long shelf life. We pack Sodium Bentonite under controlled conditions to keep its properties unaffected. Also, it is reasonably priced not to burn holes in the pockets of our customers.

Caustic Soda Flakes

Leveraging to our team of skilled professionals and ultra-modern technology, we are offering Caustic Soda Flakes. Our finest grade Caustic Soda Flakes are free from foreign matter, dirt or other visible impurities. They are used in the textile, soaps and detergents, pulp and paper industries and in alumina refineries. We hygienically pack Caustic Soda Flakes in premium grade packaging material to keep its physical and chemical properties for long. Caustic Soda Flakes are made available at the most affordable prices.

Polyaluminium Chloride Powder

We represent ourselves as one of the leading Manufacturers, Exporters and Suppliers of Polyaluminium Chloride Powder from India. Processed under controlled conditions, our Polyaluminium Chloride Powder is made up of high grade base chemicals and other ingredients. It is broadly used in waste water treatment, drinking water treatment & swimming pool treatment. Our Polyaluminium Chloride Powder is hygienically packed in optimum quality packaging material to preserve its efficacy and purity for long.

Polyacrylamide Powder

Based in Maharashtra (India), we are a well-known Manufacturer, Exporter and Supplier of Polyacrylamide Powder. It is a water soluble polymer formed from acrylamide. The Polyacrylamide Powder finds wide usage in water treatment industry. Ideal for all kinds of water treatment, the Polyacrylamide Powder is known for its high efficacy. We provide Polyacrylamide Powder in different size packaging at the best market prices.

Anhydrous Ammonia Gas

We are a prominent Anhydrous Ammonia Gas Manufacturer, Exporter and Supplier based in India. Our production unit is well equipped with all the machineries with latest technology required for processing and storing Anhydrous Ammonia Gas. The plant has a cylinder filling capacity of 7.5 M.T. of Anhydrous Ammonia. Anhydrous Ammonia Gas can be supplied in our Returnable Cylinders 40 kgs. & 50 Kgs. Net capacity per container is approx. 150 cylinders. We supply cylinders which have absolutely no problem of 'Water in Ammonia'.

China Clay

We are a distinguished Manufacturer, Exporter and Supplier of China Clay. Known for its quality, our China Clay is processed under the supervision of experts using premium base chemicals and other ingredients. China Clay finds wide application in paint industries, paper industries, rubber industries and ceramic / sanitary industries.

Benzoic Acid

Located in Maharashtra, India, we are actively functioning in making available top of the line quality Benzoic Acid. It is well-formulated by our team of professionals having years of experience and in-depth knowledge. The Benzoic Acid that we deal in is colorless having simple aroma. Since it is a chemical, we make use of quality tested material for its packing that do not react with it. Order retail or bulk, timely delivery is guaranteed!

Sulphuric Acid

We are counted among the top notch Manufacturers, Exporters and Suppliers of Sulphuric Acid from India. Our highly effective Sulphuric Acid is processed under controlled conditions using optimum grade base chemicals. It is a corrosive strong mineral acid with the molecular formula H_2SO_4 . The Sulphuric Acid is a pungent-ethereal, colorless to slightly yellow viscous liquid which is soluble in water at all concentrations. Further, Sulphuric Acid finds wide application in domestic acidic drain cleaner, electrolyte in lead-acid batteries and various cleaning agents.

Hydrochloric Acid

We can be contacted for purchasing Hydrochloric Acid as per the requirement. Our Hydrochloric Acid is well tested by the chemical experts on various parameters in order to ensure optimum efficacy. Hydrochloric Acid finds usage in performing numerous chemical reactions in laboratories, for metal treatment and many industrial applications. We pack Hydrochloric Acid with utmost care in order to ensure safe transition and usage. Also, it is reasonably priced.

Sodium Sulphate Anhydrous

We are a renowned Manufacturer, Exporter and Supplier of Sodium Sulphate Anhydrous based in Maharashtra, India. Sodium Sulphate Anhydrous is a white crystalline solid known as the mineral thenardite. It is extensively used in paper industries, textile and dyes industries, soaps & detergent industries and porcelain industries. Our Sodium Sulphate Anhydrous is packed with utmost care using moisture proof packaging material to preserve its purity and properties for long.

Soda Ash

We are offering Soda Ash that is one of the most important basic industrial chemicals for manufacturing other Alkali. It is used in soaps & detergent, glass industries, paper & pulp industries and sodium silicate industries, water softening chemicals and textile & dyes industries. Our Soda Ash is completely free from impurities and is appreciated for its exceptional efficacy. We hygienically pack Soda Ash in the best grade packaging material to preserve its chemical and physical properties for long.

Control Valve

The company is enlisted among the well known Manufacturers, Suppliers and Exporters of Control Valve. The Control Valves we make available are known for their high mechanical strength, robust construction, smooth operation, high corrosion resistance, etc. Our experts carry out various quality-tests on the Valves based on different parameters before the final dispatch. One can obtain these at market-leading rates from us.

Pipe Fittings

Offered by us in a gamut of sizes, our Pipe Fittings have become the primary choice of the buyers. The 34 Pipe Fittings are fabricated by our team of dexterous professionals under the strict supervision of experts so that the quality never hampers. It is all due to their non-corrosiveness and longer service life that they are comprehensively in demand. Our Pipe Fittings can be obtained in bulk orders and at rock bottom prices.

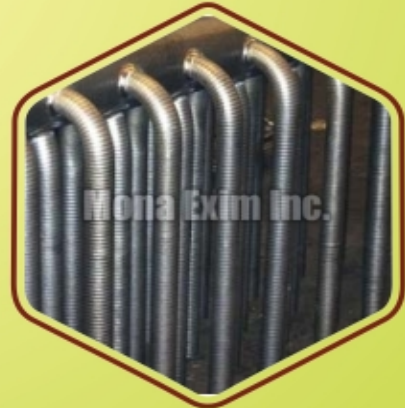

Vertical Centrifugal Pump

Located in Mumbai, we have earned a good name in the global markets for manufacturing, supplying and exporting the Vertical Centrifugal Pump of the best kind. According to required flow and pressure, we furnish the appropriate Vertical Centrifugal Pump at affordable prices. To meet the prescribed standards of the industry, our deft team only utilizes the finest materials and cutting-edge technology in the fabrication of these Pumps.

Boiler Tubes

Ours is the global entity to be reckoned with for precisely designed and durable Boiler Tubes. Fabricated using superior grade raw materials, our Boiler Tubes are appreciated for their excellent finish, high strength and corrosion resistance. Widely used in boilers installed in different industries, our tubes are available in any length. We make available our Boiler Tubes in bulk and at the most competitive rates.

Dosing Pump

The company is a reliable Manufacturer, Supplier and Exporter of Dosing Pumps. Our Dosing Pumps are manufactured in compliance with set industrial norms. Few words that better describe our Pumps are high mechanical strength, long functional life and reliable performance. Owing to our brilliant logistics network, we are capable of delivering bulk orders of the Pumps within the promised timeframe. Buyers can obtain these at nominal rates from us.

Conductivity Meter

We are counted among the trusted Manufacturers, Suppliers and Exporters of Conductivity Meter. The Conductivity Meters we make available are manufactured using quality-tested components and the latest technology. In order to cater the bulk and urgent requirements of the buyers, we maintain a large stock of the Meters in our state-of-the-art warehouse. The entire range of the Meters is reasonably priced by us.

Engineering Couplings

Based in Mumbai, Maharashtra, we have built a wealth of experience in manufacturing, supplying and exporting the immense range of Engineering Couplings world-over. Our adroit professionals designs the couplings in compliance to the highest industry standards, to meet expectations of our buyers. Our offered models of Engineering Couplings can be altered, to fit variegated demands. Buyers can acquire our durable Engineering Couplings, by paying a modest price.

Metal Flanges

All of you who are looking for superior quality Metal Flanges can turn to us! We are a top-notch Manufacturer, Exporter and Supplier of Metal Flanges from Maharashtra, India. The Metal Flanges that we bring to you are offered by us in different specifications and are resistant to corrosion. Feel free to place small as well as bulk orders of Metal Flanges with us and we will deliver the same within the promised span of time.

Self Aligning Ball Bearings

Buy from us the top-notch Self Aligning Ball Bearings at unbelievably low prices. We are referred as the significant Manufacturer, Supplier and Exporter of the Self Aligning Ball Bearings in India and abroad. High dimensional accuracy, infallible performance and durable life are the highlights of our Self Aligning Ball Bearings. Further, we ease our buyers with the availability of these Self Aligning Ball Bearings in standard and customized specifications.
