About Us

Established in the year 2005, Rex Traders is based in Hapur, Uttar Pradesh (India). We have specialization in Copper Cathode, Copper Bonding Braided Strap, and Copper Flexible Earthing Strap. We are best known for the high purity and consistent quality, Copper cathodes are basically square-shaped plates of 6mm width, with 99.98% copper purity levels which are created with the help of the electro-refining procedure.

Our copper cathodes are widely used in the manufacturing of regular cast copper rods which is beneficial for using the wire, transformer, and cable. They are also widely used for the manufacturing of copper tubes for shopper strong goods and other applications in the form of sheets and alloys.

Values

- No zero harm, teamwork, results-oriented, accountability, and courage – these are the prices that create the company unified and set standards of performance. The prime value unites all the employees despite the position in the organization as well their nationality. They are a lodestar for different decisions and sections.
- Our Innovative workforce makes use of industry-leading mining to port and logistic processes and expertise to make our operations secure, low cost, and well-organized. The recyclable metal is also widely used in a diverse range of the building as well as electrical applications. It is the right source for renewable energy. Our customer team is ready to assist you anytime.

COPPER CATHODE

Specifications

Type	:	Rubber Hoods
Material	:	Neoprene Rubber
Shape	:	Hood
Thickness	:	5mm
Color	:	Black
Feature	:	Light Weight
Pattern	:	Plain

COPPER BONDING BRAIDED STRAP

Specifications

Application	:	Electric Conductor
Color	:	Brown
Conductor	:	
Material Ins.	:	Copper
Material	:	Enameled
Feature	:	Lowest Electricity Consumption, Perfect Double Polyvinyl Chloride (PVC)Insulation
Length	:	8-1/2 Inch
Thickness	:	1 mm - 15 mm

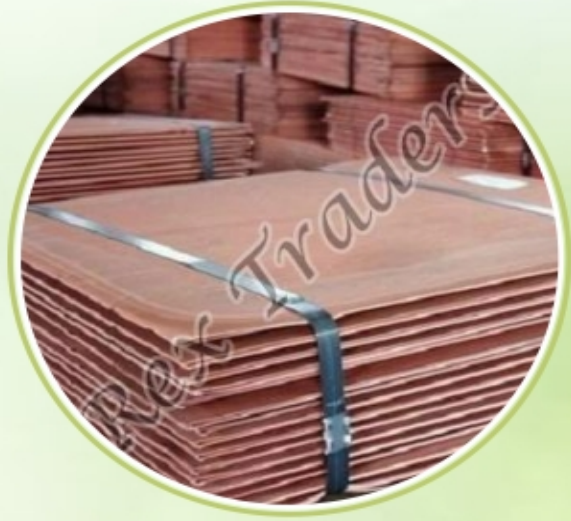

COPPER FLEXIBLE EARTHING STRAP

Specifications

Material	:	Copper
Shape	:	Flat
Thickness	:	1-5 mm
Length	:	10-100
Color	:	Brown
Feature	:	Fine Finishing, High Strength
