www.firesafetydevices.co.in

The year 1995 saw the incorporation of Fire Safety Devices Pvt. Ltd., in Faridabad (Haryana). The rich 20-year-experience of Mr. DP Parekh (Director) has helped us to win excellence that is testified from our turnover of INR 29 Crores. Further, we offer Customized Packing Solutions to the clients.

Infrastructure :

Located over an expansive area of 7,500 Square Yard, our infrastructure consists of three factories: two in Faridabad and one in Haridwar. Further, we have state-of-the-art Testing Labs to test the quality of these Fire Fighting Products. Also, we have DSIR Approved R&D Labs, which help us to keep a tab on the developments taking place in the manufacturing of Fire Fighting Products.

Production Capacity :

- Powder 500 Tons per Month
- AFFF 2,00,000 Liters per Month
- Extinguishers 10000 Pieces per Month

Network :

Hard work and dedication to never give up have helped us to win the trust and support of the clients. Some of the parts of the world where we have built an extensive market presence are :

- Middle East
- South East Asia
- Africa
- Latin America
- USA

CLASS A FOAM CONCENTRATE

FIRECHEM manufactures a wide range of Class A Foam Concentrates for use in a variety of firefighting applications. When proportioned with water, Class A foam concentrates change the water properties, reducing the surface tension allowing greater penetration into Class A fuels.

FLUORINE FREE FOAM

Business Type : Manufacturer, Exporter, Supplier
Application : Industrial Use, Control And
Country of Origin : India
Type : Foam Concentrate

HIGH EXPANSION FOAM

FIRECHEM Foam concentrate can be used with high expansion equipment to combat three dimensional fires where total flooding is the objective such as paint booths, paper ware houses, airplane hangers and mines. The long lasting foam also helps to prevent re-igniting.

PROTEIN & FLUOROPROTEIN FOAM

Business Type : Manufacturer, Exporter, Supplier
Specific Gravity : 1
Type : Foam Concentrate
Material : Protein-based Foaming Agent

Our Products

Fire Safety Devices Pvt. Ltd.

ALCOHOL RESISTANT AQUEOUS FILM FORMING FOAM

Business Type : Manufacturer, Exporter, Supplier
Type : Aqueous Film Forming Foam
Shelf Life : 5 TO 10 YEARS
Condition : Good

AQUEOUS FILM FORMING FOAM

Business Type : Manufacturer, Exporter, Supplier
Type : Aqueous Film Forming Foam
Application : Industrial
Shelf Life : 5 TO 10 YEARS

FIRE FOAM TENDER

Our foam tenders carry the apparatus used to mix foam concentrate with water to make the foam solution and then pump and mix air to solution in order to make foam. It is used to transport and apply the same.

ALCOHOL RESISTANT FILM-FORMING FLUOROPROTEIN FOAM

Business Type : Manufacturer, Exporter, Supplier
Application : Industrial Use, Multi-purpose
Natural Protein Based Foam For
Hydrocarbon And Polar Solvent
Fuel Fires
Country of Origin : India
Type : Fluoro Protein Foam

Our Products

Fire Safety Devices Pvt. Ltd.

CARBON DIOXIDE FIRE EXTINGUISHER

FIRECHEM CO2 Extinguishers units provide the power to respond quickly and effectively by design to protect against Class B (flammable liquids and gases) and Class C (energised electrical equipment) fires. These extinguishers are well suited for indoor use in furnace rooms, printing presses,

CLEAN AGENT FIRE EXTINGUISHER

Business Type : Manufacturer, Exporter, Supplier
Material : Mild Steel
Usage : Control And Extinguish Fires In
Country of Origin : India

DRY POWDER FIRE EXTINGUISHER

FIRECHEM ABC or Multi-Purpose Extinguisher utilise a specially fluidised and siliconised mono ammonium phosphate dry chemical. It chemically insulates Class A fires by melting at approximately 350F and coats surface to which it is applied. It smothers and breaks the chain reaction of Class B &

FOAM FIRE EXTINGUISHER

Business Type : Manufacturer, Exporter, Supplier
Usage : Office, Industry, Mall,
Country of Origin : India
Type : Foam

ABC CHEMICAL POWDER

Business Type : Manufacturer, Exporter, Supplier
Delivery Time : ready stock

BC DRY POWDER

FIRECHEM BC Dry Powder is a siliconised sodium bicarbonate based dry chemical that is suitable to use on either Class B and C type fires. The application is designed for use against flammable liquid and gas fires. It is available in different grades like :BC -10, BC – 30, BC – 40, BC – 60, BC -80 and BC- 90.

FORCE FIRE EXTINGUISHER POWDER

Business Type : Manufacturer, Exporter, Supplier
Strength : Superior
Country of Origin : India
Type : Powder

PURPLE K POWDER

This application is designed for use against flammable liquid and gas fires, is based on sodium bicarbonates. It is generally considered that for powders of similar particle size distribution, those based on potassium bicarbonates are about one and a half times more effective

BLADDER TANK

Bladder Tanks are one component in a balance pressure foam proportioning system. It requires no external power other than water pressure to ensure correct operation. Both vertical and horizontal bladder tanks are designed and constructed in accordance with the latest revisions to ASME code.

FOAM CHAMBER

Business Type : Manufacturer, Exporter, Supplier
Application : Fire Safety Use, Introduce
Foam Variety : Fire Extinguishers
Type : Fire Safety Equipment

FOAM GENERATOR

Business Type : Manufacturer, Exporter, Supplier
Type : Foam Generator
Country of Origin : India
Output Type : AC Three Phase

HANDLE NOZZLES

Business Type : Manufacturer, Exporter, Supplier
Finishing : Polished
Application : Hospitals, Hotels, Malls, Ideal
Country of Origin : India

Our Products

Fire Safety Devices Pvt. Ltd.

MULTIPURPOSE FIRE TENDER

Business Type : Manufacturer, Exporter, Supplier

Our 25 ton multipurpose tender comes with top end Tata, Ashok Leyland Taurus or MAN chassis.

These multipurpose tenders are equipped with 8000-10000 litre water tank, and 500-3000 litre foam tank.

WET CHEMICAL FIRE EXTINGUISHER

Business Type : Manufacturer, Exporter, Supplier

Payment Terms : Other

Delivery Time : ready stock

TEC DRY POWDER

Business Type : Manufacturer, Exporter, Supplier

Port : FARIDABAD

Delivery Time : ready stock

DUST SUPPRESSION AGENTS

Application of these products not only ensure dust control as required by the mining and environmental laws but in doing so effectively, it may ensure higher productivity and economy of operations. More and more mining projects, powder houses, cement plants, steel plants etc are

FIRE SUPPRESSION SYSTEMS

Business Type : Manufacturer, Supplier
Additional Information : View
Application Feature : Industrial
Feature : Easy To Use

FLAME RETARDANT SOLUTION

FLAME – O – GUARD – DC

A versatile Flame retardant solution for fire protection of curtains and other loose hung flammable fabrics. In order to apply Flame-O-Guard to a small piece of material to ensure it does not shrink and the dyes are water-fast and does not water mark.

OIL SPILL DISPERSANT

Dispersants can be an effective oil spill response strategy. They are capable of quickly removing significant quantities of oil from the sea surface by transferring it into the water column where it is broken down by natural processes. Significant environmental and economic benefits can be
