

# Green Packaging House

Made with  
eco-friendly  
materials like jute,  
LDPE, BOPP,  
paper and cotton.

# ABOUT US

Though there are numerous packaging bag options available in the market, the efficacy and charm of nature-friendly bags are something that is unique and divine. Green Packaging House is a well-established and authorised manufacturer and supplier of top-standard packaging and other bag items made with eco-friendly materials like jute, LDPE, BOPP, paper and cotton.

## **Our Products**

Being a renowned company Green Packaging House offers products like BOPP rice bags, shopping bags, LDPE printed bags, jute bags, non-woven bags, paper bags, jute fabric, packaging pouches, school bags and cotton bags, jute planters and laminated non-woven fabrics.

## **Our Features**

The eco-friendly packaging items we manufacture and supply are appropriate for various normal and industrial packaging purposes. All our packaging bags products are designed with the latest creative technologies to make them highly functional and beneficial for multiple packaging and regular use purposes.

As one of the leading environment-friendly packaging bag products manufacturing and supplying brands in Kolkata, West Bengal we use the best inventive techniques and the best raw materials like jute, LDPE, BOPP, cotton and paper to manufacture our products for ensuring maximum effectiveness. Besides being a renowned manufacturer, Green Packaging House is a distinguished supplier of all the bag products cited above since our establishment in the year 2012.

Shoppers all over the world are interested in engaging with us for getting the best quality eco-friendly bag items with 100% assured quality and trust. All the products we supply, come in the market with effective quality examinations and 100% quality assurance.

We include the best professional experts in our team including the designers and craftsmen who review the entire manufacturing network with the highest efforts to assure the best quality. Since Green Packaging House is a prominent supplier of high-quality bag items, we only supply products that combine the best manufacturing methods and nature-friendly raw materials.
