# BE JOB PROVIDER, INSTEAD OF JOB SEEKER & INNOVATE YOUR WORLD

## ABOUT US

**Mahadyuti Engineering Solution** is a Bhopal (Madhya Pradesh) based organization which was incorporated in the year 2016. Under the leadership of our efficient mentors, we have been able to acquire a distinguished position in the industry.

### Infrastructure

We owned a well-developed infrastructure facility which is equipped with ultra-modern machines ensuring high efficiency and low production cost. Apart from this, our unit is segregated into different segments such as production, marketing, procurement and logistics etc ensuring smooth flow of activities.

### Our Team

We are backed by team of hardworking professionals that helps us to meet the exact demands of buyers in the most successful manner. Apart from this, we work in close coordination with clients so as to maintain cordial relation with them.

### Nationwide Reach

With the help of our wide distribution networks, we are able to deliver our products in all across the nation with great ease. Additionally, our modern transit facilities enable prompt and safe delivery.

## MISSION

Is to **provide ground solutions** that are we engineered, pragmatic and innovative, using the specialist skills and experience of our team, to meet and exceed the expectations of our clients.

## VISION

Is to create a consultancy that continue to be recognized for its contribution to achieving and setting best practice standards in engineering and business as we develop our company from now into the 2020s. We will be a dominant force in the provision of ground solutions with a powerful national and regional presence. We will achieve this from the delivery of high quality consultancy advice based on the knowledge and capabilities of our experienced and motivated specialist staff.

## **Automatic Camphor Tablet Making Machine (Mechanical)**

### **Model : M-FA-CTM**

Being a leading manufacturer & supplier, we are engaged in offering an excellent range of premium quality “Automatic Camphor Tablet Making Machine” to the MSME Industry.

Our machines are of simple and sturdy design, easy to operate, more production at less cost and maintenance. This high quality machine runs at very high speed at the rate of 100-150 Strokes per minute, by consuming very less electricity power.

Due to the high demand of Camphor Tablets at every city, & rural areas this is very profitable business at all time.

### **Machine Specifications...**

<i>S.No.</i>	<i>Description</i>	<i>Design Value</i>
1	Machine Type	Automatic (Mechanical)
2	Motor Power	1 HP (230 VAC, Single Phase)
3	Machine Speed	200-300 Tablets/min
4	Power Consumption	0.75 Unit/hr
5	Raw Material	Camphor Powder

**Note: This Machine includes 1 Circular Tablet Die Set.**

**On adding other dies will be charged extra.**
