BE JOB PROVIDER, INSTEAD OF JOB SEEKER & INNOVATE YOUR WORLD

ABOUT US

Mahadyuti Engineering Solution is a Bhopal (Madhya Pradesh) based organization which was incorporated in the year 2016. Under the leadership of our efficient mentors, we have been able to acquire a distinguished position in the industry.

Infrastructure

We owned a well-developed infrastructure facility which is equipped with ultra-modern machines ensuring high efficiency and low production cost. Apart from this, our unit is segregated into different segments such as production, marketing, procurement and logistics etc ensuring smooth flow of activities.

Our Team

We are backed by team of hardworking professionals that helps us to meet the exact demands of buyers in the most successful manner. Apart from this, we work in close coordination with clients so as to maintain cordial relation with them.

Nationwide Reach

With the help of our wide distribution networks, we are able to deliver our products in all across the nation with great ease. Additionally, our modern transit facilities enable prompt and safe delivery.

MISSION

Is to **provide ground solutions** that are we engineered, pragmatic and innovative, using the specialist skills and experience of our team, to meet and exceed the expectations of our clients.

VISION

Is to create a consultancy that continue to be recognized for its contribution to achieving and setting best practice standards in engineering and business as we develop our company from now into the 2020s. We will be a dominant force in the provision of ground solutions with a powerful national and regional presence. We will achieve this from the delivery of high quality consultancy advice based on the knowledge and capabilities of our experienced and motivated specialist staff.

Fully Automatic Single Die Paper Plate Making Machine (Mechanical)

Model : SD-FA414

This is a Mechanical machine named as “**Fully Automatic Single Die Paper Plate Making Machine**”, which is operated by Crankshaft Mechanism.

The manufacturing rate of this machine with respect to electricity consumption is very high. This machine is basic machine for manufacturing disposable paper products.

As, this machine is very economical and performed very well for manufacturing of paper Dona, Collar Plate & Thali upto 14 Inch Size.

Thus, this machine is very popular among those Business Start-ups, who has low budget for investment.

Machine Specifications...

<i>S.No.</i>	<i>Description</i>	<i>Design Value</i>
1	Machine Type	Mechanical
2	Machine Capacity	4 Inch to 14 Inch
3	Motor Power	0.5 HP
4	Machine Speed	1200 Pce/hr
5	Power Consumption	0.75 Unit/hr (Max)

**Note: This machine includes 1 Dona Die of 6 Inch.
On adding other dies will be charged extra.**

Paper Dona

Jumbo Dona

Diamond Dona

Collar Paper Plate

Collar Paper Thali

By this machine we can manufacture all sizes of Paper Dona, Collar Plates & Thali upto 14 Inch size.

Whereas, Collar Thali above 14 Inch, Designer Plate & Thali (Wrinkle, Diamond, & Capsule) for all types & size can't be manufacture by this machine.

These items are manufacture by **Hydraulic Powered Machine**.

Fully Automatic Double Die Paper Plate Making Machine (Mechanical)

Model : DD-FA414

Like a Single Die Machine, “**Fully Automatic Double Die Paper Plate Making Machine**” also a Mechanical Machine which is operated by Crankshaft Mechanism.

This machine doubles their all features than Single Die Machine, like Machine Speed, Motor Power, Power Consumption etc...

As, this machine is very economical and performed very well for manufacturing of paper Dona, Collar Plate & Thali upto 14 Inch Size.

Thus, this machine is very popular among those Business Start-ups, who has low budget for investment.

Machine Specifications...

S.No.	Description	Design Value
1	Machine Type	Mechanical
2	Machine Capacity	4 Inch to 14 Inch
3	Motor Power	0.5 HP
4	Machine Speed	1200 Pce/hr
5	Power Consumption	0.75 Unit/hr (Max)

**Note: This machine includes 1 Dona Die of 6 Inch.
On adding other dies will be charged extra.**

Paper Dona

Jumbo Dona

Diamond Dona

Collar Paper Plate

Collar Paper Thali

By this machine we can manufacture all sizes of Paper Dona, Collar Plates & Thali upto 14 Inch size.

Whereas, Collar Thali above 14 Inch, Designer Plate & Thali (Wrinkle, Diamond, & Capsule) for all types & size can't be manufacture by this machine.

These items are manufacture by **Hydraulic Powered Machine**.

Semi-Automatic Single Die Paper Plate Making Machine (Hydraulic Powered)

Model : HSD-SA418

This machine “**Semi-Automatic Single Die Paper Plate Making Machine**” is a Hydraulic Powered Machine, works on the principle of Fluid (Oil) Pressure. Thus, we get tremendous force from this machine when compared with basic mechanical machine.

This hydraulic machine is second generation machine , & from this machine we can manufacture complete range of Paper Dona, Plate & Thali.

Hydraulic machine is somewhat costlier & mostly required by those Business’s who’s priority is quality & performance of machine & its manufacturing products.

Machine Specifications...

<i>S.No.</i>	<i>Description</i>	<i>Design Value</i>
1	Machine Type	Hydraulic
2	Machine Capacity	4 Inch to 18 Inch
3	Motor Power	2 HP
4	Machine Speed	10-15 Punch/min
5	Power Consumption	2 Unit/hr (Max)

Note: This machine doesn’t includes any Die.
On adding any dies will be charged extra.

Paper Dona

Collar Plate

Wrinkle Plate

Diamond Plate

Capsule Plate

Buffet Plate

Partition Plate

By this machine we can manufacture a complete range of Paper Dona, Plate & Thali of all Sizes.

This hydraulic machine can be **customize** as per customer’s requirement of **operations and safety** concerns.

For more information about customisation of machine, you may kindly contact us.

Semi-Automatic Double Die Paper Plate Making Machine (Hydraulic Powered)

Model : HDD-SA418

This machine “**Semi-Automatic Double Die Paper Plate Making Machine**” is a Hydraulic Powered Machine.

In this machine, we can use two dies at a time. Hence, it doubles the production speed without enhancing the power consumption.

This machine is mostly used in manufacturing the complete range of Paper Plate & Thali.

Hydraulic Machine is known for its high quality performance in low maintenance cost.

Machine Specifications...

S.No.	Description	Design Value
1	Machine Type	Hydraulic
2	Machine Capacity	4 Inch to 18 Inch
3	Motor Power	2 HP
4	Machine Speed	10-15 Punch/min
5	Power Consumption	2 Unit/hr (Max)

**Note: This machine doesn't includes any Die.
On adding any dies will be charged extra.**

Paper Dona

Collar Plate

Wrinkle Plate

Diamond Plate

Capsule Plate

Buffet Plate

Partition Plate

By this machine we can manufacture a complete range of Paper Dona, Plate & Thali of all Sizes.

This hydraulic machine can be **customize** as per customer's requirement of **operations and safety** concerns.

Dear Customer,

In the era of technological enhancement every customer's wants maximum information about the product in shorter time & that too in his time.

Although, we also wants to gives all the necessarily information about the product. But sometime due to any unpredictable circumstances, we fail to do so.

Hence, to resolve this matter we started to give all our Business Activities & Product Information through our YouTube Vedios. So, that every customer gets maximum information about the product that they wants.

In our YouTube Channel, we uploads the vedios regarding our product information & our business activities on regular basis. I hope our this initiative can help to enhance your knowledge & belief on us.

Since, all the YouTube vedios is dedicated to all of our customers. We are expecting your suggessions to give us the direction of improvement.

Also, requesting to all of you that please do Like & Share our vedios, & Subscribe our YouTube Channel. In this way, your support will encourage us to do even better than today.

For Paper Disposal Product Industry, we have tried to give you the complete information about all the topics related to Paper Disposable Manufacturing Business through our videos.

But due to the length of the video, we have divided it into 5 sections and in each section we will reach you the complete information about each topic, which you have not seen anywhere.

As we put a lot of effort to make these vedios to presenting you, so please do like, comment & share. We will eagerly wait for your comments & suggestion.

For any other information, you can connect us through our any contacting channel.

Thank you,
Mahaduti Engineering Solution
