

# Shiva Telecom

Shiva Telecom is a dynamic name in supplying telecommunication equipment, antenna and wires. In the year 2014, we have begun our journey in Delhi as an exporter and supplier.

## About Us

Shiva Telecom is a dynamic name in supplying telecommunication equipment, antenna and wires. In the year 2014, we have begun our journey in Delhi as an exporter and supplier. Being a well-recognised brand, Shiva Telecom offers products like coaxial adapters, electrical cables, signal antennas, MC4 connectors and CCTV cameras. The devices we export and supply are applicable for different security purposes and telecommunication use.

All our devices are designed with the latest scientific and inventive technologies to make them highly functional. We are especially capable of understanding the client's needs well. We offer customised solutions for fulfilling their need. The most prominent aspect of our company is none other than our well-arranged exporting capacity.

We stock all the above-mentioned devices in warehouse units that are furnished with all the necessities. We use the latest technologies to store these machines with maximum potency. Our team encompasses highly trained professionals who help us in offering high-end telecommunications devices.

Our swift delivery and positive attitude make us a brand that you can rely on. We have highly experienced project managers, BDM and customer relationship managers. They are aware of all the marketing strategies as well as the software development procedures. We always aim towards supplying our products with fast and hassle-free delivery procedures. Contact Shiva Telecom to get excellent telecommunication devices at an affordable rate.
