## Benefits of Ayurvedic & Allopathic Medicines

Ayurvedic Medicine is one of the oldest and traditional form of medicines to cure diseases which originated in India during the ancient times. It is made from natural herbs, flowers and plants and do not have any side effects. Ayurvedic medicines, Herbal ayurvedic medicine till date are considered to be the best and most effective form of medicines. Whereas, allopathic medicines were founded in the western countries. These are used world wide to cure even extreme health diseases. By offering these various forms of medicines and health supplements we want to make the world a healthier place to live.

Based in Sonipat, Haryana, India, we, YAXON BIOCARE PVT. LTD was established in the year 2010 as a prominent manufacturer, exporter and supplier of Medicines, Ayurvedic Medicines, Allopathic Medicines, Nutraceutical, Cosmetic product, Ointment Creams and Veterinary Product. With the use of premium quality drugs, ingredients and chemicals we are able to manufacture the most effective range of medicines. These are used to cure diseases, improve health, build immunity etc. We follow strict quality measures so that our offered medicines matches the international laid guidelines. We follow ethical business practices and keep complete transparency in all business transactions so no loopholes are left behind.

## Quality Confirmation

We are an ISO 9001:2008, GMP Certified and FSSAI approved organization. In order to meet the set national and international quality standards we conduct rigorous test on our offered Medicines, Ayurvedic Medicines, Allopathic Medicines and Nutraceutical.

## Why Us?

Given below are some highlighting factors of our firm that has provided us a reputed position in the market place.

- Premium Quality Medicines
- ISO 9001:2008 Certified Company
- Transparent Business Dealings

## Our Infrastructural Facility

Our well laid infrastructure at our premises is the backbone of our enterprise. Spread over a wide area land our facility provides a well equipped manufacturing unit, large warehouse, packaging department, quality testing laboratory and more.

## Quality Confirmation

As an ISO 9001:2008 and GMP certified firm, the first thing on which we emphasize is quality. For maintaining highest standards, we have appointed an experienced and knowledgeable team of quality experts who regularly inspect the products. Our main priority out of all is to deliver only safe and top quality products because we are dealing in life saving drugs. Every single ingredient used in the formulation of medicines are sourced only from the government certified vendors. The parameters on the basis of which the medicines are tested are:

- Composition
- Purity
- Ingredients Used
- Effectiveness etc.

## Our Infrastructural Facility

For running a business, one must need a well-equipped facility from where all the operations being executed. By considering this, we have also owned a sound infrastructural set-up which is further segmented into different departments. Each department performs their specific tasks and business operation in an apt way. The manufacturing department makes sure that during the processing and manufacturing process latest machinery are used. Our large, spacious and clean warehouse assists us to store the bulk quantities with utmost safety.
