ABOUT US

Sai Cement Articles is a name that is known in the industry for its high grade products, exceptional services, and transparency. We are a remarkable manufacturer and supplier of premium quality RCC products. Our assortment is inclusive of RCC garden bench, RCC compound walls and RCC folding compound walls. These RCC products are manufactured by using the optimum quality raw materials, which are sourced directly from our quality certified and trustworthy vendors. We make sure that each RCC product is manufactured in compliance with prevailing standards. Customers can purchase these RCC products from us at the best market leading prices. We are distributing these products in various locations within India.

Sai Cement Articles is one of the acknowledged organizations that are engaged in the business of manufacturing and supplying the high quality compound walls, garden bench, and other RCC products. The company is based in Hyderabad (Telangana, India). Mr. Kameshwar Prasad (Owner) is the diligent personality behind the inception of our company. He laid the foundation stone in the year 2009.

Our Inventory

We procure the raw materials from our vendors and process them at our well-furnished inventory. Divided into several departments like procurement unit, manufacturing unit, warehousing unit, logistics unit, etc., our inventory enables us to complete our consignments efficiently.

Warehousing Unit

We are backed by a spacious warehousing unit, which is equipped with lots of storage facilities. Our warehouse keepers ensure that the products are stored in a suitable environment until they are dispatched to our esteemed customers.
