Shri Balaji Alloys
CORPORATION

ABOUT US

Shri Balaji Alloys Corporation is engaged in manufacturing, exporting and supplying different types of welding electrodes. We offer a wide range of products like HF-105 adamite steel welding electrode, HF-110 alloy steel welding electrode, HF-104 hardfacing welding electrode, HF 550 maxidura hardfacing welding electrodes, HF-100 machinable hardfacing welding electrode, 13ss mild steel welding electrode, HF-108 special welding electrode, SP welding electrode and many more. All these products are made with the help of cutting-edge technologies with the assistance of our experts. We make sure only the finest quality products get delivered from our end and our quality auditors make sure this happens.

Our firm is located in Raipur (Chhattisgarh, India) and is acclaimed for making world class products. Shri Balaji Alloys Corporation was established in 2010 and made a strong impact on the global market. All our products are widely used by major industries because of their quality.

OUR CREW

We have a team of the qualified employees. They are responsible for choosing the finest-quality raw materials for the production. Their efforts are appreciable as they are dedicated towards the duties assigned to them.

OUR PRODUCTION UNIT

Our factory is the place where we manufacture our products by processing the raw materials. The factory is equipped with the modern-day machines that are operated by the maven. The usage of the machines reduces the manual input and results in a flawless outcome.

NAME OF CEO

MR. ANOOP SINGH SHEKHAWAT

YEAR OF ESTABLISHMENT

2010

NATURE OF BUSINESS

MANUFACTURER, EXPORTER & SUPPLIER

MARKET COVERED

INDIA & WORLDWIDE

MAXIDURA WELDING ELECTRODES

STEEL WELDING ELECTRODES

HF-105 Adamite Steel
Electrodes

HF-110 Alloy Steel
Welding Electrodes

HF-100 Steel Welding
Electrodes

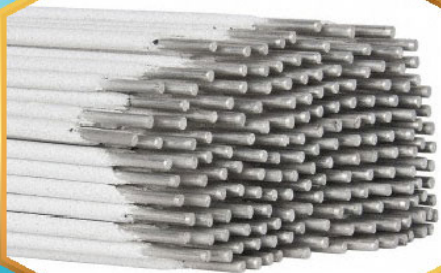

13SS Steel Welding
Electrodes

HF-105 Steel Welding
Electrode

IRON WELDING ELECTRODES

STEEL WELDING ELECTRODES

FEATURES

**Suitable for all position welding
Lesser surface penetration
Ideal for repairing foundry defects**

**HF-102 SG Iron
Welding Electrodes**

FEATURES

**High carbon content
Excellent strength and high resistance to corrosion
Produce high-quality welds**

**CI-115 Cast Iron
Welding Electrodes**

**SG Iron Welding
Electrodes**

APPLICATION

A Medium Heavy Coated Hydrogen Controlled Electrodes. Specially for joining and overlay work for the steel mills and forging industry. The Electrode gives smooth arc.

HARDFACING WELDING ELECTRODES

STEEL WELDING ELECTRODES

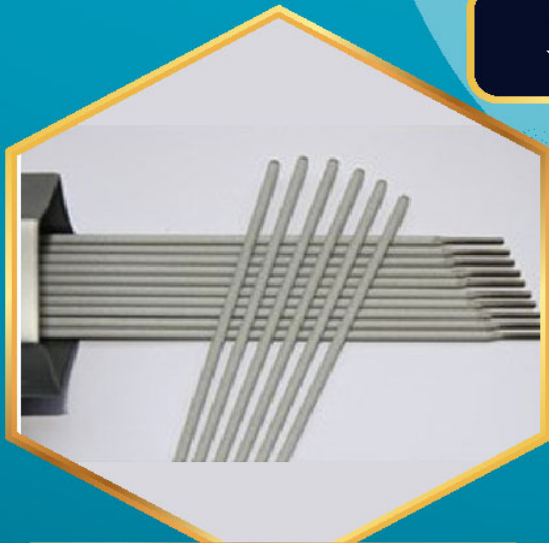

**HF- 350 Hardfacing
Welding Electrodes**

**HF-104 Hardfacing
Welding Electrodes**

**HF 550 Hardfacing
Welding Electrodes**

**HF-100 Hardfacing
Welding Electrodes**

**HF-108 Hardfacing
Welding Electrodes**

**CAST IRON
WELDING
ELECTRODES**

**CAST IRON
WELDING
ELECTRODES**

SPECIFICATIONS

Brand Name	Maxidura
Material	Cast Iron
Size	4.00 X 350 mm
Packing Type	Box
Operating Current	AC/DC
Box Weight	10 Kg

ADDITIONAL INFORMATION

Product Code	CI-115
Min. Order Quantity	100 Kilogram
Payment Terms	T/T
Delivery Time	7 Days

PRICE : INR 4,600.00 / 1 KILOGRAM
