About Us

Kansal Sons Steels Limited

Kansal & Sons Steels Limited, located in Fatehgarh Sahib, Punjab, has grown into a prominent supplier and trader in the steel industry since 2003. Under the leadership of Mr. Vipin Kansal, our company is dedicated to providing high-quality steel products that cater to a wide range of industrial and construction needs.

We offer an extensive selection of mild steel pipes, including round, seamless, and square variants, known for their durability and strength. Our collection of mild steel bars features square, flat, round, hexagon, and D-shaped bright bars, suitable for various structural and manufacturing applications. Additionally, we provide mild steel threaded rods and plates, including plain and chequered options, which are essential for diverse engineering projects.

Our product range also includes metal wires, such as barbed wire and galvanized iron wire, ensuring reliable solutions for fencing and other purposes. We supply various mild steel angles, including L-shaped and T angles, which are critical components in construction and fabrication. Seamless steel pipes, TMT bars, and galvanized iron pipes are also part of our extensive inventory, meeting the rigorous demands of infrastructure development.

Kansal & Sons Steels Limited further offers mild steel C channels, rails, slabs, and beams, which are integral to heavy-duty construction and industrial frameworks. Our W beam crash barriers provide enhanced safety solutions for highways and roadways, emphasizing our commitment to quality and safety.

Our dedication to excellence is reflected in the superior quality of our products and the trust we have earned from our clients. Kansal & Sons Steels Limited continues to strive for innovation and customer satisfaction, ensuring we remain a leading name in the steel industry.
