About Us

Kumaran
Shapes & Gasket

Established in 2018, Kumaran Shapes & Gasket is a top company specialising in premium refractory ceramic fibre solutions. With our headquarters in Chennai, Tamil Nadu, we serve businesses worldwide.

● Specialized Ceramic Fibre Solutions

Providing ceramic fibre insulation goods is our main priority. These include paper and ceramic fibre boards, which work incredibly well as backup layers for bricks and castables. These goods contribute to lowering shell temperature, stopping heat loss, and extending the life of hot face linings.

● All Presence in Various Sector

We provide services to a wide range of industries, including ferrous and non-ferrous sectors, automotive, petrochemical, refinery, maritime, ceramics, cement, and sponge iron. Our products are essential for increasing operational effectiveness for safe operations.

● Worldwide Reach

Having established a strong base in India, Kumaran Shapes & Gasket has grown to provide global customers.

Our dedication lies in providing cutting-edge, high-performing refractory materials that cater to the diverse requirements of international industries.

● Customer-Centric Approach

At Kumaran Shapes & Gasket, client satisfaction is key. We collaborate closely with customers to fully grasp their unique needs. With this strategy, we can efficiently customise our solutions to provide the best possible performance and value.

● Get in touch with us

For further information, connect with Mr. N. Kumarappan, our authorised contact person, for any queries or collaborations. We are committed to innovation, making sure that our solutions solve challenging industrial issues and improve operational reliability.
