

SURESH FORESTRY NETWORK

About us

Suresh Forestry Network was established in the year 1985, with an objective to produce superlative herbs, plants, seeds etc., and to lead our company in the national as well in the international market. Under the able veneration of our CEO, Mr. D. R. Suresh, we are able to achieve pinnacle of success in this highly competitive era. His in depth knowledge and profound experience has assisted us to stand among the distinguished teak seeds suppliers in India. We have achieved a distinct edge in producing Fencing Species, Firewood Species, Fodder Species, Nursery Plants, Agro Seeds, Buddha Nuts, Green Manure, etc., and have the capacity to deliver more than 80 varieties of seeds and plants, according to season.

TEAM WORK

We have a highly qualified team of experts, who always strive to produce qualitative natural products and fulfill the client's satisfaction level. Due to their hard work and commitment towards environment friendly products, we have developed into a successful group.

QUALITY

Quality is the major concern of ours, while producing trees, herbs, seeds etc. To assure the quality of our products, we have our own quality set up, which is monitored by our talented quality control specialists, who have profound knowledge regarding the inspection process. Our products are freshly grown under hygienic and controlled temperature conditions. Our each process of production is hygienic and eco friendly in nature and our hard efforts leads towards the preservation of the natural goodness of our products.

Our Strength

- Hygienic and natural products,
- Quality control set up,
- Safe storage,
- Good packaging,
- Total customer satisfaction,
- Timely delivery,
- Cost effective prices.
