Kind Attn.:

**SUBJECT: Electromagnetic and mechanical Clutches and brakes, Clutch Plates, Telescopic Brushes, pneumatic, hydraulic Clutches and Brakes.**

**Spares for HMT, BFW, Kirloskar, Batliboy Conventional machines as per part numbers.**

**Brake liners, sintered, asbestos and non asbestos based Friction products & Sealing elements for Hydraulic, Pneumatic and mechanical engineering systems.**

**Turcite - Lubway Machine tools Guideway Linear self Lubricating Bearing system.**

Dear Sir,

We have pleasure in introducing ourselves as the manufacturers of Electromagnetic and mechanical Clutches and Brakes, Clutch Plates, Telescopic Brushes for HMT, BFW, Kirloskar, Beco, Cooper, Batliboy and other indigenous and imported machine tools-metal working, packaging, Textile etc.

Our range covers a wide variety of clutches, brakes, clutch plates and Telescopic Brushes of leading manufacturers of the world like ZF, Ortlinghaus, Binder, Stromag, Heid, Mitsubishi, Lenze, Dessau, Ogura, Moning Hoff, Miki Pulley, Warner Tourco etc. etc.

Besides, in our range are machinery spares like gears, shafts, lead screws, racks, pinions, split nuts, bushes, oilseals, pins, springs etc. for conventional machines manufactured by HMT, BFW Kirloskar, Batliboy, as per their part numbers.

Furthermore, the spares for other indigenous and imported machines can be manufactured as per drawings or samples.

Our list of satisfied customers includes Defence, PSU's, Railways, Shipyards, Private sector industries in the field of Auto, Textile, Pharma, Packaging etc. etc.

We assure you high quality of our products and give guarantee against defective workmanship. It is our endeavor to ensure that your machines are not idle for want of the products covered by us.

We request you to kindly send us your valued enquiries as and when demand arises and give us a chance to serve your esteemed organization.

Thanking you,

Yours faithfully,

For **ENGINEERING HINDUSTAN**

International Quality at Unbeatable Price

## ELECTRO MAGNETIC & Mechanical Clutches & Brakes - Wet Type

**Torque range :** 2 Nm to 3200 Nm

**Voltage :** 24 VDC

**Types :** Stationary field (Bearing mounted), Slip ring type, Toothed type, one way, etc.

**Applications :** Milling m/cs, Drilling m/cs, Lathes, Hobbing m/cs, Boring m/cs, Textile m/cs, Winding m/cs, Packing, Printing m/cs & others.

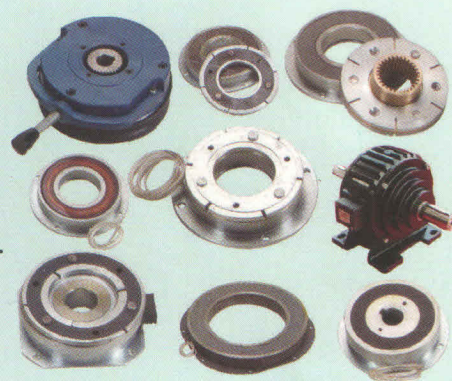

## ELECTRO MAGNETIC Clutches and Brakes - Dry Type

**Torque range :** 2 Nm to 3200 Nm

**Voltage :** 24 VDC

**Type :** Single disc, Multi Disc, Slip ring type, Stationary field (Bearing mounted), Fail Safe Brake, Clutch-Brake Combination open and enclosed.

**Applications :** Textile m/cs, Winding m/cs, Packing, Printing m/cs & General Engineering Industries.

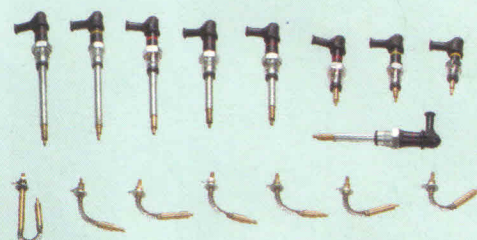

## CLUTCH PLATES

Over 3000 types of clutch plates developed for Electromagnetic, Mechanical Hydraulic clutchandbrakes used in Milling m/cs, Drilling m/cs. RM Series BFW m/cs, Lathes of HMT, BECO, HERBERT, MYSORE KIRLOSKAR, GEAR HOBGING m/c, BATLIBOI machineries and for Other indigenous and imported m/c's.

## TELESCOPIC BRUSHES & ELEMENTS

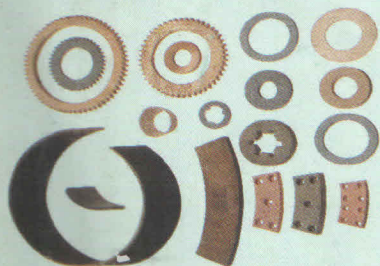

Over 100 types of Telescopic Brushes and inserts used on Clutches of Siemens,(ZF),Type SK 4,TSK 6/16, TSN 8 and also Telescopic brushes with extended lengths from 25mm to 100mm type TSL 6/16 and TSL 8. Beside Telescopic brushes equivalent to brands of Stromag, Ortlinghaus, Heid, Russian makes and other international brands. Custom designed units can also be supplied

## FRICTION MATERIALS

**Type :** Asbestos based, Non asbestos based, Carbon, Semi-Metallic, Metallic, Wire Woven, Graphitic, Paper etc.

**Application :** Industrial m/cs, Textile m/cs, Agricultural Equipments, Paper Industry, Earth Moving Equipments & Others.

## MACHINERY SPARES

**Application :** HMT - Milling m/cs, Lathes, Drilling m/cs, Grinding m/cs, BFW: Milling m/cs, Herbert - Lathes, Kirloskar - Entp. Series, 1810, 2215, 1330, 1675, 1550 Bombay Lathe, Praga m/cs as per part nos of manufacturers.

## BALL SCREWS

**Application :** Machine Tools, Printing m/cs, Defence, Medical Engineering Equipments, Aerospace, Optical Measuring Instruments and other Applications.
