Space Communications and Electronics was established in year 1992 in Vadodara, Gujarat, India. Since then it has been a dynamic organization when it comes to supplying of Electronic Devices. Mr. Raju Sheth is the CEO of the company who has about 25 years of experience and is a qualified B.E. (E &C). We are a leader in terms of supplying Motorola and Kenwood Electronic Devices. Today, we have become a renowned Supplier and Importer of technologically advanced Electronic Devices in the industry. Our range of products comprises Walkie Talkie, Vehicle Mobile Radio, Electronic Repeater, Wireless Tour Guide System, Vehicle Tracking System, Security Products, Dragon Search Lights, and Community Radio.

Team

We have a team of highly qualified and hardworking professionals who have helped us in reaching new heights. Our team ensures that the Electronic Devices we deal with are of excellent quality and free from any kind of defect. Further, our R & D team co-operates closely with our technical support engineers to solve customer's problems.

Quality

Quality is our prime concern and we ensure Electronic Devices offered by us, are quality tested before supplying to the clients. The Electronic Devices provided are efficient, durable and long lasting. It is the quality of our Electronic Devices and Systems that has helped us in reaching new heights and gaining clients credibility.

Why Us?

Some of the salient features that distinguish us from the rest are :

- A diverse range of electronic products
- Strong Ethical Values
- Timely deliveries of products
- Competitive prices
