believe only in results

Welcome to **Saneesa Chemicals**

About Us

Saneesa Chemicals and Equipments Pvt Ltd is one of prominent name engaged in manufacturing and supply of Automotive and Industrial lubricants. We present here the wide range of products that we manufacture at our ultra modern factory.

Products

✓ Industrial Lubricant

✓ Automotive Coolant

✓ Engine Oil

✓ Automotive Cleaning Liquid

About Us

Saneesa Chemicals and Equipments Pvt Ltd is one of prominent name engaged in manufacturing and supply of Automotive and Industrial lubricants. We present here the wide range of products that we manufacture at our ultra modern factory. The antifreeze range of products and the water-based summer coolants have been the flagship products of the company. These products have received a great feedback from our OEM customers and engine manufacturers throughout country. Similarly, the metal working fluids ensure that our customer experience hassle free and smooth working of their CNC, VMC and other industrial machines.

With an ISO 9001:2015 certified facility **and ISO/IEC 17025 certified laboratory** located in Wai, we have the latest manufacturing equipment to produce variety of products. The facility also comprises R&D laboratory consisting of instruments to test the products as per national & international standards. It is at this place our adroit team of experts develop customized product solutions to our esteemed customers.

Why Us

Over the year, we have developed trustworthy and satisfied customers. We manufactures variety of engine and machine coolant and industrial lubricant under one roof. We have a unique capability in developing and building the products according to clients needs.

We have mastered in the following strengths that set us apart from our competitors :

- Under the strengths-ARAI,CIRT certification & OEM Approvals
- Committed to customer Delight
- Endeavor for continuous improvement
- Environmental Friendly Products
- Wide and loyal clientele
- Passion for innovation
- Dedicated to delivering results
- Professionally manage organisation Implementing Lean System.

Facility

Our new factory is located at Wai, which is around 80KM from Pune. The factory started its operations in 2014 and since then it is catering to the needs of our large customer base. With an ISO 9001:2015 certification, the factory is spread over 2 acres and manufacturing capacity of 9000KL/annum with the scope of additional expansion. The two different shades have been constructed from that one is for handling the manufacturing and packing of coolants whereas the other is for handling the lubricant and oil preparations. Being located close to Pune and near the busy NH-4, the place serves as a strategic location from Logistics point.

Industrial Lubricant

Hydraulic Oil (VG 32/46/68)

Specifications

Use : Machine Centers,
Hydraulic Press Shops etc.

Packaging : HDPE container

Packaging Size : 20 ltr. , 210 ltr.

Features : Durable, reliable , anti
oxidation properties

Shelf Life : 6 months

Brand Name : Saneesol 32/46/68

Additional Information

Min. Order Quantity : 1000 Litre

Saneesa offers different grade of Hydraulic oil that can be used in various machine shops applications

Mineral Oil Based Cutting Oil

Specifications

Use : Turning, Milling, Drilling,
Grinding, Boring, Tapping applications.

Packaging : HDPE container

Packaging size : 20 ltr. , 210 ltr.

Features : Better surface finish,
Increase in Tool Life

Shelf Life : 6 months

Brand Name : Saneecut Classic

Additional Information

Min. Order Quantity : 1000 Litre

Saneesa offers a wide range of general purpose metal working fluids for several machine shop applications such as turning, milling, drilling, boring, grinding etc,

Industrial Lubricant

Semi Synthetic Cutting Fluid Specifications

Use : Turning, Milling, Drilling, Grinding, Boring Tapping Applications
Packaging : HDPE Container
Features : Higher Stability
Packaging size : 20 Ltr, 210 Ltr.
Brand Name : Saneecut Acrol
Shelf Life : 6 Months
Brand Name : Saneecol Acrol

Additional Information

Min. Order Quantity : 1000 Litre

Product can be used for different material such as ferrous and non ferrous product

Synthetic Grinding Fluid Specifications

Use : For Grinding Application
Packaging : HDPE Container
Packaging Size : 20 Ltr. , 210 Ltr.
Features : Exceptional Surface Finish and Low Construction
Shelf Life : 6 Months
Brand Name : Saneecut Preciso

Additional Information

Min. Order Quantity 1000 Litre

Engine Oil

4T Engine Oil Specifications

Use	: Two Wheeler, Moped
Packaging	: HDPE Container
Features	: Longer Engine Life
Packaging size	: 900 ML To 1 Ltr.
Grade	: 4T- 15W40, 20W40, 10W30
Brand Name	: Saneol

Additional Information

Min. Order Quantity : 1000 Litre

Saneesa only uses the best quality raw material to manufacture a variety of engine oil including 4T and multi-grade engine oil. Our engine oils help to protect the engine and engine parts from the heavy wear and tear. Our special additives enhance the life of engine oil and prevent from deteriorating under extreme temperature condition.

Multigrade Engine Oil Specifications

Use	: Automobile, Trucks, Buses, Tractor etc
Packaging	: HDPE Container
Features	: Longer Engine Life
Packaging size	: 900 ML To 1 Ltr.
Grade	: 15W40, 20W40
Brand Name	: Saneol

Additional Information

Min. Order Quantity : 1000 Litre

Saneesa only uses the best quality raw material to manufacture a variety of engine oil including 4T and multi-grade engine oil. Our engine oils help to protect the engine and engine parts from the heavy wear and tear. Automotive Coolant

Water Based Coolant Specifications

Use : Automobile, Tractors, Truck, Bus, Earth Moving Equipments, Diesel Generators' Etc.
Packaging : HDPE Container
Packaging Size : 1 Ltr, 3 Ltr, 5 Ltr, 10 Ltr, 20 Ltr, 210 Ltr.
Features : Anti Corrosive, Anti Scaling
Shelf Life : 1 year

Additional Information

Min. Order Quantity : 1000 Litre
For a tropical country like India where the temperature for a major portion of the country does not drop below 0 deg, water-based coolants have become a preferred choice for consumers. These coolants have also shown impressive results in automobile applications. Some of the water-based products

Antifreeze Coolant Specifications

Use : Automobile, Tractors, Truck, Bus, Earth Moving Equipments, Diesel Generators' Etc.
Packaging : HDPE Container
Packaging Size : 1 Ltr, 3 Ltr, 5 Ltr, 10 Ltr, 20 Ltr, 210 Ltr
Features : Antifreeze, Anti Boil, Anti Scaling, Anti Corrosive, Provides Longer Radiator and Engine Life
Shelf Life : 3 years

Additional Information

Min. Order Quantity 1000 Litre
These have been the primary products of Saneesa and we have earned expertise in manufacturing of these products.

Automotive Cleaning Liquid

Windshield Cleaning Liquid Specifications

Use	: Winshield Washing
Shelf Life	: 1 Year
Packaging size	: 100 ml
Packaging	: LDPE Container
Features	: Antifreeze, High Detergency
Qty	: 1000

Additional Information

Min. Order Quantity : 1000 Litre

Saneesa has an extensive range of windshield cleaners that can be used in sub-continental conditions as well as extreme cold environments. The Windshield washer has been specially developed to remove all dirt and contaminants effectively and quickly. The cleaners also play an important role in extreme cold weathers for removing snow.

Radiator Cleaning Solution Specifications

Use	: all Kinds of Radiators
Packaging	: LDPE Container
Packaging Size	: 1 Ltr, 20 Ltr
Features	: Removes Dusts Particles from Internal Tubes of Radiator
Shelf Life	: 1 year
Min. Order	: 500 ltr

Additional Information

Min. Order Quantity 1000 Litre

Radiator Cleaner is fast acting alkaline cooling system cleaner. It is used to remove the rust, scale and other deposits from automotive cooling systems that could block or foul circulation
