Our Products

Avenue Plants

We are renowned Suppliers of Avenue Plants in Andhra Pradesh. The trees which are planted on roadside are called Avenue Plants; the same trees can be planted in different places like factory premises, hedge trees in the farmers land. Generally Avenue Plants are also planted in parks. The offered Avenue Plants can easily survive and grow fast. Initial care is necessary up to 6-9 months after that one or two times pruning is necessary (pruning is not necessary for all the trees, only for few varieties).

Our Products

Palm Plants

Our company is second to none in supplying Palm Plants in Andhra Pradesh. We offer Palm Plants in a cemented pot. The Palm Plants require less sunshine and fertilizers and hence can be used for indoor decoration purposes. When grown in garden, these Palm Plants enhance the scenic beauty. Our trees remain fresh for longer time and last for years together.

Our Products

Sapota Plants

The latex of Sapota Plants is used as a base material in chewing gum and in various industrial products. We are counted among the best Suppliers of Sapota Plants in Andhra Pradesh. In India, Sapota is popularly known as chiku and cultivated for fruits that are liked all over the country. The fruit of Sapota Plant is like a fleshy berry that is variable in shape, size and weight. We sell cricket ball, Kalipatti Sapota varieties (grafted plants only to ensure maximum yield).

Our Products

Guava Plants

Our company is enlisted among the best Suppliers of Guava Plants in Andhra Pradesh. The offered Guava Plants are cultivated in hygienic conditions and timely checked by the experts for pests and other problems. Further, our Guava Plants are highly demanded as it produces sweet guavas year after year.

Our Products

Mango Plants

Mangoes are loved by one and all. We are engaged in supplying high quality Mango Plants in Andhra Pradesh. The offered Mango Plants are efficiently cultivated with the help of high grade seeds and organic manures. These Mango Plants are highly acclaimed for the sweet Mangoes they produce. Mangoes are used in ice creams, fruit chats and other related cuisines. Also, these Mangoes can be eaten raw or cooked and are free from chemicals or any decay.

Our Products
