ABOUT US

It given us immense pride to introduce to you "SUN-ARCH UPVC roofing sheet" the practical, modern, green, long life as well as cost effective solution to industrial construction mainly used for industrial shed, factories, chemical and pharmacy applications, corporate project, warehouses, houses, farms and farm storage, parking lots, public utility places like railway stations and numerous other site applications having a life of more any conventional roofing material. This UPVC (Unplasticised polyvinyl chloride) tile is the best replacement to conventional asbestos, metal G.I sheets and PVC sheets considering the heat insulation, sound insulation, water resistance, chemical and alkali resistance, corrosion proof, fire retardant, Eco friendly, easy to install and move. It has captured many international certification for its genius properties. Apart from its numerous benefits, its salient features include heat insulation up to 40% (highly energy efficient as per ECBC 2007) and it can withstand high temperatures. We have already supplied to factories of some reputed business houses in various parts of India and have received a very strong acceptance in requirements for new projects as well as replacement projects. We would like you to use the benefits of modern, useful, long life and friendly construction by considering using this Sun-Arch UPVC Roof Sheet. SUN-ARCH INDUSTRIES is a vision which was materialized by Mr. Rajul, the CEO of the company. Established in the year 2009, the company with its sheer dedication and focus has become one of the renowned Plastic Transparent Sheets, Roofing Ridge Tiles and UPVC Roofing Sheets Manufacturers, Exporters and Suppliers in India. Based in Gujarat (India), SUN-ARCH INDUSTRIES have expanded its reach to various countries like South Africa, Kenya, and UAE. Infrastructure Though, we are a young player in market, but our state of the art infrastructure has played a significant role in the steady growth of the company. We possess technologically advanced machineries and equipment to maximize the production of Plastic Transparent Sheets and all other products. **Team Work** We have a team of skilled and highly professional workers who assiduously work to meet company's sole objective i.e. Complete Customer Satisfactions. Our team members are well versed with the detailing of machineries, thus ensuring a flawless manufacturing every time.

OUR PRODUCTS

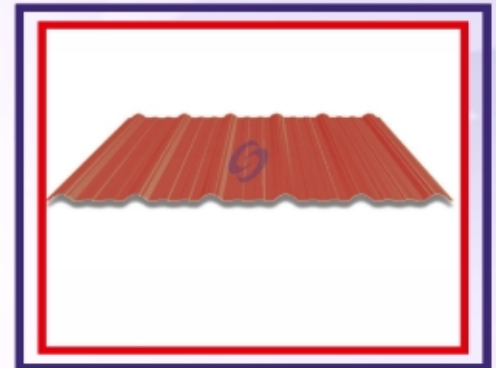

Upvc Plain Profiles

Material	:	Upvc
Finishing	:	Polished
Thickness	:	1.5, 2.0 (mm.)
Width	:	1220 mm (1.22mtr.)
Length	:	2.0, 2.5, 3.0 (mtr.)
Color	:	White, Gray, Terracotta, Green, Blue, etc.

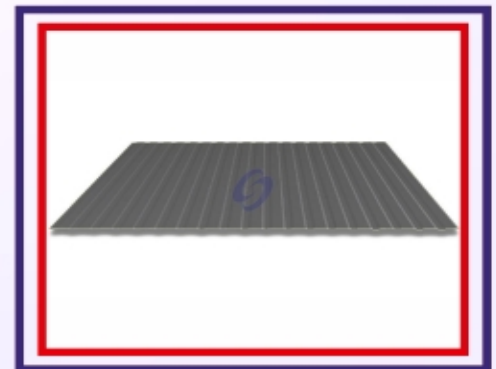

Trapezoidal Profiles

Material	:	uPVC
Shape	:	Trapezoidal
Area of Application	:	Residential & Commercial
Surface	:	
Treatment	:	Galvanized
Thickness	:	1 to 3 mm
Pitch	:	195+/-2.5 mm
Crest Height	:	32+/-2 mm

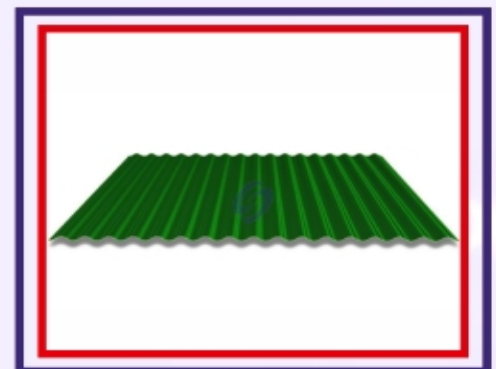

Wall Cladding Profiles

Material	:	uPVC
Thickness	:	0.13 to 0.6mm
Color	:	Available in Different Colors
Width	:	600 to 1250mm
Surface Finish	:	Painted
technique	:	Galvanized
Usage	:	Cladding

Round Wave Profile

Material	:	uPVC
Thickness	:	1.0, 1.5, 2.0, 2.5, 3.0 (mm.)
Width	:	1130 mm. (1.13mtr.)
Cover Width	:	1080 mm (1.08mtr.)
Length	:	2.0, 2.5, 3.0, 3.66 (mtr.)
Color	:	White, Gray, Terracotta, Green, Blue, etc.

OUR PRODUCTS

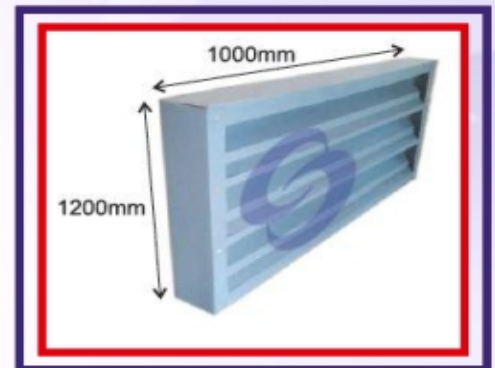

Self Drilling Screw

Material	:	Stainless Steel, Zinc, Zylone
Diameter	:	1-5mm
Length	:	10-20mm
Application	:	Resembling Roofing
Surface	:	
Treatment	:	Hot Dip Galvanizing
Standard	:	AISI, ASTM, DIN
Surface	:	Polished

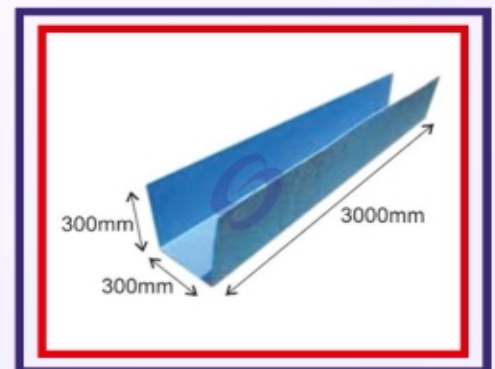

FRP Louvers

Material	:	FRP
Application	:	Buildings, Commercial and Domestic Complexes, Industries
Surface Treatment	:	Heat Treatment, Oil Coating
Thickness	:	14 mm
Type	:	Shutters
Opening	:	
Pattern	:	Horizontal
Size	:	1000 mm x 1200 mm

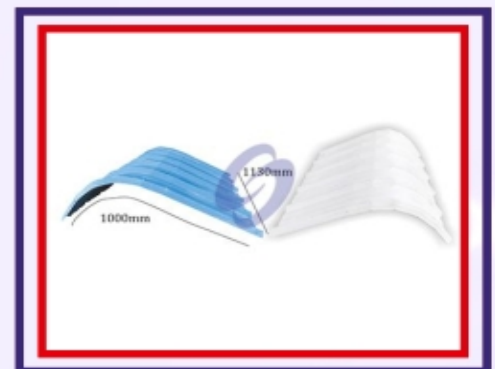

FRP Ventilator Base Plate

Material	:	FRP
Neck Diameter	:	600 mm
Design	:	Standard
Application	:	Ventilator Base
Surface Treatment	:	Powder Coated
Light Transmission	:	Upto 89%
Fire Performance	:	Self Extinguishing

FRP Curved Roofing Sheet

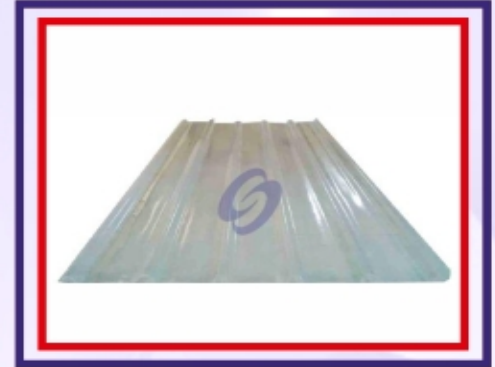

Material	:	FRP
Thickness	:	1mm - 3mm
Color	:	Multicolor
Finishing	:	Polished
Features	:	Durable, Fine Finish, Good Quality, Tamper Proof, Water Proof
Application	:	On Roof For Skylight For Day Lighth.
Length	:	10-30 Meters

OUR PRODUCTS

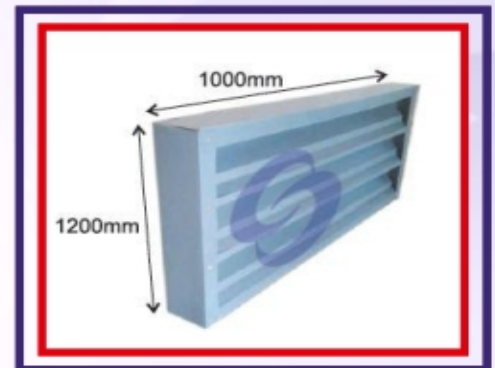

FRP Translucent Sheet

Material	:	FRP
Use	:	Roofing Use
Thickness	:	2.5-3mm
Color	:	Translucent, Available in many colors
Feature	:	Fine Finish, Good Quality, Tamper Proof, Water Proof
Finishing	:	Non Polished

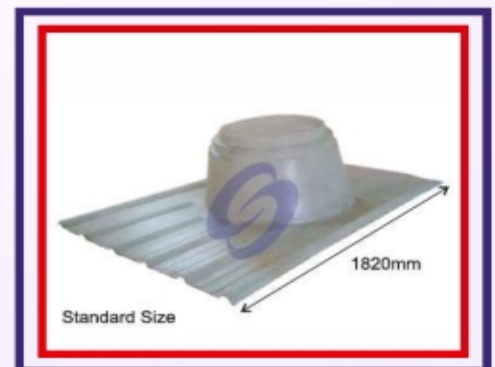

FRP Louvers

Material	:	FRP
Application	:	Buildings, Commercial and Domestic Complexes, Industries
Surface Treatment	:	Heat Treatment, Oil Coating
Thickness	:	14 mm
Type	:	Shutters
Opening Pattern	:	Horizontal
Size	:	1000 mm x 1200 mm

FRP Ventilator Base Plate

Material	:	FRP
Neck Diameter	:	600 mm
Design	:	Standard
Application	:	Ventilator Base
Surface Treatment	:	Powder Coated
Light Transmission	:	Upto 89%

PVC Cap

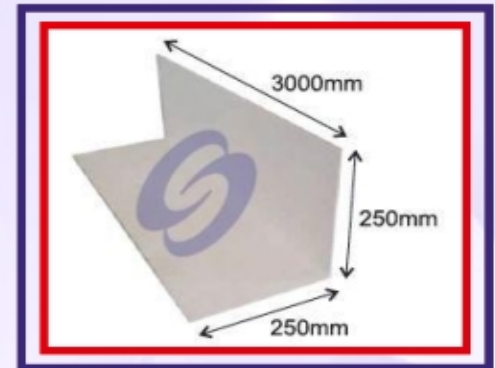

Size	:	20-25cm
Material	:	Pvc
Shape	:	Round
Color	:	Multicolor
Pattern	:	Plain
Features	:	Seamless Finish

OUR PRODUCTS

FRP Corner Angle

Shape	:	L Shape
Thickness	:	4 - 8 Mm
Material	:	FRP
Length	:	3000 mm
Application	:	FRP civil structure,Cable support routing,Support section
Temperature	:	150 Degree
Technique	:	Pultrusion
Height	:	250 mm

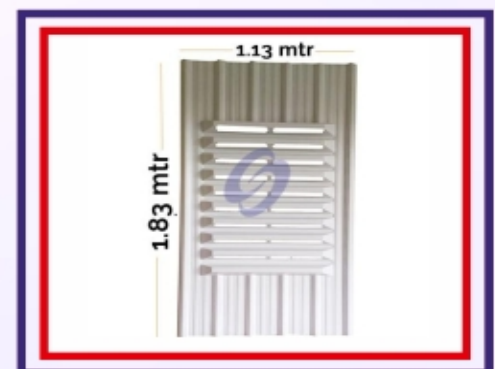

Air Turbo Ventilator

MOC Of Top Cover and Bottom Ring	:	Stainless Steel
MOC Of Fins	:	Aluminium
Max Exhaust Capacity	:	2700 C.F.M.
Height	:	400 mm
Fan Weight	:	4.0 Kilos

Aluminium Profile Louvers

Material	:	Aluminium
Max Working Pressure	:	150 PSI
Working Temperature	:	1 to 60 deg C
Thickness	:	6mm - 8 mm
Feature	:	Water Proof, Tamper Proof, Corrosion Resistant, Durable Coating

Spanish Roofing Tiles

Material	:	Clay
Use	:	Roofing
Thickness	:	8-10mm
Color	:	Orange
Pattern	:	Plain
Features	:	Attractive Look, Durable, Fine Finish, Perfect Shape, Shiny Look
Weight	:	2.8 Kilograms (kg)
Water Absorption	:	<0.5%
