

**Microtech Inductions (India) Pvt Ltd.**

Innovations in Induction Heating and Beyond

AN ISO 9001:2015 COMPANY

## OUR PRODUCT

Induction Heating Machine   
Induction Brazing Machine   
Induction Melting Machine 

More...

## MICROTECH INDUCTIONS (INDIA) PVT LTD

an ISO 9001 : 2015 certified organization is engaged in the manufacturing and exporting of high performing induction machines. Leveraging on vast experience, we bring forth versatile Solid State Inverter Technology based Induction machines for Heating, Annealing, Brazing, Hardening and various other purposes.

Microtech Inductions (India) Pvt Ltd., an ISO 9001 : 2015 certified organization is engaged in the manufacturing and exporting of high performing induction machines. Leveraging on vast experience, we bring forth versatile Solid State Inverter Technology based Induction machines for Heating, Annealing, Brazing, Hardening and various other purposes. With our expertise, we have supplied more than 500 High Frequency Induction Heating Machine, Induction Brazing Machine, Induction annealing machine and so on to the national and international market. Utilization of high technology parts in the machines assures high-speed. Giving impetus to the business of the clients, our induction machines offer maximum productivity in minimum time. Established in the year 1999, Microtech Inductions (India) Pvt Ltd. started its journey to success with the development of process control equipments. After the huge success of this, the company started manufacturing various electronic equipments. Mr. M. K. Pillai is the CEO of the organization, under whose headship we have set a strong foothold in the global market.

## Our Achievements :

- First to design Utensil Annealing Machine in Steel Industry
- First to manufacture Double Frequency Inverter in melting with 95% efficiency and hybrid control strategy for induction power control (patent pending)
- First to introduce multi-stacking of voltage source inverter for the enhancement of capacity (Patent pending)

## Team :

We are backed by an experienced team of engineers, technicians and other allied workers. They all are well versed with the production of induction machines thus assures the designing of high performing induction machines. Today, we have carved a niche as one of the major Induction Heat Treatment Machine Manufacturers and suppliers based in India. We have designed our business policies to offer maximum profit to the clients with minimum investment. We empower clients by offering technically superior induction machines at very affordable prices. On the grounds of our right business policies, we have earned accolades from huge clientele based in India, America, China, Germany, Pakistan and many other countries

**Name of CEO**  
**M.K. Pillai**

**Nature of Business**  
**Manufacturers, Exporters, Wholesaler, Retailer**

**Year of Establishment**  
**1999**

**Number of Employees**  
**20 - 50**

## Induction Heating Machine

### SPECIFICATIONS

- Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- Brand Name : MICROTECH
- Certification : ISO 9001 : 2018
- Condition : NEW
- Warranty : 1 YEAR
- Usage : FOR HEATING, ANNEALING, HARDENNING, SHRINK FITTING ETC.

## Induction Brazing Machine

### SPECIFICATIONS

- Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- Certification : ISO 9001 ; 2015
- Application : For Brazing Material
- Condition : New
- Automatic Grade : Automatic, Fully Automatic, Manual, Semi Automatic
- Driven Type : Electric, Hydraulic, Pneumatic

## Induction Melting Machine

### SPECIFICATIONS

- Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- Type : Induction Melting Machine
- Certification : ISO 9001 : 2015
- Condition : New
- Automatic Grade : Automatic, Fully Automatic, Manual, Semi Automatic
- Driven Type : Electric, Hydraulic, Pneumatic

## Green Chilli Papad

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Material : Metal
- › Condition : New
- › Usage : Industrial
- › Voltage : 220V
- › Type : Plate Type
- › Warranty : 1 Year
- › Function : Transfer the Heat from Hot Water to Cold Water

## Water Chiller

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Country of Origin : India
- › Usage/Application : Heat Removal from One Area & Deposit It Into Ambient Air.
- › Capacity : 1.5, 2, 3, 5, 7.5 Ton
- › Refrigerant : R-22
- › Chiller : SS
- › Condition : New

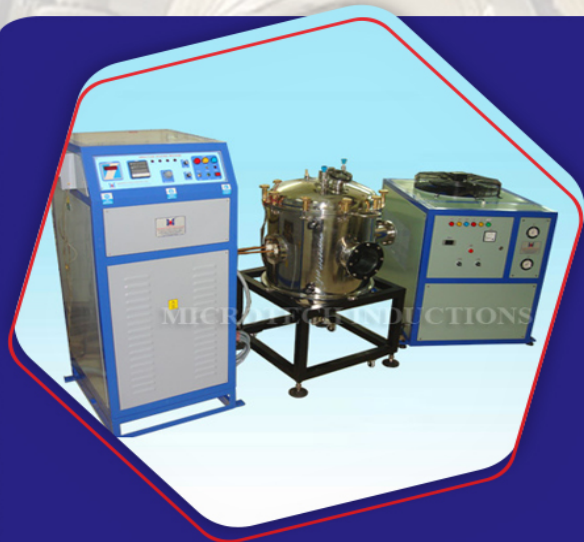

## Induction Brazing Machine with HHT

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Driven Type : Electric
- › Condition : New
- › Automatic Grade : Semi Automatic
- › Warranty : 1year
- › Type : Induction
- › Durability : Long Life

## Induction Vacuum Furnace

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Brand Name : Microtech
- › Material : Metal
- › Color : Blue
- › Condition : New
- › Application : Industrial
- › Certification : ISO 9001:2008 Certified
- › Voltage : 220V

## Planchet Heating Machines

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Condition : New
- › Type of heating unit : Induction planchet heating unit
- › Type of heating : Induction Heating
- › Operation : Instant Planchet Heating
- › Dimensions: induction generator : H: 14
- › Dimensions: Transformer Box : H: 8.25
- › Operation temperature : 900°C

## Shrink Fitting Machine

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Voltage : 220V, 380V
- › Condition : New
- › Automatic Grade : Semi Automatic
- › Driven Type : Electric
- › Warranty : 1year
- › Durability : Long Life

## Induction Pan Brazing Machine

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Application : Induction
- › Power capacity available : 50/100/150/200 kw
- › Frequency : 80 to 125 Khz
- › Vessel bottom size : 90 / 250, 150/350
- › Aluminium plate thickness : 0.5mm to 5mm
- › Utensil thickness : 0.4mm to 0.6mm

## Induction Annealing Machine

### SPECIFICATIONS

- › Business Type : Manufacturer, Exporter, Supplier, Retailer, Wholesaler
- › Driven Type : Electric
- › Color : Grey and Blue
- › Condition : New
- › Automatic Grade : Automatic
- › Application : Industrial
- › Type : Wire Annealing Machines
- › Country of Origin : India
